

Bloomberg, and Reuters), and historical data regarding the Index and the Indices are published at <http://www.indices.standardandpoors.com>.

The Commission also believes that the proposal to list and trade the Shares is reasonably designed to promote fair disclosure of information that may be necessary to price the Shares appropriately and to prevent trading when a reasonable degree of transparency cannot be assured. The Commission notes that the Exchange will obtain a representation on behalf of the Trusts that the per share values of the Up MacroShares and DownMacroShares will be calculated daily and made available to all market participants at the same time. Additionally, if it becomes aware that the per share value of either the Up MacroShares or DownMacroShares is not disseminated daily to all market participants at the same time, the Exchange will halt trading in the Shares until that information is available to all market participants.

Though the Exchange has stated that the Index Committee has "complete discretion" to determine how the Index and its related indices are calculated, an Exchange's obligations under Section 19(b) of the Act and Rule 19b-4 thereunder are independent of any discretion the Index Committee may have. Thus, the Exchange must monitor changes to the Shares, including any change to the calculation of the Index. The Exchange must assess whether any changes to the Shares would require it to submit a proposed rule change in accordance with Section 19(b)(1) of the Act¹⁴ and Rule 19b-4 thereunder,¹⁵ or take any other action as appropriate, including halting trading of the Shares.

The Exchange has represented that the Shares are equity securities subject to the Exchange's rules governing the trading of equity securities. In support of this proposal, the Exchange has made the following representations:

- (1) The Shares will conform to the initial and continued listing criteria under NYSE Arca Equities Rule 8.400.¹⁶
- (2) The Exchange's surveillance procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws.
- (3) Prior to the commencement of trading, the Exchange will inform its ETP Holders in an Information Bulletin of the special characteristics and risks associated with trading the Shares,

prospectus delivery requirements, and other information, as described in more detail in the Notice.¹⁷

This approval order is based on the Exchange's representations.

III. Accelerated Approval

The Commission finds good cause, pursuant to Section 19(b)(2) of the Act,¹⁸ for approving the proposal prior to the thirteenth day after the date of publication of the Notice in the **Federal Register**. The Commission has received no comments regarding the proposed rule change, and the Commission finds that the proposed rule change does not raise any novel regulatory issues. Additionally, the Commission believes that accelerating approval of this proposal should benefit the market by making available to investors, without undue delay, additional products in the market for Paired Trust Shares.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁹ that the proposed rule change (SR-NYSEArca-2008-92) be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁰

Florence E. Harmon,
Acting Secretary.
