

Proclamation 8213, as modified by Proclamation 8272, the President modified the HTS to implement the Amendment with respect to the CAFTA-DR parties. These modifications are set forth in sections A, B, and C of the Annex to Proclamation 8213, as modified by paragraph 2 of Annex VI to Proclamation 8272.

Proclamations 8213 and 8272 provide for these modifications to enter into effect on the date, as announced by the USTR in the **Federal Register**, that the Amendment enters into force, and to be effective with respect to goods entered, or withdrawn from warehouse for consumption, on or after that date. I anticipate that the Amendment will enter into force on August 15, 2008. Accordingly, I announce that these modifications to the HTS shall enter into effect on August 15, 2008.

2. Rule of Origin for Woven Apparel

Section 203(o) of the CAFTA-DR Implementation Act (19 U.S.C. 4033(o)) authorizes the President to proclaim, as part of the HTS, the provisions set out in Annex 4.1 of the CAFTA-DR. Among these provisions is a rule of origin set out in Appendix 4.1-B of the CAFTA-DR that provides, subject to certain conditions, for Mexican and Canadian inputs to be treated as though they originated in a CAFTA-DR country for purposes of determining whether certain woven apparel imported into the United States qualifies for duty-free treatment under the agreement. In Proclamation 8213, as modified by Proclamation 8272, the President modified the HTS to implement this rule of origin. These modifications are set forth in section D of the Annex to Proclamation 8213, as modified by paragraph 1 of Annex VI to Proclamation 8272.

Proclamations 8213 and 8272 provide for these modifications to the HTS to enter into effect on the date, as announced by the USTR in the **Federal Register**, that the Amendment enters into force and the conditions set forth in paragraph (a), paragraph (b), or both, of footnote 1 to Appendix 4.1-B of the CAFTA-DR have been fulfilled, and to be effective with respect to goods entered, or withdrawn from warehouse for consumption, on or after that date. I anticipate that the Amendment will enter into force on August 15, 2008. In addition, all of the conditions set forth in paragraph (a) of footnote 1 to Appendix 4.1-B of the CAFTA-DR have been fulfilled and therefore the rule of origin may enter into force with respect to woven apparel containing materials produced in Mexico. Accordingly, I announce that these modifications to

the HTS shall enter into effect on August 15, 2008, with respect to materials produced in Mexico.

Susan C. Schwab,

U.S. Trade Representative.

Applicants' Representations

1. The Fund is a registered closed-end management investment company organized as a Maryland corporation. The Fund's primary investment objectives are current income and long-term growth of income, with a secondary objective of capital appreciation.¹ The Fund's common stock is listed on the New York Stock Exchange, and the Fund's preferred stock is not listed on any exchange. Applicants believe that the Fund's shareholders are generally conservative, income-sensitive investors who desire steady distributions of income and who will favor a distribution policy with respect to its common stock.

2. The Adviser is registered under the Investment Advisers Act of 1940 and is responsible for the overall management of the Fund and other registered investment companies and institutional accounts.

3. Applicants represent that on February 21, 2007, the Board of Directors (the "Board") of the Fund, including a majority of the directors who are not "interested persons" of the Fund as defined in section 2(a)(19) of the Act (the "Independent Directors"), reviewed information regarding the purpose and terms of a proposed distribution policy, the likely effects of such policy on the Fund's long-term total return (in relation to market price and net asset value ("NAV") per common share) and the relationship between the Fund's distribution rate on its common shares under the policy and the Fund's total return on NAV per share. Applicants state that the

¹ Applicants request that any order issued granting the relief requested in the application also apply to any closed-end investment company that in the future: (a) is advised by the Adviser (including any successor in interest) or by any entity controlling, controlled by, or under common control (within the meaning of section 2(a)(9) of the Act) with the Adviser; and (b) complies with the terms and conditions of the requested order. A successor in interest is limited to entities that result from a reorganization into another jurisdiction or a change in the type of business organization.

