#### SUPPLEMENTARY INFORMATION:

##### Background

The NRC views nuclear regulation as the public's business and, as such, believes it should be transacted as openly and candidly as possible to maintain and enhance the public's confidence in the regulatory process. Ensuring appropriate openness explicitly recognizes that the public must be informed about, and have a reasonable opportunity to participate meaningfully in the NRC's regulatory processes. At the same time, the NRC must also control sensitive information so that security goals are met. This vision is described in the NRC's Strategic Plan for Fiscal Years 2008-
