National Library of Medicine; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Library of Medicine Special Emphasis Panel P41 SEP.

Date: November 7, 2008.

Time: 1 p.m. to 3 p.m.

Agenda: To review and evaluate grant applications.

Place: National Library of Medicine, Building 38, 2nd Floor, Board Room, 8600 Rockville Pike, Bethesda, MD 20892.

Contact Person: Arthur A. Petrosian, PhD, Scientific Review Administrator, Division of Extramural Programs, National Library of Medicine, National Institutes of Health, 6705 Rockledge Drive, Suite 301, Bethesda, MD 20892-7968, 301-496-4253, petrosia@mail.nih.gov.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning

opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Project: National Outcome Measures for Substance Abuse Prevention (OMB No. 0930-0230)—Revision

The Substance Abuse and Mental Health Services Administration's (SAMHSA) Center for Substance Abuse Prevention (CSAP) is requesting Office of Management and Budget (OMB) approval for CSAP's data collection set of National Outcome Measures (NOMs) identified for the field of prevention. The current approval, under OMB No. 0930-0230, is expiring on December 31, 2008. All new grantees initially funded at the end of FY08 and beyond (subject to OMB approval) will be required to use these measures as appropriate at the State, substate, program and participant levels. CSAP is requesting approval to continue collecting data using measures in the following domains: Abstinence from Alcohol and Other Drugs, Employment/Education, Crime and Criminal Justice, Access/Service Capacity, Retention, Social Support/Social Connectedness, Cost-Effectiveness, and Use of Evidence-Based Practices. These NOMs relate to youth ages 12 to 17 and to adults ages 18 and older.

CSAP is proposing to eliminate 22 of the 49 measures that received OMB clearance in 2005, to reduce reporting burden for grantees. CSAP also requests permission to make minor changes to the question wording and response categories for some of the remaining measures. Since the National Survey of Drug Use and Health (NSDUH) provides an economical extant source of data for NOMs measures at the State level, it is

important that the NOMs conform to NSDUH question wording. CSAP believes NOMs measures are necessary to assess the performance of its prevention programs. Based on its long history working with States, communities, and prevention providers, the Data Analysis Coordination and Consolidation Center (DACCC) and outside expert panels believe consistent prevention measures allow for valid comparison evaluations. CSAP is requesting to modify the wording of 12 previously approved questions in order to make them comparable to individual NOMs items. For example, NSDUH items on 30-day use ask respondents to report the number of *days* on which they used specific substances. Three currently approved NOMs 30-day use questions ask respondents for the number of *occasions* on which they used substances. CSAP would like to change the wording of these questions and their corresponding response options to conform to NSDUH wording. Second, response options for NSDUH questions typically include a *Don't Know* response option. CSAP is requesting modification of nine currently approved NOMs questions to include this response option.

CSAP intends to implement the following approach in collecting NOMs data:

Required NOMs Data for States. CSAP pre-populates State level NOMs measures for all but three domains using data from the NSDUH. States supply the data on the number of persons served, cost efficiency, and evidence based practices from their own administrative databases.

Required NOMs Data for Discretionary Grantees. SAMHSA's CSAP has identified specific outcome measures that are required of non-State discretionary grant recipients. These NOMs represent the domains noted above and relate to youth ages 12 to 17 and to adults ages 18 and older. Grantees providing services are required to administer surveys to all participants at program entry (baseline), program exit, and three to six months following program exit.

CSAP believes that the NOMs measures are necessary to assess the performance of its prevention programs; based on its long history working with States, communities, and prevention providers, and on input from its Data Analysis Coordination and Consolidation Center (DACCC) and from

outside expert panels who made recommendations based on a review of existing measures using standard criteria. Additionally, we believe that these measures can be collected at the National, State, substate, and/or program level as appropriate, providing the consistency of measurement towards which we strive. NOMs epidemiologic measures are already collected by other agencies and no burden will be imposed on SAMHSA/CSAP grantees. The NOMs measures will be used as follows:

National/State: Outcome trend measures are used to identify need and monitor global effectiveness at the population level, for the purpose of informing Federal resource allocation decisions.

Community: Outcome trend measures are used to (1) determine need and target resources to communities at greatest risk and (2) track performance of universal programs and environmental strategies. The data will inform allocation of community resources.

Program: Outcome pre/post measures are used to assess program performance of direct service programs at the individual program participant level.

BURDEN ESTIMATE

SAMHSA/CSAP program	Number of grantees	Number of respondents	Responses per respondent	Hours/response	Total hours
FY 09					
Science/Services:					
Fetal Alcohol	6	4,800	3	0.75	10,800
Workplace	6	6,000	1	0.75	4,500

BURDEN ESTIMATE—Continued

SAMHSA/CSAP program	Number of grantees	Number of respondents	Responses per respondent	Hours/response	Total hours
Methamphetamine	12	3,000	3	0.75	6,750
Annual Average	10,196	0.75	15,359

* The Strategic Prevention Framework State Incentive Grant (SPF SIG) has a three level evaluation: The Grantee, Community and Program Level. The Grantee level data will be pre-populated by SAMHSA. The use of the Community Level instrument is optional as they relate to targeted interventions implemented during the reporting period. At the program level, items will be selected to direct services implemented.