Independent Directors also considered what conflicts of interest the Adviser and the affiliated persons of the Adviser and the Fund might have with respect to the adoption or implementation of the policy. Applicants further state that after considering such information the Board, including the Independent Directors, of the Fund approved a managed distribution policy and related plan with respect to the Fund's common shares (the "Plan") and determined that such policy and Plan are consistent with the Fund's investment objectives and in the best interests of the Fund's common stockholders.

4. Applicants state that the purpose of the Plan is to provide to the Fund's common stockholders a regular, monthly distribution that is not dependent on the timing or amount of investment income earned or capital gains realized by the Fund. Applicants represent that, under the Plan, the Fund will distribute all available investment income to common stockholders, consistent with the Fund's primary investment objective of current income and long-term growth of income. Applicants state that, if and when sufficient investment income is not available on a monthly basis, the Fund will distribute long-term capital gains and/or return of capital to its stockholders to maintain the level distribution rate that has been approved by the Board. Applicants state that the minimum annual distribution rate will be independent of the Fund's performance during any particular period but is expected to correlate with the Fund's performance over time. Applicants note that the amount and frequency of distributions may be amended at any time by the Board without prior notice to the Fund's shareholders. Applicants explain that if the Fund's net investment income and net realized capital gains for any year exceed the amount required to be distributed under the Plan, the Fund will, at a minimum, make distributions necessary to comply with the distribution requirements of subchapter M of the Internal Revenue Code of 1986 (the "Code"). Applicants state that the Plan provides that it can be amended, suspended or terminated at any time by the Board without prior notice to the Fund's shareholders.

5. Applicants state that at the February 21, 2007 meeting, the Board also adopted policies and procedures under rule 38a-1 under the Act that are reasonably designed to ensure that all notices sent to the Fund's stockholders with distributions under the Plan ("Notices") comply with condition II below, and that all other written

communications by the Fund or its agents regarding distributions under the Plan include the disclosure required by condition III below. Applicants state that the Board also adopted policies and procedures at that meeting that require the Fund to keep records that demonstrate the Fund's compliance with all of the conditions of the requested order and that are necessary for the Fund to form the basis for, or demonstrate the calculation of, the amounts disclosed in its Notices.

Applicants' Legal Analysis

1. Section 19(b) generally makes it unlawful for any registered investment company to make long-term capital gains distributions more than once each year. Rule 19b-1 limits the number of capital gains dividends, as defined in section 852(b)(3)(C) of the Code ("distributions"), that a fund may make with respect to any one taxable year to one, plus a supplemental "clean up" distribution made pursuant to section 855 of the Code not exceeding 10% of the total amount distributed for the year, plus one additional capital gain dividend made in whole or in part to avoid the excise tax under section 4982 of the Code.

2. Section 6(c) provides that the Commission may, by order upon application, conditionally or unconditionally exempt any person, security, or transaction, or any class or classes of persons, securities or transactions, from any provision of the Act, if and to the extent that the exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

3. Applicants state that one of the concerns underlying section 19(b) and rule 19b-1 is that shareholders might be unable to differentiate between regular distributions of capital gains and distributions of investment income. Applicants state, however, that rule 19a-1 effectively addresses this concern by requiring that a separate statement showing the sources of a distribution (e.g., estimated net income, net short-term capital gains, net long-term capital gains and/or return of capital) accompany any distributions (or the confirmation of the reinvestment of distributions) estimated to be sourced in part from capital gains or capital. Applicants state that the same information also is included in the Fund's annual reports to shareholders and on its IRS Form 1099 DIV, which is sent to each common and preferred shareholder who received distributions during the year.

4. Applicants further state that the Fund will make the additional disclosures required by the conditions set forth below, and has adopted compliance policies and procedures in accordance with rule 38a-1 to ensure that all required Notices and disclosures are sent to shareholders. Applicants argue that by providing the information required by section 19(a) and rule 19a-1, and by complying with the procedures adopted under the Plan and the conditions listed below, the Fund would ensure that the Fund's stockholders are provided sufficient information to understand that their periodic distributions are not tied to the Fund's net investment income (which for this purpose is the Fund's taxable income other than from capital gains) and realized capital gains to date, and may not represent yield or investment return. Applicants also state that compliance with the Fund's compliance procedures and condition III set forth below will ensure that prospective shareholders and third parties are provided with the same information. Accordingly, Applicants assert that continuing to subject the Fund to section 19(b) and rule 19b-1 would afford stockholders no extra protection.

