SUPPLEMENTARY INFORMATION:

Background.—On November 19, 2003, the Department of Commerce issued an antidumping duty order on imports of refined brown aluminum oxide from China (68 FR 65249). The Commission is conducting a review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by the Department of Commerce.

(2) The *Subject Country* in this review is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determination, the Commission defined the *Domestic Like Product* as all merchandise corresponding to the scope of the investigation, as well as any refined brown aluminum oxide where particles with a diameter greater than 3/8 inch constitute at least 50 percent of the total weight of the entire batch, as long as this product has been crushed, screened, and sorted into consistent sizes.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination, the Commission defined the *Domestic Industry* as all U.S. producers of the domestic like product, as defined above, with the exception of Great Lakes Minerals, which was excluded from the domestic industry as a related party.
