

Raspberries from Chile: Final Results of Sunset Review and Revocation of Order, 72 FR 39793 (July 20, 2007). Therefore, there will be no need to issue new cash deposit instructions pursuant to the final results of this administrative review.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 28, 2008.

David M. Spooner,

Assistant Secretary for Import Administration.

Chlorinated Isocyanurates from Spain: Notice of Rescission of Antidumping Duty New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from Inquide Flix S.A. (Inquide), on February 13, 2008, the Department of Commerce (the Department) published in the **Federal Register** a notice announcing the initiation of a new shipper review of the antidumping duty order on chlorinated isocyanurates from Spain, covering the period June 1, 2007, through November 30, 2007. On July 22, 2008, Inquide withdrew its request for a new shipper review and, therefore, we are rescinding this review.

EFFECTIVE DATE: August 4, 2008.

FOR FURTHER INFORMATION CONTACT: Scott Lindsay, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-0780.

Background

The Department received a timely request from Inquide, in accordance with section 751(a)(2)(B)(i) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.214(c), for a new shipper review of the antidumping duty order on chlorinated isocyanurates from Spain. On February 13, 2008, the Department found that the request for review with respect to Inquide met all of the regulatory requirements set forth in 19 CFR 351.214(b) and initiated an antidumping duty new shipper review. *See Chlorinated Isocyanurates from Spain: Initiation of Antidumping Duty New Shipper Review*, 73 FR 8290 (February 13, 2008) (*Initiation Notice*). However, the Department noted in the initiation notice that it had concerns with Inquide's eligibility for a new shipper review, specifically regarding Inquide's certification that it had never been affiliated with any producers or exporters of subject merchandise. *See Initiation Notice*.

On February 14, 2008, the Department issued a questionnaire requesting that Inquide clarify whether it has ever been affiliated with any exporter or producer who exported subject merchandise to the United States during the original period of investigation. Included in this questionnaire was documentation from the first administrative review of chlorinated isocyanurates from Spain, which called into question Inquide's certification regarding its affiliations. *See* the Department's February 14, 2008 questionnaire. Inquide responded to our questionnaire on February 26, 2008.

On July 22, 2008, Inquide withdrew its request for a new shipper review.

Rescission of New Shipper Review

Section 351.214(f)(1) of the Department's regulations provides that the Department may rescind a new shipper review if the party that requested the review withdraws its request for review within 60 days of the date of publication of the notice of initiation of the requested review. Although Inquide withdrew its request after the 60-day deadline, we find it reasonable to extend the deadline because we have not yet committed significant resources to the Inquide new shipper review. Specifically, we have not issued the initial questionnaire. Further, Inquide was the only party to request this review. Finally, we have not received any submissions opposing the withdrawal of the request for the review. For these reasons, we are rescinding the new shipper review of the antidumping duty order on chlorinated isocyanurates from Spain

with respect to Inquide in accordance with 19 CFR 351.214(f)(1).

Notification

As the Department is rescinding this antidumping duty new shipper review, normally, the all-others rate in effect at the time of entry, 24.83 percent *ad valorem*, would apply to all exports of chlorinated isocyanurates from Spain by Inquide entered, or withdrawn, from warehouse for consumption during the period of review (June 1, 2007, through November 30, 2007). However, a request for a review of Inquide's shipments has also been made for the administrative review of chlorinated isocyanurates from Spain, covering the period June 1, 2007 through May 31, 2008. Because the sale(s) from this new shipper review also fall within the period of review of the administrative review, the Department will not issue assessment instructions to U.S. Customs and Border Protection (CBP) at this time. Upon the completion of the June 1, 2007 through May 31, 2008 administrative review, the Department will issue assessment instructions to CBP as appropriate.

This notice also serves as the only reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO material or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanctions.

This new shipper rescission and notice are published in accordance with sections 751(a)(2)(B) and 777(i)(1) of the Act.

