[Docket No. RR08-5-000]

#### North American Electric Reliability Corporation; Notice of Filing

August 15, 2008.

Take notice that on August 14, 2008, the North American Electric Reliability Corporation filed a Petition for Approval of Amendments to the Bylaws of the North American Electric Reliability Corporation, pursuant to section 215(f) of the Federal Power Act and CFR 39.10.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and

Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). [Docket No. RM98-1-000]

**Records Governing Off-the Record Communications; Public Notice**

August 15, 2008.

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that

the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document. **Western Area Power Administration**

**Notice of Cancellation of Environmental Impact Statement for the Eastern Plains Transmission Project (EPTP), Eastern Colorado and Western Kansas**

**AGENCY:** Western Area Power Administration, Department of Energy.

**ACTION:** Notice of cancellation of Environmental Impact Statement.

**SUMMARY:** The U.S. Department of Energy, Western Area Power Administration (Western) is canceling the preparation of an Environmental Impact Statement (EIS) on a proposal by Western to participate with Tri-State Generation and Transmission Association, Incorporated (Tri-State), in the construction of the Eastern Plains Transmission Project (EPTP). Western would have obtained 275 megawatts of capacity rights on the proposed transmission lines by participating in the EPTP. The EIS would have addressed the construction, operation, and maintenance of approximately

1,000 miles of high-voltage transmission lines and ancillary facilities, which included substations, fiber optic installation, access roads, and construction staging areas. Western issued a Notice of Intent to prepare an EIS for the EPTP in the **Federal Register** on August 2, 2006 (71 FR 43733), and conducted 10 public scoping meetings throughout the project area from August 28 through September 14, 2006. Additional public meetings were held in February 2007 (72 FR 2507), and in June 2007 (72 FR 30792). Western is canceling the preparation of the EIS due to anticipated changes in the EPTP scope. If Western decides to participate in the re-defined EPTP, a National Environmental Policy Act review will
