Sea Gull Lighting Products LLC, Riverside, NJ; Notice of Affirmative Determination Regarding Application for Reconsideration

By application submitted via facsimile on August 28, 2008, a petitioner requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) and Alternative Trade Adjustment Assistance (ATAA) applicable to workers and former workers of the subject firm. The determination was issued on July 28, 2008. The Notice of Determination was published in the **Federal Register** on August 12, 2008 (73 FR 46924).

The initial investigation resulted in a negative determination based on the finding that imports of residential lighting fixtures did not contribute importantly to worker separations at the subject firm and no shift of production to a foreign source occurred.

In the request for reconsideration, the petitioner provided additional information pertaining to the imports of lighting fixtures and the impact it has on subject firm production.

The Department has carefully reviewed the request for reconsideration and the existing record and has determined that the Department will conduct further investigation to determine if the workers meet the eligibility requirements of the Trade Act of 1974.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department

of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 5th day of September 2008.

Certifying Officer, Division of Trade Adjustment Assistance.

The notice was published in the **Federal Register** on July 30, 2008 (73 FR 44283).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers were engaged in employment related to the production of convoluted protective plastic covers for wire harnesses.

New information shows that in March 2008, Delfingen US, Inc. purchased M&Q Plastic Products. Currently some of the workers wages at the subject firm are being reported under several Unemployment Insurance (UI) tax accounts for Delfingen US, Inc., formerly known as M&Q Plastic Products, also known as Safanou, Inc.

Accordingly, the Department is amending this certification to properly reflect this matter.

The intent of the Department's certification is to include all workers of Delfingen US, Inc., formerly known as M&Q Plastic Products, also known as Safanou, Inc. who were adversely affected by a shift in production of convoluted protective plastic covers for wire harnesses to Mexico.
