

Eagle Refinery Co., Oklahoma City, Oklahoma. A Notice of Intent to Delete for this Site was published in the **Federal Register** on June 13, 2008.

The closing date for comments on the Notice of Intent to Delete was July 14, 2008. One public comment was received. The commenter questioned the completeness of the response action based on information found in non-EPA Internet Web sites. EPA believes the deletion is appropriate, since the response action has been implemented, as documented in the Deletion Docket. A responsiveness summary was prepared and placed in the docket, EPA-HQ-SFUND-1986-0008, Notice 3, on <http://www.regulations.gov>, and in the local repositories listed above.

EPA maintains the NPL as the list of sites that appear to present a significant risk to public health, welfare, or the environment. Deletion from the NPL does not preclude further remedial action. Whenever there is a significant release from a site deleted from the NPL, the deleted site may be restored to the NPL without application of the hazard ranking system. Deletion of a site from the NPL does not affect responsible party liability in the unlikely event that future conditions warrant further actions.

Medicare Program; Provider Reimbursement Determinations and Appeals; Correction

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Correction of final rule.

SUMMARY: This document corrects technical errors that appeared in the final rule with comment period published in the *Federal Register* on May 23, 2008 entitled “Provider Reimbursement Determinations and Appeals.”

DATES: *Effective Date:* August 21, 2008.

SUPPLEMENTARY INFORMATION:**I. Background**

In FR Doc. E8–11227 of May 23, 2008 (73 FR 30190), there were a number of typographical and technical errors that are identified and corrected in the Correction of Errors section in section III. of this notice. The provisions of this correction notice are effective as if they had been included in the final rule published on May 23, 2008. Accordingly, the corrections are effective August 21, 2008.

II. Summary of Errors

We note that in section III. of this notice, we correct a number of typographical and technical errors. We note that the following are the more significant corrections:

On pages 30211 and 30250, we are correcting an error relating to the usage

and filing of mandatory group appeals. We stated in the preamble and regulations text of § 405.1835(b)(4)(i) that a commonly-owned provider must state in its request for Board hearing that: “* * * sano other provider related to it by common ownership or control has an individual or group appeal pending before the Board on the same issue for a cost reporting period that *falls* within the same calendar year.” This statement was incorrect. To provide consistency with the regulations text at § 405.1837(b)(1)(i), the word “falls” needs to be replaced with the word “ends.”

On page 30243, we are correcting a technical error in the regulations text at § 405.1801(b)(2). Following the publication of the final rule, we discovered that the regulations at § 405.1801(b)(2) failed to reference the longstanding exception at § 413.200(g). In the regulations text at § 405.1801(b)(2), we stated that a nonprovider entity is not entitled to an intermediary hearing or a Board hearing. (We discussed this issue in the preamble to the proposed rule published on June 25, 2004 (69 FR 35721).) However, the current text at § 413.200(g) reflects that an OPO (organ procurement organization) or histocompatibility laboratory is entitled to an intermediary hearing in accordance with the intermediary hearing procedures contained in subpart R. While OPOs (formerly referred to as organ procurement agencies or OPAs) and histocompatibility laboratories are nonprovider entities and not entitled to a hearing under section 1878 of the Act, they have always been an exception to the rule with respect to intermediary hearings and historically have received intermediary hearings under subpart R of the regulations. (See December 14, 1978, 43 FR 58370 through 58371, referencing the legislative history of Public Law 95–292 that Congress intended to provide an intermediary hearing for the OPOs and histocompatibility laboratories, and S. Rep. No. 95–714, 95th Cong. 2d Sess., 12–13 (1978); H. Rep. No. 95–549, 95th Cong. 1st Sess. 14 (1977)). We wanted to assure OPOs that they will continue to have intermediary hearing rights as they have always had in the past. Therefore, we are correcting § 405.1801(b)(2) by adding a reference to the exception for OPOs and histocompatibility laboratories at § 413.200(g) and thus clarifying that OPO hearing rights do not derive from section 1878 of the Act.

On page 30263, we are correcting an error in the regulations text for § 405.1875(d). In the final rule, we

inadvertently included the sentence “[T]he Administrator does not consider any communication that does not meet these requirements or is not submitted with the required time limits” as the last sentence of paragraph (d)(3)(ii). However this statement is applicable to all of the provisions of paragraph (d). Therefore, we have removed the sentence from paragraph (d)(3)(ii) and after changing the word “these” to “the following” have added the sentence to the introductory text of paragraph (d).

We also note that the May 23, 2008 final rule referenced a First Circuit Court of Appeals decision, *MaineGeneral Medical Center v. Shalala*, 205 F. 3d 493 (1st Cir. 2000). In a number of instances throughout the preamble of the final rule, we misspelled “*MaineGeneral*” as “*Maine General*.” We are acknowledging these errors without specifically itemizing each error in the Correction of Errors section of this notice.

III. Correction of Errors

In FR Doc. E8–11227 of May 23, 2008 (73 FR 30190), make the following corrections:

A. Correction of Errors in the Preamble

1. On page 30192, second column, second paragraph, line 3, the phrase, “CMS Reviewing official procedure” is corrected to read “CMS reviewing official procedure.”
