ADDRESSES: The independent expert external peer review meeting will be held at the U.S. Environmental Protection Agency's National Risk Management Research Laboratory, located at 26 West Martin Luther King Drive, Cincinnati, OH. SUPPLEMENTARY INFORMATION: EPA is submitting the draft reports for independent, external scientific and technical peer review. The draft reports provide the documentation and scientific evaluation of the environmental effectiveness of the draft AACM protocol as a possible alternative technology in controlling multimedia asbestos emissions during demolition of asbestos-containing buildings, as required by the existing Asbestos National Emission Standard for Hazardous Air Pollutants (NESHAP). The draft AACM demolition protocol was used on two separate buildings. One building contained NESHAP-regulated quantities of asbestos-containing transite siding and the second building contained NESHAP-regulated quantities of asbestos-containing popcorn ceiling and wall surfacing material. In addition to

assessing the environmental effectiveness of the draft AACM technology, these two draft reports assess the costs and time requirements of the application of the AACM protocol in these situations, as well as document lessons learned in each instance. The public release of these draft documents is solely for the purpose of seeking public comment and peer review, and does not represent and should not be construed to represent any EPA policy, viewpoint, or determination.

Purpose

The Farm Credit Administration (FCA or Agency) Board reaffirms its commitment to Equal Employment Opportunity (EEO) and Diversity (EEOD) and its belief that all FCA employees should be treated with dignity and respect. The Board also provides guidance to Agency management and staff for deciding and taking action in these critical areas.

Importance

Unquestionably, the employees who comprise the FCA are its most important resource. The Board fully recognizes that the Agency draws its strength from the dedication, experience, and diversity of its employees. The Board is firmly committed to taking whatever steps are needed to protect the rights of its staff and to carrying out programs

that foster the development of each employee's potential. We believe an investment in efforts that strongly promote EEOD will prevent the conflict and the high costs of correction for taking no, or inadequate, action in these areas.

The Farm Credit Administration (FCA) Board Adopts the Following Policy Statement:

It is the policy of the FCA to prohibit discrimination in Agency policies, program practices, and operations. Employees, applicants for employment, and members of the public who seek to take part in FCA programs, activities, and services will be treated fairly. FCA, under the appropriate laws and regulations, will:

- Ensure equal employment opportunity based on merit and qualification, without discrimination because of race, color, religion, sex, age, national origin, disability, sexual orientation, status as a parent, genetic information, or participation in discrimination or harassment complaint proceedings;
- Provide for the prompt and fair consideration of complaints of discrimination;
- Make reasonable accommodations for qualified applicants for employment and employees with physical or mental disabilities under law;
- Provide an environment free from harassment to all employees;
- Create and maintain an organizational culture that recognizes, values, and supports employee and public diversity and inclusion;
- Develop objectives within the Agency's operation and strategic planning process to meet the goals of EEOD and this policy;
- Implement affirmative programs to carry out this policy within the Agency; and
- To the extent practicable, seek to encourage the Farm Credit System to continue its efforts to promote and increase diversity.

Diversity and Inclusion

The FCA intends to be a model employer. That is, as far as possible, FCA will build and maintain a workforce that reflects the rich diversity of individual differences evident throughout this Nation. The Board views individual differences as complementary and believes these differences enrich our organization. When individual differences are respected, recognized, and valued, diversity becomes a powerful force that can contribute to achieving superior results. Therefore, we will create, maintain, and continuously improve on
