Background: The GPC is a committee of the U.S. Chief Financial Officers (CFO) Council. The Office of Management and Budget (OMB) sponsors the GPC; its membership consists of grants policy subject matter experts from across the Federal Government. The GPC is charged with improving the management of federal financial assistance government-wide. To carry out that role, the committee recommends financial assistance policies and practices to OMB and coordinates related interagency activities. The GPC serves the public interest in collaboration with other Federal Government-wide grants initiatives.
