If you wish us to withhold this personal information, you must state this prominently at the beginning of your comment. Anonymous comments will not be considered. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, are available for public inspection in their entirety.

If we determine that all requirements are met, we will sign the Agreement and issue an enhancement of survival permit under section 10(a)(1)(A) of the Act to the Service's Oregon Fish and Wildlife Office (OFWO). The OFWO will serve as the permit holder, and may extend coverage to interested, eligible landowners for the take of Fender's blue butterfly, incidental to otherwise lawful activities in accordance with the terms of the Agreement, Certificates of Inclusion and permit. Please note that the Service will not be receiving any assurances as holder of the permit, but permitted landowners will. This notice is provided pursuant to section 10(c) of the Act and NEPA regulations (40 CFR 1506.6).

Dated: August 8, 2008.

David J. Wesley,

Deputy Regional Director, U.S. Fish and Wildlife Service, Region 1, Portland, Oregon.

National Park Service

Special Resource Study, Environmental Impact Statement, Blackstone River Valley, Massachusetts and Rhode Island

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of Intent to Prepare an Environmental Impact Statement, Blackstone River Valley Special Resource Study.

SUMMARY: In accordance with section 102(2)(c) of the National Environmental Policy Act of 1969, the National Park Service (NPS) is preparing an Environmental Impact Statement (EIS) for a Special Resource Study (SRS) of landscape features and sites that contribute to the understanding of the Blackstone River Valley National Heritage Corridor as the birthplace of the Industrial Revolution in the United States. This study was mandated by Public Law 109-338, the "John H. Chafee Blackstone River Valley National Heritage Corridor Reauthorization Act of 2006."

The Blackstone River Valley National Heritage Corridor encompasses 24 communities located along the Blackstone River and its tributaries spanning from Worcester, MA to Providence, RI. Within the boundaries of the heritage corridor lie approximately 400,000 acres of land and over 500,000 people. The waters of the Blackstone River powered the Slater Mill, a National Historic Landmark, in Pawtucket, RI, America's first successful textile mill. This creative spark contributed to the nation's historic evolution as a global industrial and technological power.

The Blackstone River Valley National Heritage Corridor was established by Public Law 99-647 in November 1986 for the purpose of preserving and interpreting for educational and inspirational benefit of present and future generations the unique and
