

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Indian Health Service****Request for Public Comment: 30-Day Proposed Information Collection: Indian Health Service Loan Repayment Program****AGENCY:** Indian Health Service, HHS.**ACTION:** Notice.

SUMMARY: In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which requires 30 days for public comment on proposed information collection projects, the Indian Health Service (IHS) has submitted to the Office of Management and Budget (OMB) a request to review and approve the information collection listed below. This proposed information collection project was previously published in the **Federal Register** (73 FR 29520) on May 21, 2008 and allowed 60 days for public comment. No public comment was received in response to the notice. The purpose of this notice is to allow 30 days for public comment to be submitted directly to OMB.

Proposed Collection: Title: 0917–0014, “Indian Health Service Loan Repayment Program.” *Type of Information Collection Request:* Extension, without revision, of currently approved information collection, 0917–0014, “Indian Health Service Loan Repayment Program.” *Form Number(s):* The IHS Loan Repayment Program Information Booklet contains the instructions and the application formats. *Need and Use of Information Collection:* The IHS Loan Repayment Program (LRP) identifies health professionals with pre-existing financial obligations for education expenses that meet program criteria and who are qualified and willing to serve at, often remote, IHS health care facilities. Under the program, eligible health professionals sign a contract under which the IHS agrees to repay part or all of their indebtedness for professional training education. In exchange, the health professionals agree to serve for a specified period of time in IHS health care facilities. This program is necessary to augment the critically low health professional staff at IHS health care facilities.

Any health professional wishing to have their health education loans repaid, may apply to the IHS Loan Repayment Program. A two-year contract obligation is signed by both parties, and the individual agrees to work at an IHS location and provide health services to Native American and Alaska Native individuals.

The information collected from individuals is analyzed and a score is given to each applicant. This score will determine which applicants will be awarded each fiscal year. The administrative scoring system assigns a score to the geographic location according to vacancy rates for that fiscal year and also considers whether the location is in an isolated area. When an applicant takes employment at a location, they in turn “pick-up” the score of that location. *Affected Public:* Individuals and households. *Type of Respondents:* Individuals.

The table below provides: Types of data collection instruments, Estimated number of respondents, Number of responses per respondent, Annual number of responses, Average burden hour per response, and Total annual burden hour(s).
