

Affected Public: Representatives of DOT Regional Small Business Transportation Resource Centers and the Small Businesses community on a national basis.

Type of Review: Clearance and Renewal.

Abstract: In accordance with Public Law 95-507, an amendment to the Small Business Act and the Small Business Investment Act of 1953, OSDBU is responsible for the implementation and execution of the Department of Transportation (DOT) activities on behalf of small businesses, in accordance with Section 8, 15 and 31 of the Small Business Act (SBA), as amended. The Office of Small and Disadvantaged Business Utilization also administers the provisions of Title 49, of the United States Code, Section 332, the Minority Resource Center (MRC) which includes the duties of advocacy, outreach and financial services on behalf of small and disadvantaged business businesses and those certified under CFR 49 parts 23 and or 26 as Disadvantaged Business Enterprises (DBE). The Small Business Transportation Resource Regional Centers will collect information on small businesses, which includes Disadvantaged Business Enterprise (DBE), Women-Owned Small Business (WOB), Small Disadvantaged Business (SDB), 8(a), Service Disabled Veteran Owned Business (SDVOB), Veteran Owned Small Business (VOSB), HubZone, and types of services they seek from the SBTRCs. Services and responsibilities of the SBTRCs include business analysis, general management & technical assistance and training, business counseling, outreach services/conference participation, short-term loan assistance. The cumulative data collected will be analyzed by the OSDBU to determine the effectiveness of services provided, including counseling, outreach, and financial services. Such data will also be analyzed by the OSDBU to determine agency effectiveness in assisting small businesses to enhance their opportunities to participate in government contracts and subcontracts.

The Regional Center Intake Form, (DOT F 4500) is used by the Regional SBTRC staff to enroll small business clients into the program in order to create a viable database of firms that can participate in government contracts and subcontracts, especially those projects that are transportation related. In addition, each enrolled small business will be assigned a client number that can track the firm's involvement in the services offered by the SBTRCs. Each area on the form must be filled in

electronically by the SBTRCs and retained in secured files of the client. The completion of the form is used as a tool for making decisions about the needs of the business, such as; referral to technical assistance agencies for help, identifying the type of profession or trade of the business, the type of certification that the business holds, length of time in business, and location of the firm. The SBTRCs must complete an Intake Form and retain copies in secured files in their offices. A limited amount of privacy information is requested on this form. We have informed the public that the Privacy Act is stated on the form. Under the Privacy Act (5 U.S.C. 552) any person can request to see or get copies of any personal information that DOT has in his or her file, when that file is retrievable by individual identifiers, such as name or social security numbers. Request for information about another party may be denied unless DOT has the written permission of the individual to release the information to the requestor or unless the information is subject to disclosure under the Freedom of Information Act. This can assist the SBTRCs in developing a business plan or adjusting their business plan to increase its ability to market its goods and services to buyers and potential users of their services.
