#### SUPPLEMENTARY INFORMATION:

##### I. Background

Pursuant to the savings clause in the Homeland Security Act of 2002, Public Law 107–296, Section 1512, 116 Stat. 2310 (November 25, 2002), the Department of Homeland Security (DHS) and its components and offices have relied on preexisting Privacy Act systems of records notices for the collection and maintenance of records that concern the Department's accounts payable records.

As part of its efforts to streamline and consolidate its Privacy Act record systems, DHS is establishing a new agency-wide system of records under the Privacy Act (5 U.S.C. 552a) for the DHS accounts payable records. The system will consist of both electronic and paper records and will be used by DHS and its components and offices to maintain accounts payable records. The data will be collected by name or other unique personal identifier. This will ensure that all components of DHS follow the same privacy rules for collecting and handling accounts payable records. The collection and maintenance of this information will assist DHS in meeting its obligation to manage Departmental funds in order to

ensure that DHS pays its creditors, including DHS employees for travel related reimbursements, and ensures that DHS has an accurate accounting of all monies which it owes and to whom.

In accordance with the Privacy Act of 1974 and as part of DHS's ongoing effort to review and update legacy system of record notices, DHS proposes to consolidate three legacy record systems: Treasury/CS.207 Reimbursable Assignment/Workticket System (66 FR 52984 October 18, 2001), Treasury/CS.249 Uniform Allowance-Unit Record (66 FR 52984 October 18, 2001), and Treasury/CS.269 Accounts Payable Voucher File (66 FR 52984 October 18, 2001). This system will allow DHS to collect and maintain payment records. Categories of individuals, categories of records, and the routine uses of these legacy system of records notices have been consolidated and updated to better reflect the Department's accounts payable record systems. This consolidated system, titled Accounts Payable, will be included in the Department's inventory of record systems.

##### II. Privacy Act

The Privacy Act embodies fair information principles in a statutory framework governing the means by which the United States Government collects, maintains, uses, and disseminates individuals' records. The Privacy Act applies to information that is maintained in a "system of records." A "system of records" is a group of any records under the control of an agency for which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined to encompass United States citizens and legal permanent residents. As a matter of policy, DHS extends administrative Privacy Act protections to all individuals where systems of records maintain information on U.S. citizens, lawful permanent residents, and visitors. Individuals may request access to their own records that are maintained in a system of records in the possession or under the control of DHS by complying with DHS Privacy Act regulations, 6 CFR Part 5.

The Privacy Act requires that each agency publish in the **Federal Register** a description denoting the type and character of each system of records in order to make agency recordkeeping practices transparent, to notify individuals about the use of their records, and to assist the individual to more easily find files within the agency.

Below is a description of the Accounts Payable System of Records.

In accordance with 5 U.S.C. 552a(r), DHS has provided a report of this revised system of records to the Office of Management and Budget and to the Congress.

[Docket No. DHS-2008-0012]

**Privacy Act of 1974; Department of Homeland Security Grievances, Appeals, and Disciplinary Action Records System of Records**

**AGENCY:** Privacy Office; DHS.

**ACTION:** Notice of Privacy Act system of records.

**SUMMARY:** In accordance with the Privacy Act of 1974 and as part of the Department of Homeland Security's ongoing effort to review and update legacy system of record notices, the Department of Homeland Security proposes to consolidate four legacy record systems: Treasury/CS.077 Disciplinary Action Grievance and Appeal Case Files, October 18, 2001, Treasury/CS.159 Notification of Personnel Management Division When an Employee is Placed Under Investigation by the Office of Internal Affairs, October 18, 2001, FEMA/NETC-3 Records of Alleged Misconduct of Students Attending Training Courses at the National Emergency Training Center, September 7, 1990, and FEMA/PER-1 Grievance Records, September 7, 1990, into one Department of Homeland Security-wide system of records. The Department of Homeland Security also proposes to partially consolidate Treasury/USSS.002 Chief Counsel Record System, August 28, 2001, into this system. This system will allow the Department of Homeland Security to document all current and former Department of Homeland Security personnel who have been the subject of proposed or final disciplinary action, have filed a grievance or appeal, or have been suspected of misconduct. Categories of individuals, categories of records, and the routine uses of these legacy systems of records notices have been consolidated and updated to better reflect the Department's grievances, appeals, and disciplinary action record systems. DHS is issuing a Notice of Proposed Rulemaking (NPRM) concurrent with this SORN elsewhere in the **Federal Register**. The exemptions for the legacy system of records notices will continue to be applicable until the final rule for this SORN has been completed. This consolidated system, titled Grievances, Appeals, and Disciplinary Action, will be included in the Department's inventory of record systems.