5. Applicants note that section 19(b) and rule 19b-1 also were intended to prevent certain improper sales practices, including, in particular, the practice of urging an investor to purchase shares of a fund on the basis of an upcoming capital gains dividend ("selling the dividend"), where the dividend would result in an immediate corresponding reduction in NAV and would be in effect a taxable return of the investor's capital. Applicants assert that the "selling the dividend" concern should not apply to closed-end investment companies, such as the Fund, which do not continuously distribute shares. According to Applicants, if the underlying concern extends to secondary market purchases of shares of closed-end funds that are subject to a large upcoming capital gains dividend, adoption of the Plan actually helps minimize the concern by avoiding, through periodic distributions, any buildup of large end-of-the-year distributions.

6. Applicants also note that common stock of closed-end funds that invest primarily in equity securities often trade in the marketplace at a discount to their NAV. Applicants believe that the Fund's history of making regular, monthly distributions has had a significant positive effect on the market price of the Fund's common stock.

7. Applicants assert that the application of rule 19b-1 to a Plan

actually could have an undesirable influence on portfolio management decisions. Applicants state that, in the absence of an exemption from rule 19b-1, the implementation of a Plan imposes pressure on management (i) not to realize any net long-term capital gains until the point in the year that the fund can pay all of its remaining distributions in accordance with rule 19b-1, and (ii) not to realize any long-term capital gains during any particular year in excess of the amount of the aggregate pay-out for the year (since as a practical matter excess gains must be distributed and accordingly would not be available to satisfy pay-out requirements in following years), notwithstanding that purely investment considerations might favor realization of long term gains at different times or in different amounts. Applicants thus assert that the limitation on the number of capital gain distributions that a fund may make with respect to any one year imposed by rule 19b-1, may prevent the efficient operation of a Plan whenever that fund's realized net long-term capital gains in any year exceed the total of the periodic distributions that may include such capital gains under the rule.

8. In addition, Applicants assert that rule 19b-1 may cause fixed regular periodic distributions under a Plan to be funded with returns of capital² (to the extent net investment income and realized short-term capital gains are insufficient to fund the distribution), even though realized net long-term capital gains otherwise could be available. To distribute all of a fund's long-term capital gains within the limits in rule 19b-1, a fund may be required to make total distributions in excess of the annual amount called for by its Plan, or to retain and pay taxes on the excess amount. Applicants thus assert that the requested order would minimize these effects of rule 19b-1 by enabling funds to realize long term-capital gains as often as investment considerations dictate without fear of violating rule 19b-1.

9. Applicants state that *Revenue Ruling 89-81* under the Code requires that a fund that has both common stock and preferred stock outstanding designate the types of income, e.g., investment income and capital gains, in the same proportion as the total distributions distributed to each class for the tax year.³ To satisfy the

proportionate designation requirements of *Revenue Ruling 89-81*, whenever a fund has realized a long-term capital gain with respect to a given tax year, the fund must designate the required proportionate share of such capital gain to be included in common and preferred stock dividends. Applicants state that although rule 19b-1 allows a fund some flexibility with respect to the frequency of capital gains distributions, a fund might use all of the exceptions available under the rule for a tax year and still need to distribute additional capital gains allocated to the preferred stock to comply with *Revenue Ruling 89-81*.

10. Applicants assert that the potential abuses addressed by section 19(b) and rule 19b-1 do not arise with respect to preferred stock issued by a closed-end fund. Applicants assert that such distributions are either fixed or are determined in periodic auctions by reference to short-term interest rates rather than by reference to performance of the issuer, and *Revenue Ruling 89-81* determines the proportion of such distributions that are comprised of the long-term capital gains.

11. Applicants also submit that the "selling the dividend" concern is not applicable to preferred stock, which entitles a holder to no more than a periodic dividend at a fixed rate or the rate determined by the market, and, like a debt security, is priced based upon its liquidation value, dividend rate, credit quality, and frequency of payment. Applicants state that investors buy preferred shares for the purpose of receiving payments at the frequency bargained for, and do not expect the liquidation value of their shares to change.

