

TABLE 1. EFFECTIVE DATES AND TIMES

Action	Area	Effective Date ¹	
		From	To
Prohibiting Atka mackerel by vessels participating in the BSAI trawl limited access fishery	Eastern Aleutian District and the Bering Sea subarea	1200 hrs, September 1, 2008	1200 hrs, November 1, 2008
Opening the first and second directed fisheries in the HLA for the Amendment 80 cooperative	542 and 543	1200 hrs, September 3, 2008	1200 hrs, September 13, 2008
	542 and 543	1200 hrs, September 15, 2008	1200 hrs, September 25, 2008
Opening the first and second directed fisheries in the HLA for vessels participating in the Amendment 80 limited access sector	542 and 543	1200 hrs, September 3, 2008	1200 hrs, September 11, 2008
	542 and 543	1200 hrs, September 13, 2008	1200 hrs, September 21, 2008
Opening the first directed fishery in the HLA for vessels participating in the BSAI trawl limited access sector	542	1200 hrs, September 3, 2008	1200 hrs, September 13, 2008

¹Alaska local time

In accordance with § 679.20(a)(8)(iii)(A) and § 679.20(a)(8)(iii)(B), vessels using trawl gear for directed fishing for Atka mackerel have previously registered with NMFS to fish in the HLA fisheries in areas 542 and 543. NMFS has randomly assigned each vessel to the directed fishery or fisheries for which they have registered. NMFS has notified each vessel owner as to which fishery each vessel has been assigned by NMFS (73 FR 47852, August 11, 2008).

In accordance with the final 2008 and 2009 harvest specifications for groundfish in the BSAI (73 FR 10160, February 26, 2008), revision (73 FR 44173, July 30, 2008), and correction (73 FR 47559, August 14, 2008), and § 679.20(a)(8)(ii)(C)(1), the HLA limits of the B season allowance of the 2008 TACs in areas 542 and 543 are 3,843 mt and 2,789 mt, respectively, for vessels participating in the Amendment 80 limited access fishery. The HLA limits of the B season allowance of the 2008 TACs in areas 542 and 543 are 2,534 mt and 1,735 mt, respectively, for Amendment 80 cooperatives. The HLA limit of the B season allowance of the 2008 TACs in area 542 is 130 mt for the BSAI trawl limited access fishery. In accordance with § 679.20(a)(8)(iii)(E), the Regional Administrator has established the closure dates of the Atka mackerel directed fisheries in the HLA for areas 542 and 543 based on the amount of the harvest limit and the estimated fishing capacity of the vessels assigned to the respective fisheries.

Consequently, NMFS is prohibiting directed fishing for Atka mackerel in the HLA of areas 542 and 543 in accordance with the dates and times listed in Table 1 of this notice.

After the effective dates of these closures, the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA) finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such a requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of the Atka mackerel fishery in the Eastern Aleutian District and the Bering Sea subarea for vessels participating in the BSAI trawl limited access fishery and the opening and closing of the fisheries for the HLA limits established for area 542 and area 543 pursuant to the 2008 Atka mackerel TAC. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of August 25, 2008. The AA also finds good cause to waive the 30-day delay in

the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 27, 2008.

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 071106673-8011-02]

RIN 0648-XK13

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Catcher Vessels 60 ft (18.3 m) LOA and Longer Using Hook-and-Line Gear in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific cod by catcher vessels greater than or equal to 60 ft (\geq 18.3 meters (m)) length overall (LOA) using hook-and-line gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2008 Pacific cod total allowable catch (TAC) allocated to catcher vessels \geq 60 ft (18.3 m) LOA using hook-and-line gear in the BSAI.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), August 28, 2008, through 2400 hrs, A.l.t., December 31, 2008.

FOR FURTHER INFORMATION CONTACT: Jennifer Hogan, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2008 Pacific cod TAC allocated to catcher vessels \geq 60 ft (18.3 m) LOA

using hook-and-line gear in the BSAI is 153 metric tons (mt) as established by the final 2008 and 2009 harvest specifications for groundfish in the BSAI (73 FR 10160, February 26, 2008) and reallocation on August 19, 2008 (73 FR 49962, August 25, 2008).

In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that the 2008 Pacific cod directed fishing allowance allocated to catcher vessels \geq 60 ft (18.3 m) LOA using hook-and-line gear in the BSAI has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod by catcher vessels \geq 60 ft (18.3 m) LOA using hook-and-line gear in the BSAI.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is

impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of Pacific cod by catcher vessels \geq 60 ft (18.3 m) LOA using hook-and-line gear in the BSAI. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of August 26, 2008.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by section 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 27, 2008.
