SUPPLEMENTARY INFORMATION: *Abstract:* The U.S. Institute is a federal program established by Congress to assist parties in resolving environmental, natural resource, and public lands conflicts. The U.S. Institute serves as an impartial, non-partisan institution, and accomplishes much of its work by partnering, contracting with, or referral to, experienced practitioners. In addition, the U.S. Institute maintains the National Roster of Environmental Dispute Resolution and Consensus Building Professionals (roster). The Application for the National Roster of Environmental Dispute Resolution and Consensus Building Professionals (application) compiles data available from the resumes of environmental neutrals (mediators, facilitators, etc.) into a format that is standardized for efficient and fair eligibility review, database searches, and retrievals. The roster, the application and the related entry criteria, were developed collaboratively and with the support of the Environmental Protection Agency. A professional needs to complete the application form one time. Once an application is approved, the roster member has access to update information online. The proposed collection is necessary to support ongoing maintenance of the roster and a continuous, open application process. The application and supplementary information are available from the U.S. Institute's Web site. From <http://www.ecr.gov/Resources/Roster/Roster.aspx>, choose righthand navigation bar link to: "Roster Application: Info and Log In".

Burden Statement: Burden for potentially affected public: environmental dispute resolution and consensus building professionals (new respondents); existing roster members (for updating).

Proposed Frequency of Response: One initial, with voluntary updates approximately once per year.

Annual Number of Respondents: 30 (new response); 125 (update).

Time per Respondent: 2.5 hours (new response); 15 minutes (update).

Total Annual Hours Burden: 106 (new response and update combined).

Annual Cost Burden: \$3,359 (new response); \$1,399 (update).

Total Annual Cost Burden: \$4,758 (new response and update combined); labor costs exclusively; no capital or start-up costs.

Changes in the Estimates: There are no changes in the labor hours in this ICR compared to the previous ICR. The

reduction in cost figures from the previous ICR are due to use of current Bureau of Labor Statistics reports for valuing time (civilian workers category of "professionals and related occupations": \$44.78 per hour) rather than estimated contractor rates.

Authority: 20 U.S.C. 5601-5609.

Dated the 24th day of July 2008.

Ellen Wheeler,

Executive Director, Morris K. Udall Scholarship and Excellence in National Environmental Policy Foundation, and Federal Register Liaison Officer.

BILLING CODE 6820-FN-P

NATIONAL SCIENCE FOUNDATION

Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978 (Pub. L. 95-541)

AGENCY: National Science Foundation.

ACTION: Notice of Permit Applications Received under the Antarctic Conservation Act of 1978, Public Law 95-541.

SUMMARY: The National Science Foundation (NSF) is required to publish notice of permit applications received to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act at title 45 part 670 of the Code of Federal Regulations. This is the required notice of permit applications received.

DATES: Interested parties are invited to submit written data, comments, or views with respect to this permit application by August 29, 2008. This application may be inspected by interested parties at the Permit Office, address below.

ADDRESSES: Comments should be addressed to Permit Office, Room 755, Office of Polar Programs, National Science Foundation, 4201 Wilson Boulevard, Arlington, Virginia 22230.

FOR FURTHER INFORMATION CONTACT: Nadene G. Kennedy at the above address or (703) 292-7405.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95-541), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas as requiring special protection. The regulations establish such a permit system to

designate Antarctic Specially Protected Areas.

The applications received are as follows:

1. Applicant

Permit Application No. 2009-012, Judit Hersko, Visual and Performing Arts Department, California State University—San Marcos, San Marcos, CA 92096-0001.

Activity for Which Permit Is Requested

Enter Antarctic Specially Protected Areas. The applicant plans to enter ASPA 121—Cape Royds, ASPA 131—Canada Glacier and Lake Fryxell, ASPA 158—Hut Point Discovery Hut, ASPA 157—Backdoor Bay, Cape Royds, and ASPA 155—Cape Evans. The applicant plans to photograph and document the historic huts and observe and interview scientists working in the Specially Protected Areas.

Location

ASPA 121—Cape Royds, ASPA 131—Canada Glacier and Lake Fryxell, ASPA 158—Hut Point Discovery Hut, ASPA 157—Backdoor Bay, Cape Royds, and ASPA 155—Cape Evans.

Dates

December 1, 2008 to February 1, 2009.

Nadene G. Kennedy,

Permit Officer, Office of Polar Programs.