Send comments to Summer King, SAMHSA Reports Clearance Officer, Room 7-1044, One Choke Cherry Road, Rockville, MD 20857 AND e-mail her a copy at summer.king@samhsa.hhs.gov. Written comments should be received within 60 days of this notice.

Dated: September 12, 2008.

Elaine Parry,

Acting Director, Office of Program Services.

BILLING CODE 4162-20-P

DEPARTMENT OF THE INTERIOR

Central Utah Project Completion Act

AGENCIES: Department of the Interior, Office of the Assistant Secretary—Water and Science.

ACTION: Notice of Availability, Final Environmental Assessment (FEA) and Finding of No Significant Impact (FONSI), Hobbie Creek Stream Restoration, Utah County, Utah.

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969, as amended, the Central Utah Project Completion Act Office has evaluated the environmental impacts of a proposal to relocate, and restore natural stream sinuosity, and fisheries habitat, in Hobbie Creek, a tributary to Utah Lake in Utah County, Utah, to assist recovery of the endangered June sucker fish (*Chasmistes liorus*). Following a review of issues, with public involvement, the Department has concluded that no significant impacts affecting the quality of the human environment are anticipated to result from this action. Therefore, no Environmental Impact Statement will be prepared.

Under the Proposed Action, approximately the last one mile of Hobbie Creek, where it enters Utah Lake, will be relocated onto property owned by the State of Utah. The project will improve the hydrology of the stream, open the upper reaches of Hobbie Creek to spawning June sucker, which currently exist in Utah Lake. As part of the project, adjacent wetlands

and connecting side channels will be constructed on the property to create backwater habitat for survival and rearing of larval stages of June sucker produced in the creek. After construction, the project lands would be managed by the Utah Division of Wildlife Resources for protection of wetlands and conservation of the June sucker. The Utah Transit Authority, State of Utah, and the U.S. Fish and Wildlife Service served as cooperating agencies in completing the environmental evaluations under NEPA.

This project is being implemented in cooperation with the June Sucker Recovery Implementation Program (JSRIP).

FOR FURTHER INFORMATION CONTACT:

Copies of the Final EA and FONSI are available by contacting Mr. Ralph G. Swanson at the Central Utah Project Completion Act Office, 302 East 1860 South, Provo, Utah 84606, by calling 801/379-1254, or E-mail at rswanon@uc.usbr.gov.

Copies of the Final EA and FONSI are also available for inspection at:

Springville City Library, 50 South Main, Springville, Utah 84663;

Department of the Interior, Central Utah Project Completion Act Office, 302 East 1860 South, Provo, Utah 84606.

In addition, both documents are available at the JSRIP Web site at <http://www.junesuckerrecovery.org> or the Utah Transit Authority Web site at <http://www.rideuta.com>.

SUPPLEMENTARY INFORMATION: None.

Draft Recovery Plan for the Prairie Species of Western Oregon and Southwestern Washington

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of document availability for review and comment.

SUMMARY: The U.S. Fish and Wildlife Service announces the availability of the draft Recovery Plan for the Prairie Species of Western Oregon and Southwestern Washington for public review and comment. The listed species addressed in the recovery plan are: Fender's blue butterfly (*Icaricia icarioides fenderi*), *Erigeron decumbens* var. *decumbens* (Willamette daisy), *Lomatium bradshawii* (Bradshaw's lomatium), *Lupinus sulphureus* ssp. *kincaidii* (Kincaid's lupine), *Sidalcea nelsoniana* (Nelson's checker-mallow) and *Castilleja levisecta* (golden paintbrush).

ADDRESSES: Copies of the draft recovery plan are available by request from the U.S. Fish and Wildlife Service, Oregon Fish and Wildlife Office, 2600 SE 98th Avenue, Suite 100, Portland, Oregon 97266 (phone: 503-231-6179). An electronic copy of the draft recovery plan is also available at <http://endangered.fws.gov/recovery/index.html#plans>. Printed copies of the draft recovery plan will be available for distribution within 4 to 6 weeks.

FOR FURTHER INFORMATION CONTACT: Cat Brown, Fish and Wildlife Biologist, at the above Portland address and telephone number.

SUPPLEMENTARY INFORMATION:

Background

Recovery of endangered or threatened animals and plants is a primary goal of the Endangered Species Act (Act) (16 U.S.C. 1531 *et seq.*) and our endangered species program. Recovery means