12. Applicants request an order under section 6(c) granting an exemption from the provisions of section 19(b) and rule 19b-1 to permit the Fund (and any future funds advised by the Adviser that have a similar distribution plan and make similar representations to those set forth in the application) to distribute periodic capital gains dividends (as defined in section 852(b)(3)(C) of the Code) as often as monthly in any one taxable year in respect of its common shares and as often as specified by or determined in accordance with the

preferred shares) are entitled to the benefit of the "grandfather clause" of *Revenue Ruling 89-81*, in that the Fund is permitted to make a preferential allocation to the remarketed preferred shares of dividends eligible for the dividends received deduction in accordance with the registration statements for the remarketed preferred shares filed in July and August of 1988. In all other respects, *Revenue Ruling 89-81* is applicable to the Fund's common and preferred shares.

terms thereof in respect of its preferred shares.⁴

II. Disclosures to Fund Shareholders:

A. Each Notice to the holders of the fund's common shares, in addition to the information required by section 19(a) and rule 19a-1:

1. Will provide, in a tabular or graphical format:

(a) The amount of the distribution, on a per share basis, together with the amounts of such distribution amount, on a per share basis and as a percentage of such distribution amount, from estimated: (A) Net investment income; (B) net realized short-term capital gains; (C) net realized long-term capital gains; and (D) return of capital or other capital source;

(b) The fiscal year-to-date cumulative amount of distributions, on a per share basis, together with the amounts of such cumulative amount, on a per share basis and as a percentage of such cumulative amount of distributions, from estimated: (A) Net investment income; (B) net realized short-term capital gains; (C) net realized long-term capital gains; and (D) return of capital or other capital source;

(c) The average annual total return in relation to the change in NAV for the 5-year period (or, if the fund's history of operations is less than five years, the time period commencing immediately following the fund's first public offering) ending on the last day of the month prior to the most recent distribution declaration date compared to the current fiscal period's annualized distribution rate expressed as a percentage of NAV as of the last day of

(d) The cumulative total return in relation to the change in NAV from the last completed fiscal year to the last day of the month prior to the most recent distribution declaration date compared to the fiscal year-to-date cumulative distribution rate expressed as a percentage of NAV as of the last day of the month prior to the most recent distribution declaration date.

2. Will include the following disclosure:

(a) "You should not draw any conclusions about the fund's investment performance from the amount of this distribution or from the terms of the fund's Plan";

A return of capital may occur for example, when some or all of the money that you invested in the fund is paid back to you. A return of capital distribution does not necessarily reflect the fund's investment performance and should not be confused with 'yield' or 'income'"; and

(c) "The amounts and sources of distributions reported in this Notice are only estimates and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for [accounting and] tax reporting purposes will depend upon the fund's investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. B. On the inside front cover of each report to shareholders under rule 30e-1 under the Act, the fund will:

2. Include the disclosure required by condition II.A.2(a) above;

3. State, if applicable, that the Plan provides that the Board may amend or terminate the Plan at any time without prior notice to fund shareholders; and

4. Describe any reasonably foreseeable circumstances that might cause the fund to terminate the Plan and any reasonably foreseeable consequences of such termination.

C. Each report provided to shareholders under rule 30e-1 and each prospectus filed with the Commission on Form N-2 under the Act, will provide the fund's total return in relation to changes in NAV in the financial highlights table and in any discussion about the fund's total return.

III. Disclosure to Shareholders, Prospective Shareholders and Third Parties:

A. The fund will include the information contained in the relevant Notice, including the disclosure required by condition II.A.2 above, in any written communication (other than a Form 1099) about the Plan or distributions under the Plan by the fund, or agents that the fund has authorized to make such communication on the fund's behalf, to any fund shareholder, prospective shareholder or third-party information provider;

B. The fund will issue, contemporaneously with the issuance of any Notice, a press release containing the information in the Notice and will file with the Commission the information contained in such Notice, including the disclosure required by condition II.A.2 above, as an exhibit to its next filed Form N-CSR; and

C. The fund will post prominently a statement on its (or its adviser's) Web site containing the information in each Notice, including the disclosure required by condition II.A.2 above, and will maintain such information on such web site for at least 24 months.

