

By working as a team and keeping each stakeholder informed, the Potomac Yard facility was able to achieve LEED Gold-level certification and maintain reasonable costs and schedules. As a result, One and Two Potomac Yard exemplify a balance of function, cost, security, and sustainability – enabling EPA employees to occupy a facility that features environmental attributes, saves money, and contributes to a safer, healthier, and more productive work environment.

Agency Information Collection Request. 30-Day Public Comment Request

AGENCY: Office of the Secretary, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed collection for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The

necessity and utility of the proposed information collection for the proper performance of the agency’s functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, e-mail your request, including your address, phone number, OMB number, and OS document identifier, to Sherrette.funncoleman@hhs.gov, or call the Reports Clearance Office on (202) 690–5683. Send written comments and recommendations for the proposed information collections within 30 days of this notice directly to the OS OMB Desk Officer; faxed to OMB at 202–395–6974.

Proposed Project: Prevention Communication Formative Research—Revision—OMB No. 0990–0281—Office of Disease Prevention and Health Promotion

Abstract: The information collected will be formative research to develop messages and materials, in support of development of disease prevention and health promotion information, including the Physical Activity and Dietary Guidelines for Americans. It is necessary to obtain consumer input to understand the information needs, attitudes, and beliefs of the audience in order to tailor messages, as well as to assist with clarity, understandability, and acceptance of prototyped messages, materials, and online tools. This generic clearance request describes data collection activities involving a limited set of consumer interviews, focus groups, Web concept testing, message testing, and usability testing. Frequency, reporting is on occasion. The program requests a three-year clearance.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Solicitation for Written Comments on the Development of Healthy People 2020

AGENCY: Department of Health and Human Services, Office of the Secretary, Office of Public Health and Science, Office of Disease Prevention and Health Promotion.

ACTION: Notice.

Authority: 42 U.S.C. 200u.

SUMMARY: The Office of Disease Prevention and Health Promotion (ODPHP), Office of Public Health and Science (OPHS), U.S. Department of Health and Human Services (HHS), is soliciting written comments on key elements of *Healthy People 2020*, including the vision, mission, overarching goals and framework. Every 10 years, through the Healthy People initiative, HHS leverages scientific insights and lessons from the past decade, along with the new knowledge of current data, trends, and innovations to develop the next iteration of national health promotion and disease prevention objectives. Healthy People provides science-based, 10-year national objectives for promoting health and preventing disease. Since 1979, Healthy People has set and monitored national health objectives to meet a broad range of health needs, encourage

collaborations across sectors, guide individuals toward making informed health decisions, and measure the impact of our prevention and health promotion activities. Healthy People 2020 will reflect assessments of major risks to health and wellness, changing public health priorities, and emerging issues related to our nation's health preparedness and prevention.

Background: The Healthy People process is inclusive: its strength is directly tied to collaboration. The development process strives to maximize transparency, public input and stakeholder dialogue to ensure that Healthy People 2020 is relevant to diverse public health needs and seizes opportunities to achieve its goals. Since its inception, Healthy People has become a broad-based, public engagement initiative with thousands of citizens helping to shape it at every step along the way. Drawing on the expertise of a Secretary's Advisory Committee on National Health Promotion and Disease Prevention Objectives for 2020 and public input, Healthy People will organize and establish a framework to address risk factors and determinants of health and the diseases and disorders that are affecting our communities.

Public participation will shape Healthy People 2020, its purpose, goals, organization, and action plans. HHS has sought input from communities and stakeholders across the nation through six regional meetings and is soliciting written public comments on the development of *Healthy People 2020* through an online public comment database. As a national initiative, Healthy People's success depends on a coordinated commitment to improve the health of the nation. Individuals may

subscribe to the listserv at: <http://www.healthypeople.gov/Contact> for the latest information on Healthy People 2020 and to receive email notices of related Healthy People 2020. Healthy People 2020 will be released in two-phases. The vision, mission, overarching goals, and organizing framework will be released in late 2008-early 2009. A year later, in January 2010, the specific Healthy People 2020 objectives with baselines and targets will be released.

DATES: In order for comments on the proposed vision, mission, overarching goals, and framework for *Healthy People 2020* to be considered by the Secretary's Advisory Committee on National Health Promotion and Disease Prevention Objectives for 2020, written comments must be submitted via the Internet at the Healthy People Web site <http://www.healthypeople.gov/hp2020/comments> by the close of business Eastern Daylight Time on September 2, 2008. Comments submitted to the Web site after September 2, 2008 and before September 15, 2008 will be considered by HHS but not reviewed by the Secretary's Advisory Committee.

ADDRESSES: The proposed vision, mission, overarching goals, and framework for *Healthy People 2020* can be viewed and commented on at <http://www.healthypeople.gov/hp2020/Comments>.
