

classes, responses may be submitted by all Market-Makers with an appointment in the relevant option class and Members on behalf of orders resting at the top of the Exchange's book opposite the agency order being auctioned.⁷ In Hybrid 3.0 classes, which currently include options on the Standard and Poor's 500 Index (SPX), American-style options on the Standard and Poor's 100 Index (OEX) and options on the Morgan Stanley Retail Index (MVR), there are many Market-Makers at any given time that are eligible and connected to participate in AIM.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b) of the Act⁸ in general and furthers the objectives of Section 6(b)(5) of the Act⁹ in particular in that it is designed to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. In particular, the proposed rule change will provide the Exchange with more flexibility to set a lower crossing entitlement percentage than what is currently permitted in the rule, which will allow us to determine the appropriate percentage for a given class based on competitive and other market considerations. With respect to Hybrid 3.0, the proposed rule change will also clarify that AIM can be made available in such classes and thus provide additional opportunities for price improvement.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange neither solicited nor received comments on the proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change or such shorter time as designated by the Commission, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹ At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Temporary Membership Status and Interim Trading Permit Access Fees

August 6, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 31, 2008, the Chicago Board Options Exchange, Incorporated ("CBOE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the CBOE. CBOE has designated this proposal as one

establishing or changing a due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A),³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested parties.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes to adjust (1) the monthly access fee for persons granted temporary CBOE membership status ("Temporary Members") pursuant to Interpretation and Policy .02 under CBOE Rule 3.19 ("Rule 3.19.02") and (2) the monthly access fee for Interim Trading Permit ("ITP") holders under CBOE Rule 3.27. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.org/Legal/>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CBOE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The CBOE has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The current access fee for Temporary Members under Rule 3.19.02⁵ and the current access fee for ITP holders under Rule 3.27⁶ are both \$12,387 per month. Both access fees are currently set at the indicative lease rate (as defined below) for July 2008. The Exchange proposes to adjust both access fees effective at the beginning of August 2008 to be equal to the indicative lease rate for August 2008

(which is \$10,653). Specifically, the Exchange proposes to revise both the Temporary Member access fee and the ITP access fee to be \$10,653 per month commencing on August 1, 2008.

The indicative lease rate is defined under Rule 3.27(b) as the highest clearing firm floating monthly rate⁷ of the CBOE Clearing Members that assist in facilitating at least 10% of the CBOE transferable membership leases.⁸ The Exchange determined the indicative lease rate for August 2008 by polling each of these Clearing Members and obtaining the clearing firm floating monthly rate designated by each of these Clearing Members for that month.

The Exchange used the same process to set the proposed Temporary Member and ITP access fees that it used to set the current Temporary Member and ITP access fees. The only difference is that the Exchange used clearing firm floating monthly rate information for the month of August 2008 to set the proposed access fees (instead of clearing firm floating monthly rate information for the month of July 2008 as was used to set the current access fees) in order to take into account changes in clearing firm floating monthly rates for the month of August 2008.

The Exchange believes that the process used to set the proposed Temporary Member access fee and the proposed Temporary Member access fee itself are appropriate for the same reasons set forth in CBOE rule filing SR-CBOE-2008-12 with respect to the original Temporary Member access fee.⁹ Similarly, the Exchange believes that the process used to set the proposed ITP access fee and the proposed ITP access fee itself are appropriate for the same reasons set forth in CBOE rule filing SR-CBOE-2008-77 with respect to the original ITP access fee.¹⁰

⁷ Rule 3.27(b) defines the clearing firm floating monthly rate as the floating monthly rate that a Clearing Member designates, in connection with transferable membership leases that the Clearing Member assisted in facilitating, for leases that utilize that monthly rate.

⁸ The concepts of an indicative lease rate (although not referred to by that term) and of a clearing firm floating month rate were previously utilized in the CBOE rule filings that set and adjusted the Temporary Member access fee. Both concepts were also recently codified in Rule 3.27(b) in relation to ITPs.

⁹ See Securities Exchange Act Release No. 57293 (February 8, 2008), 73 FR 8729 (February 14, 2008) (SR-CBOE-2008-12), which established the original Temporary Member access fee, for detail regarding the rationale in support of the original Temporary Member access fee and the process used to set that fee, which is also applicable to this proposed change to the Temporary Member access fee as well.

¹⁰ See Securities Exchange Act Release No. 58200 (July 21, 2008), 73 FR 43805 (July 28, 2008) (SR-CBOE-2008-77), which established the original ITP

Each of the proposed access fees will remain in effect until such time either that the Exchange submits a further rule filing pursuant to Section 19(b)(3)(A)(ii) of the Act¹¹ to modify the applicable access fee or the applicable status (*i.e.*, the Temporary Membership status or the ITP status) is terminated.

Accordingly, the Exchange may, and likely will, further adjust the proposed access fees in the future if the Exchange determines that it would be appropriate to do so taking into consideration lease rates for transferable CBOE memberships prevailing at that time.

The procedural provisions of the CBOE Fee Schedule related to the assessment of each proposed access fee are not proposed to be changed and will remain the same as the current procedural provisions relating to the assessment of that access fee.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,¹² in general, and furthers the objectives of Section 6(b)(4) of the Act,¹³ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among persons using its facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change establishes or changes a due, fee, or other charge imposed by the Exchange, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁴ and subparagraph (f)(2) of Rule 19b-4¹⁵ thereunder. At any time within 60 days

FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

As part of the process of developing the new consolidated rulebook ("Consolidated FINRA Rulebook"),³ FINRA is proposing to (1) adopt NASD Rule 2710 as FINRA Rule 5110, with the exception of paragraphs (b)(10) and (11); (2) adopt new FINRA Rule 5190, which would house the Regulation M-related notice requirements applicable to members participating in securities offerings (including paragraphs (b)(10) and (11) of NASD Rule 2710 and paragraph (a) of Incorporated NYSE Rule 392); (3) adopt new FINRA Rule 6470, which would house certain Regulation M-related requirements that are currently in the OTC Bulletin Board ("OTCBB") rules and would apply to all OTC Equity Securities;⁴ and (4) make conforming amendments to the Regulation M-related rules applicable to the Alternative Display Facility ("ADF").

The Incorporated NYSE Rules apply only to those members of FINRA that are also members of the NYSE ("Dual Members"). Dual Members also must comply with NASD Rules. For more information about the rulebook consolidation process, see *FINRA Information Notice*, March 12, 2008 (Rulebook Consolidation Process).