IV. *Delivery of 19(a) Notices to Beneficial Owners:* If a broker, dealer, bank or other person ("financial intermediary") holds common stock issued by the fund in nominee name, or otherwise, on behalf of a beneficial owner, the fund: (a) Will request that the financial intermediary, or its agent, forward the Notice to all beneficial owners of the fund's shares held through such financial intermediary; (b) will provide, in a timely manner, to the financial intermediary, or its agent, enough copies of the Notice assembled in the form and at the place that the financial intermediary, or its agent, reasonably requests to facilitate the financial intermediary's sending of the Notice to each beneficial owner of the fund's shares; and (c) upon the request of any financial intermediary, or its agent, that receives copies of the Notice, will pay the financial intermediary, or its agent, the reasonable expenses of

sending the Notice to such beneficial owners.

V. Additional Board Determinations for Funds Whose Shares Trade at a Premium: If:

A. The fund's common shares have traded on the exchange that they primarily trade on at the time in question at an average premium to NAV equal to or greater than 10%, as determined on the basis of the average of the discount or premium to NAV of the fund's common shares as of the close of each trading day over a 12-week rolling period (each such 12-week rolling period ending on the last trading day of each week); and

B. The fund's annualized distribution rate for such 12-week rolling period, expressed as a percentage of NAV as of the ending date of such 12-week rolling period is greater than the fund's average annual total return in relation to the change in NAV over the 2-year period ending on the last day of such 12-week rolling period; then:

1. At the earlier of the next regularly scheduled meeting or within four months of the last day of such 12-week rolling period, the Board including a majority of the Independent Directors:

(a) Will request and evaluate, and the fund's adviser will furnish, such information as may be reasonably necessary to make an informed determination of whether the Plan should be continued or continued after amendment;

(b) Will determine whether continuation, or continuation after amendment, of the Plan is consistent with the fund's investment objective(s) and policies and in the best interests of the fund and its shareholders, after considering the information in condition V.B.1.a above; including, without limitation:

(1) Whether the Plan is accomplishing its purpose(s);

(2) The reasonably foreseeable effects of the Plan on the fund's long-term total return in relation to the market price and NAV of the fund's common shares; and

(3) The fund's current distribution rate, as described in condition V.B above, compared with the fund's average annual taxable income or total return over the 2-year period, as described in condition V.B, or such longer period as the Board deems appropriate; and

(c) Based upon that determination, will approve or disapprove the continuation, or continuation after amendment, of the Plan; and

2. The Board will record the information considered by it and the basis for its approval or disapproval of

the continuation, or continuation after amendment, of the Plan in its meeting minutes, which must be made and preserved for a period of not less than six years from the date of such meeting, the first two years in an easily accessible place.

VI. *Public Offerings*: The fund will not make a public offering of the fund's common shares other than:

A. A rights offering below NAV to holders of the fund's common stock;

B. An offering in connection with a dividend reinvestment plan, merger, consolidation, acquisition, spin off or reorganization of the fund; or

C. An offering other than an offering described in conditions VI.A and VI.B above, unless, with respect to such other offering:

1. The fund's average annual distribution rate for the six months ending on the last day of the month ended immediately prior to the most recent distribution declaration date,⁵ expressed as a percentage of NAV per share as of such date, is no more than 1 percentage point greater than the fund's average annual total return for the 5-year period ending on such date;⁶ and

2. The transmittal letter accompanying any registration statement filed with the Commission in connection with such offering discloses that the fund has received an order under section 19(b) to permit it to make periodic distributions of long-term capital gains with respect to its common stock as frequently as twelve times each year, and as frequently as distributions are specified by or determined in accordance with the terms of any outstanding preferred stock that such fund may issue.

VII. *Amendments to Rule 19b-1*: The requested order will expire on the effective date of any amendments to rule 19b-1 that provide relief permitting certain closed-end investment companies to make periodic distributions of long-term capital gains with respect to their outstanding common stock as frequently as twelve times each year.
