

(Catalog of Federal Domestic Assistance No. 97.022, "Flood Insurance.")

Dated: September 29, 2008.

Michael K. Buckley,

Acting Assistant Administrator, Mitigation Directorate, Department of Homeland Security, Federal Emergency Management Agency.

[FR Doc. E8-24082 Filed 10-9-08; 8:45 am]

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: Base (1% annual chance) Flood Elevations (BFEs) and modified BFEs are made final for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained by contacting the office where the maps

are available for inspection as indicated on the table below.

ADDRESSES: The final BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: William R. Blanton, Jr., Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472 (202) 646-3151.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Assistant Administrator of the Mitigation Directorate has resolved any appeals resulting from this notification.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community. The BFEs and modified BFEs are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act. This final rule is categorically excluded

from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This final rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

■ Accordingly, 44 CFR part 67 is amended as follows:

PART 67—[AMENDED]

■ 1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.11 [Amended]

■ 2. The tables published under the authority of § 67.11 are amended as follows:

Flooding source(s)	Location of referenced elevation	* Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL) Modified	Communities affected
Crawford County, Arkansas, and Incorporated Areas FEMA Docket No.: B-7728			
Louemma Creek	At the intersection of North Hills Blvd	+459	City of Van Buren.
	At the intersection with Rena Road	+487	
Town Branch	Intersection with 20th St	+420	City of Van Buren.
	Intersection with Alma	+445	

* National Geodetic Vertical Datum.
+ North American Vertical Datum.
Depth in feet above ground.

ADDRESSES

City of Van Buren

Maps are available for inspection at 1003 Broadway, Van Buren, AR 72956.

Flooding source(s)	Location of referenced elevation	* Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL) Modified	Communities affected

Consumer and Governmental Affairs Bureau Modifies Cost Submission Timeframes Associated With Implementation of the Numbering System for Internet-Based Telecommunications Relay Services (TRS)

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Consumer and Governmental Affairs Bureau (Bureau) modifies the filing timeframes in which Video Relay Service (VRS) and Internet Protocol (IP) Relay providers requesting compensation from the Interstate TRS Fund (Fund) must submit their initial filing for costs associated with implementation of the numbering system for Internet-based TRS.

DATES: Initial filing deadline is January 30, 2009.

FOR FURTHER INFORMATION CONTACT: Thomas Chandler, Consumer and Governmental Affairs Bureau, Disability Rights Office at (202) 418-1475 (voice), (202) 418-0597 (TTY), or e-mail at Thomas.Chandler@fcc.gov.

SUPPLEMENTARY INFORMATION: This is a summary of the Bureau's document DA 08-2130, released September 22, 2008 in CG Docket No. 03-123 and WC Docket No. 05-196. The full text of document DA 08-2130 will be available for public inspection and copying during regular business hours at the FCC Reference Information Center, Portals II, 445 12th Street, SW., Room CY-A257, Washington, DC 20554. Document DA 08-2130 and copies of subsequently filed documents in this matter may also be purchased from the Commission's duplicating contractor at Portals II, 445 12th Street, SW., Room CY-B402, Washington, DC 20554. Customers may contact the

Commission's duplicating contractor at its Web site, <http://www.bcpweb.com>, or by calling 1-800-378-3160. To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an e-mail to fcc504@fcc.gov or call the Consumer and Governmental Affairs Bureau at (202) 418-0530 (voice) or (202) 418-0432 (TTY). Document DA 08-2130 also can be downloaded in Word or Portable Document Format (PDF) at: <http://www.fcc.gov/cgb/dro/trs.html#orders>.

Synopsis

On June 24, 2008, the Commission released *Telecommunications Relay Services and Speech-to-Speech Services for Individuals with Hearing and Speech Disabilities; E911 Requirements for IP-Enabled Service Providers*, CG Docket No. 03-123, WC Docket No. 05-196, Report and Order and Further Notice of Proposed Rulemaking, 23 FCC Rcd 11591 (*Numbering Order*), published at 73 FR 41286, July 18, 2008 and 73 FR 41307, July 18, 2008. In document DA 08-2130, the Bureau modifies the filing timeframes in which VRS and IP Relay providers requesting compensation from the Fund must submit their initial filing for costs associated with implementing the requirements of the June 24, 2008 *Numbering Order*. Specifically, VRS and IP Relay providers must submit their initial filings by January 30, 2009, for the period of June 24, 2008 through December 31, 2008. Further, VRS and IP Relay providers subsequently must submit costs 30 days after the end of each calendar quarter for costs incurred during the preceding quarter.

In the *Numbering Order*, the Commission adopted a system for assigning users of Internet-based TRS, specifically VRS and IP Relay, ten-digit telephone numbers linked to the North American Numbering Plan. In so doing, the Commission also determined that VRS and IP Relay providers could be compensated for their costs of implementing the mandates of the *Numbering Order*. The Commission noted that although VRS and IP Relay providers presently are compensated based on a per-minute rate calculated pursuant to the Commission's rules, the providers' additional costs necessary to implement the numbering and emergency call handling requirements have not been factored into the present compensation rates. The Commission therefore concluded that it would "compensate these costs separately from the other costs presently encompassed by the per-minute compensation rates." The Commission directed that VRS and IP Relay providers seeking

compensation for their actual reasonable costs of complying with the new requirements in the *Numbering Order* submit to the Fund administrator (currently, the National Exchange Carrier Association) reasonably detailed explanations of those costs. The Commission further directed that those costs be submitted to the Fund administrator every three months, beginning three months after the release date of the *Numbering Order*, for the costs actually incurred during the prior three-month period. By these terms of the *Numbering Order*, which was released on June 24, 2008, the initial submission of those costs would be due September 24, 2008.

In order to allow sufficient time for providers to prepare their filings upon the close of the cost reporting period, the Bureau recognizes that it is appropriate to afford providers additional time to report their costs. Accordingly, and in order to ensure that providers' filings include costs that are incurred up to and including the final date of the reporting period, the Bureau modifies the reporting timeframes to allow providers an additional 30 days to file their costs after the end of a reporting period. In addition, for administrative convenience, the Bureau conforms the three-month reporting periods to calendar quarters. Finally, because these cost submissions constitute new information collections subject to the Paperwork Reduction Act of 1995 (PRA), Public Law 104-13, this requirement cannot go into effect until the Office of Management and Budget approves the collections under the PRA and the Commission publishes a notice in the **Federal Register** announcing such approval and the relevant effective date(s). In order to afford time for the Commission to receive and publish PRA approval to be received and announced, the Bureau extends the initial filing deadline until January 30, 2009. In other words, the first cost submissions to the Fund administrator must be filed by January 30, 2009, and will cover the period from the release date of the *Numbering Order*, June 24, 2008, through December 31, 2008. Subsequent reports will be due 30 days after the close of each calendar quarter.

To illustrate, the first few subsequent reporting periods and filing due dates will be as follows:

January 1, 2009, through March 31, 2009: Cost submission due April 30, 2009.
 April 1, 2009, through June 30, 2009: Cost submission due July 30, 2009.
 July 1, 2009, through September 30, 2009: Cost submission due October 30, 2009.
