

Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce (Commerce) to be sold in the United States at less than fair value (LTFV) and by imports from China of light-walled rectangular pipe and tube found by Commerce to be subsidized by the Government of China.<sup>2 3</sup>

### Background

The Commission instituted these investigations effective June 27, 2007, following receipt of a petition filed with the Commission and Commerce by twelve U.S. producers.<sup>4</sup> The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of light-walled rectangular pipe and tube from China were being subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and that imports of light-walled rectangular pipe and tube from China, Korea, and Mexico were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of February 5, 2008 (73 FR 6740). The hearing was held in Washington, DC, on April 11, 2008, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on July 28, 2008. The views of the Commission are contained in USITC Publication 4024 (July 2008), entitled *Light-Walled Rectangular Pipe and Tube from China, Korea, and Mexico, Inv. Nos. 701-TA-449 and 731-TA-1118-1120 (Final)*.

By order of the Commission.

<sup>2</sup> Commissioner Dean A. Pinkert is recused from these investigations.

<sup>3</sup> The Commission also finds that imports subject to Commerce's affirmative critical circumstances determination are not likely to undermine seriously the remedial effect of the antidumping duty order on China.
