Safety Zone; American Music Festival; Chesapeake Bay, Virginia Beach, VA

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a 420-foot radius safety zone on the Chesapeake Bay in the vicinity of the Virginia Beach Oceanfront, Virginia Beach, VA in support of the American Music Festival Fireworks event. SUPPLEMENTARY INFORMATION:

Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because any delay encountered in this regulation’s effective date by publishing a NPRM would be contrary to public interest since immediate action is needed to provide for the safety of life and property on navigable waters. Additionally, this temporary safety zone will only be enforced for 1 hour on August 29, 2008 and for 1 hour on August 31, 2008 and should have minimal impact on vessel transits due to the fact that vessels can safely transit through the zone when authorized by the Captain of the Port or his Representative and that they are not precluded from using any portion of the waterway except the safety zone area itself. For the same reasons above, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

Background and Purpose

On August 29 and August 31, 2008, Dominion Fireworks will sponsor a fireworks display on the Chesapeake Bay shoreline centered on position 36°49’58” N/75°57’57” W (NAD 1983).

Due to the need to protect mariners and spectators from the hazards associated with the fireworks display, access will be temporarily restricted within 420 feet of the fireworks launch site.

Discussion of Rule

The Coast Guard is establishing a safety zone on the navigable waters of the Chesapeake Bay within 420 feet of position 36°49’58” N/075°57’57” W (NAD 1983). This safety zone will be established in the vicinity of Virginia Beach, VA on August 29, 2008 at 10 p.m. to August 31, 2008 at 11 p.m. In the interest of public safety, access to the safety zone will be restricted from 10 p.m. to 11 p.m. on August 29, 2008 and from 10 p.m. to 11 p.m. on August 31, 2008. Except for participants and vessels authorized by the Coast Guard Captain of the Port or his representative, no person or vessel may enter or remain in the regulated area.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. Although this regulation restricts access to the safety zone, the effect of this rule will not be significant because: (i) The safety zone will be in effect for a limited duration; (ii) the zone is of limited size; and (iii) the Coast Guard will make notifications via maritime advisories so mariners can adjust their plans accordingly.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.
