Z-RIN 1660-ZA01

Disaster Assistance Directorate Policy Numbers 9100.1 and 9523.1 Snow Assistance and Severe Winter Storm Policy

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice of proposed policy and opportunity for comment.

SUMMARY: The Federal Emergency Management Agency (FEMA) proposes to revise its Snow Assistance and Severe Winter Storm Policy. The current policy provides the procedures and requirements for FEMA in making recommendations to the President for either a declaration of emergency or a major disaster resulting from a snowstorm. This proposed policy would maintain the current policy requirement that a county experience a "record or near-record" snowfall, but also would require that the State meet the requirements of a major disaster declaration. It would stipulate that the Governor must direct execution of the State emergency plan and the State must demonstrate that the capabilities of the State to effectively respond to the event are or will be exceeded. States and communities requesting aid also would be required to submit an estimate of eligible public assistance costs (estimate of public assistance divided by county and State populations, respectively), including snow assistance costs for a 48-hour period that meet or exceed the county and statewide per capita cost threshold. These proposed criteria are used by FEMA solely for consideration
