

I have determined that the damage in certain areas of the State of Idaho resulting from flooding during the period of May 15 to June 9, 2008, is of sufficient severity and magnitude to warrant a major disaster declaration under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121–5207 (the Stafford Act). Therefore, I declare that such a major disaster exists in the State of Idaho.

In order to provide Federal assistance, you are hereby authorized to allocate from funds available for these purposes such amounts as you find necessary for Federal disaster assistance and administrative expenses.

You are authorized to provide Public Assistance in the designated areas, Hazard Mitigation throughout the State, and any other forms of assistance under the Stafford Act that you deem appropriate. Consistent with the requirement that Federal assistance be supplemental, any Federal funds provided under the Stafford Act for Hazard Mitigation will be limited to 75 percent of the total eligible costs. Federal funds provided under the Stafford Act for Public Assistance also will be limited to 75 percent of the total eligible costs, except for any particular projects that are eligible for a higher Federal cost-sharing percentage under the FEMA Public Assistance Pilot Program instituted pursuant to 6 U.S.C. 777. If Other Needs Assistance under Section 408 of the Stafford Act is later requested and warranted, Federal funding under that program also will be limited to 75 percent of the total eligible costs.

Further, you are authorized to make changes to this declaration to the extent allowable under the Stafford Act.

The Federal Emergency Management Agency (FEMA) hereby gives notice that pursuant to the authority vested in the Administrator, under Executive Order 12148, as amended, Douglas G. Mayne, of FEMA is appointed to act as the Federal Coordinating Officer for this declared disaster.

The following areas of the State of Idaho have been designated as adversely affected by this declared major disaster:

Kootenai and Shoshone Counties for Public Assistance.

All counties within the State of Idaho are eligible to apply for assistance under the Hazard Mitigation Grant Program.

Agency Information Collection Activities: Submitted for Office of Management and Budget (OMB) Review; Comment Request

AGENCY: U.S. Geological Survey (USGS), Interior.

ACTION: Notice of a new information collection.

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), the U.S. Geological Survey (USGS) is inviting comments on collection of information that we have sent to the Office of Management and Budget (OMB) for review and approval. The Information Collection Request (ICR) concerns the paperwork requirements for the National Spatial Data Infrastructure, Cooperative Agreements Program (NSDI CAP) and describes the nature of the collection and the estimated burden and cost.

DATES: You must submit comments on or before September 10, 2008.

ADDRESSES: Please submit comments on this information collection directly to the Office of Management and Budget (OMB) Office of Information and Regulatory Affairs, Attention: Desk Officer for the Department of the Interior via e-mail [OIRA_DOCKET@omb.eop.gov]; or fax (202) 395-6566; and identify your submission as 1028-NEW. Please also submit a copy of your comments to Phadrea Ponds, U.S.G.S. Information Collections Clearance Officer, 2150-C Center Avenue, Fort Collins, CO 80525 (mail); (970) 226-9230 (fax); or pponds@usgs.gov (e-mail). Please reference Information Collection 1028-NEW, NSDI CAP in the subject line.

FOR FURTHER INFORMATION PLEASE CONTACT: To request additional information concerning this ICR, contact Brigitta Urban-Mathieux, by mail NSDI CAP Coordinator, Federal Geographic Data Committee, U.S. Geological Survey, MS 590 National Center,

SUPPLEMENTARY INFORMATION:

Title: National Spatial Data Infrastructure Cooperative Agreements Program (NSDI CAP).

OMB Control Number: 1028-NEW.

Abstract: To date, the NSDI CAP awards have created collaborations at all levels of government, developed an understanding of geospatial information in organizations and disciplines new to the NSDI, provided seed money to enable geospatial organizations to participate in the national effort to implement the NSDI, promoted the development of standardized metadata in hundreds of organizations, and funded numerous implementations of OGC Web Mapping Services and Web Feature Services. The program is open to State, local and tribal governments, academia, and commercial and non-profit organizations and provides small seed grants to initiate sustainable on-going NSDI implementations. The program emphasizes partnerships, collaboration and the leveraging of geospatial resources in achieving its goals. Since the funding level is limited, organizations must compete to be awarded funds. Respondents are submitting proposals to acquire funding for projects to help build the infrastructure necessary for the geospatial data community to effectively discover, access, share, manage, and use digital geographic data.

The NSDI consists of the technologies, policies, organizations, and people necessary to promote cost-effective production, and the ready availability and greater utilization of geospatial data among a variety of sectors, disciplines, and communities. Specific NSDI areas of emphasis include: metadata documentation, clearinghouse establishment, framework development, standards implementation, and geographic information system (GIS) organizational coordination.

This notice concerns the collection of information that is sufficient and relevant to evaluate and select proposals for funding. We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR Part 2), and under regulations at 30 CFR 250.197, "Data and information to be made available to the public or for limited inspection." Responses are voluntary. No questions of a "sensitive" nature are asked. We intend to release the project abstracts and primary investigators for awarded/funded projects only.