Dated: July 25, 2008.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Endangered Species; File No. 1549

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application for modification

SUMMARY: Notice is hereby given that Dr. Boyd Kynard, S.O. Conte Anadromous Fish Research Center (USGS-BRD), Box 796, One Migratory Way, Turners Falls, MA 01376, has requested a modification to scientific research Permit No. 1549.

DATES: Written, telefaxed, or e-mail comments must be received on or before September 3, 2008.

ADDRESSES: The modification request and related documents are available for review upon written request or by appointment in the following offices:

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301)713-2289; fax (301)427-2521; and Northeast Region, NMFS, One Blackburn Drive, Gloucester, MA 01930-2298; phone (978)281-9300; fax (978)281-9394.

Written comments or requests for a public hearing on this request should be submitted to the Chief, Permits, Conservation and Education Division, F/PR1, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910. Those individuals requesting a hearing should set forth the specific reasons why a hearing on this particular modification request would be appropriate.

Comments may also be submitted by facsimile at (301)427-2521, provided the facsimile is confirmed by hard copy submitted by mail and postmarked no later than the closing date of the comment period.

Comments may also be submitted by e-mail. The mailbox address for providing e-mail comments is *NMFS.Pr1Comments@noaa.gov*. Include in the subject line of the e-mail comment the following document identifier: File No. 1549.

FOR FURTHER INFORMATION CONTACT: Malcolm Mohead or Kate Swails, (301)713-2289.

SUPPLEMENTARY INFORMATION: The subject modification to Permit No. 1549, issued on February 1, 2007 (72 FR 5680), is requested under the authority of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR 222-226).

Permit No. 1549 currently authorizes the permit holder to determine up and downstream migrations, habitat use, spawning periodicity, seasonal movements, and growth of shortnose sturgeon in the Connecticut River (from

Agawan to Montague, MA), and in the Merrimack River (at Haverhill, MA), and in the Androscoggin River (ME). In addition, Dr. Kynard is authorized to take a total of 1,000 fertilized eggs annually from each of the following rivers: Kennebec River and Androscoggin River (ME); Merrimack River (MA); Hudson River (NY); Delaware River (DE); Potomac River (MD); and Santee-Cooper River (SC).

The permit holder is now requesting to conduct new research in the Merrimack River authorizing him: (1) to take 200 adult/large juvenile and 100 small juvenile (0-3 years) shortnose sturgeon; (2) to use trawls for capture of smaller juveniles; (3) to telemetry tag 15 adults/large juveniles and 15 early juveniles; (4) to change the action area to include the Estuary to I-495 at Haverhill, Massachusetts; and (5) to increase incidental mortality of shortnose sturgeon to a total of three fish. The purpose of the proposed modification is to provide a mark/recapture population estimate for the river and to provide evidence for recolonization verses recruitment to explain an apparent recent increase in abundance of shortnose sturgeon found in the river. This modification would be valid through the expiration date of the original permit, January 31, 2012.

Dated: July 28, 2008.

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting.

SUMMARY: The New England Fishery Management Council (Council) is scheduling a public meeting of its Skate Committee in August, 2008 to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

DATES: This meeting will be held on Monday, August 25, 2008, at 9 a.m.

ADDRESSES: This meeting will be held at the Holiday Inn, One Newbury Street, Peabody, MA 01960; telephone: (978) 535-4600; fax: (978) 535-8238.

COUNCIL ADDRESS: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Paul J. Howard, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

SUPPLEMENTARY INFORMATION: The Committee will review and finalize the Draft Amendment 3 document, which is scheduled for public hearings in October. The Plan Development Team (PDT) will also recommend a rebuilding schedule and plan for smooth skate that NMFS recently determined has become overfished. Amendment 3 proposes catch limits, time/area closures, and possession limits to reduce skate landings and mortality to levels that are consistent with rebuilding smooth, thorny and winter skate biomass while preventing overfishing.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Paul J. Howard, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 29, 2008.
