SUPPLEMENTARY INFORMATION:

Proposed Project: MSPB Survey on Federal Telework. The MSPB is asking for approval to collect information to support its study on Federal Telework. Federal employees will be asked to complete a survey(s) about their experiences with and perceptions of Telework and other related topics about their organizations and careers. This study is being conducted under MSPB's statutory authority to "conduct, from time to time, special studies relating to the civil service and to other merit systems in the executive branch, and report to the President and to the Congress as to whether the public interest in a civil service free of prohibited personnel practices is being adequately protected." (Section 1204 Title 5 U.S.C.) In addition, the Code of Federal Regulations also describes the role of MSPB's Office of Policy and Evaluation as responsible for carrying out "the Board's statutory responsibility to conduct special reviews and studies

of the civil service and other merit systems in the Executive Branch, as well as oversight reviews of the significant actions of the Office of Personnel Management."
