Barnes Aerospace, Ceramics Division, Windsor, CT; Notice of Negative Determination on Reconsideration

On July 11, 2008, the Department issued an Affirmative Determination

Regarding Application for Reconsideration for the workers and former workers of the subject firm. The notice was published in the **Federal Register** on July 21, 2008 (73 FR 42368).

The initial investigation resulted in a negative determination based on the finding that imports of multi-layer ceramic green sheet did not contribute importantly to worker separations at the subject firm and no shift of production to a foreign source occurred.
