Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer at (240) 276–1243.

Project: Drug Abuse Warning Network (OMB No. 0930–0078)—Revision

The Drug Abuse Warning Network (DAWN) is an ongoing data system that collects information on drug-related medical emergencies as reported from about 350 hospitals nationwide, and drug-related deaths as reported from 11 states with centralized Medical Examiner offices and 125 medical examiners/coroner jurisdictions (ME/C) in 32 metropolitan areas. DAWN provides national and metropolitan estimates of substances involved with drug-related emergency department (ED) visits; disseminates information about substances involved in deaths investigated by participating medical examiners and coroners (ME/Cs); tracks drug abuse patterns, trends, and the emergence of new substances; monitors post-market adverse drug incidents; assesses health hazards associated with the use of illicit, prescription, and over-the-counter drugs; and generates information for national and local drug abuse policy and program planning. DAWN data are used by Federal, State, and local agencies, as well as universities, pharmaceutical companies, and the media.

From 2009 to 2011, DAWN will continue to recruit hospitals in the 13 oversampled metropolitan areas and in the remainder of the U.S. in order to improve the precision of estimates, adding approximately 43 sampled hospitals that are currently not
