We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and implementing regulations (43 CFR part 2), and under regulations at 30 CFR 250.197, "Data and information to be made available to the public or for limited inspection." Responses are voluntary. No questions of a "sensitive" nature are asked. We will release data collected on these forms only in formats that do not include proprietary information volunteered by respondents.

Affected Public: General Public.

Respondent Obligation: Voluntary.

Frequency of Collection: On occasion, after each earthquake.

Estimated Number and Description of Respondents: Approximately 100,000 individuals affected by an earthquake.

Estimated Number of Responses: 80,000.

Annual Burden Hours: 10,000 hours.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: The currently approved "hour" burden for this collection is 10,000 hours. We estimate the public reporting burden will average 6 minutes per response. This includes the time for reviewing instructions, and answering a Web-based questionnaire.

Estimated Reporting and Recordkeeping "Non-Hour Cost" Burden: We have not identified any "non-hour cost" burdens associated with this collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number.
