

Any questions about the compliance guide should be sent to Jay Guerber at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

A 15-day comment period is provided to allow interested persons to respond to this proposed rule. Fifteen days is deemed appropriate because: (1) The 2008–09 fiscal period began on April 1, 2008, and the order requires that the assessment rate for each fiscal period apply to all assessable apricots handled during such fiscal period; (2) the Washington apricot harvest and shipping season is expected to begin as early as the last week of June; (3) the Committee needs to have sufficient funds to pay its expenses, which are incurred on a continuous basis; and (4) handlers are aware of this action, which was recommended by the Committee at a public meeting and is similar to other assessment rate actions issued in past years.

SUPPLEMENTARY INFORMATION:

Background on the Reclamation Fee and the Abandoned Mine Land Program

On June 20, 2008, we published a proposed rule in the **Federal Register** (73 FR 35214) that would revise our regulations governing the AML program. We have received two requests to extend the comment period on the proposed rule. In response, we are extending the comment period to August 29, 2008.

As discussed in greater detail in the June 20, 2008, **Federal Register** notice, the proposed rule would revise our regulations to be consistent with the Tax Relief and Health Care Act of 2006, Public Law 109–432, enacted on December 20, 2006, which included the Surface Mining Control and Reclamation Act Amendments of 2006 (the “2006 amendments”). The proposed rule reflects the extension of our statutory authority to collect reclamation fees for an additional fourteen years and to reduce the fee rates. The proposal also updates the regulations in light of the statutory amendments that change the activities State and Tribal reclamation programs may perform under the AML program, funding for reclamation grants to States and Indian tribes, and transfers to the United Mine Workers of America (UMWA) Combined Benefit Fund, the UMWA 1992 Benefit Plan, and the UMWA Multiemployer Health Benefit Plan. Finally, our proposed rule extends

incentives reauthorized by the 2006 amendments pertaining to the remining of certain lands and water adversely affected by past mining.

Public Comment Procedures

Written Comments: If you submit written comments, they should be specific, confined to issues pertinent to the proposed rule, and explain the reason for any recommended changes. We appreciate all comments, but those most useful and likely to influence decisions on any revisions will be those that either involve personal experience or include citations to and analyses of SMCRA, its legislative history, its implementing regulations, the 2006 amendments, case law, or other pertinent State or Federal laws or regulations.

We cannot ensure that comments received after the close of the comment period (see **DATES**) will be included in the docket for the rulemaking and considered. Comments sent to an address other than those listed above (see **ADDRESSES**) will not be included in the docket for the rulemaking.

Public Availability of Comments: Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: August 8, 2008.
