RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

SUMMARY: In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and Purpose of Information Collection:

Continuing Disability Report; OMB 3220-0187

Under Section 2 of the Railroad Retirement Act, an annuity is not payable or is reduced for any month in which the annuitant works for a railroad or earns more than prescribed dollar amounts from either non-railroad employment or self-employment. Certain types of work may indicate an annuitant's recovery from disability. The provisions relating to the reduction or non-payment of annuities by reasons of work and an annuitant's recovery from disability for work are prescribed

in 20 CFR 220.17-220.20. The RRB conducts continuing disability reviews (CDR) to determine whether annuitants continue to meet the disability requirements of the law. Provisions relating to when and how often the RRB conducts CDRs are prescribed in 20 CFR 220.186.

Form G-254, Continuing Disability Report, is used by the RRB to develop information for CDR determinations, including determinations prompted by a report of work, return to railroad service, allegations of medical improvement, or routine disability call-up. The RRB proposes revision of an existing item to clarify information regarding the circumstances surrounding a disabled annuitant's self-employment.

Form G-254a, Continuing Disability Update Report, is used to help identify disability annuitants whose work activity and/or recent medical history warrants a more extensive review and thus completion of Form G-254. The RRB proposes no changes to Form G-254a.

One response is requested of each respondent to Form G-254 and G-254a. Completion is required to retain a benefit.

ESTIMATE OF ANNUAL RESPONDENT BURDEN

(The estimated annual respondent burden is as follows)

Form #(s)	Annual responses	Time (Min)	Burden (Hrs)
G-254	1,500	5-35	623
G-254a	1,500	5	125

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-58521; File No. SR-BATS-2008-002]

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing of Proposed Rule Change To Amend BATS Rule 11.5, entitled "Orders and Modifiers," To Provide for a New Order Type—Modified Directed Intermarket Sweep Order

September 11, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 8, 2008, BATS Exchange, Inc. ("BATS" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the

proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to amend BATS Rule 11.5, entitled "Orders and Modifiers," to provide for a new order type, a Modified Directed Intermarket Sweep Order ("Modified Directed ISO").

The text of the proposed rule change is available at the Exchange's Web site at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission's Public Reference room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to provide an additional order type to Users of the Exchange. The proposed new order type is a "Modified Directed Intermarket Sweep Order" ("Modified Directed ISO"). A Modified Directed ISO is an order that bypasses the System and is immediately routed by the Exchange as an IOC ISO to an away trading center specified by the User for execution, provided that the away trading center must be displaying a Protected Quotation, as that term is defined in the Exchange's rules. If the ISO is not executed in its entirety at the away trading center, the Modified Directed ISO returns to the Exchange as an IOC ISO and any portion not executed at the Exchange will be cancelled back to the User. It is the entering Member's responsibility, not the Exchange's responsibility, to comply with the requirements of Regulation NMS relating to Intermarket Sweep Orders.

The Exchange believes that Modified Directed ISO's will enhance order

execution opportunities for Exchange Users by allowing such Users to route ISOs to a specified trading center, and if not executed in whole or in part at such trading center, to have their orders filled as ISOs on the BATS book if there is available liquidity at the Exchange to fill the order. Accordingly, the addition of a Modified Directed ISO order type to BATS Rule 11.5 promotes just and equitable principles of trade, removes impediments to, and perfects the mechanism of, a free and open market and a national market system.

2. Statutory Basis

The Exchange believes the proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b).³ In particular, for the reasons described above, the proposed change is consistent with Section 6(b)(5) of the Act, because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding, or (ii) as to which the Exchange consents, the Commission will:

(A) by order approve such proposed rule change; or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and
