International Trade Administration

Notice of Request for Public Comment

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice of request for public comment.

SUMMARY: The Department of Commerce's International Trade Administration (ITA) is seeking U.S. companies and industry associations in the field of Information and Communication Technologies (ICT) who

are interested in the Vietnam's business climate for U.S. products or services and how policy issues may have an impact on trade and investment in this sector. In 2007, the ITA launched the U.S.-Vietnam ICT Commercial Dialogue with the Ministry of Information and Communications (MIC) in Vietnam to discuss various ICT issues that have an impact on trade between our two countries. The U.S. and Vietnamese companies that participated in the meeting made several recommendations for future areas of cooperation. To continue facilitating input from the private sector, ITA and MIC agreed to create a Business Advisory Group under the Dialogue and encourage wide participation from both countries. The main objectives of the Business Advisory Group are to identify areas of mutual concern to be potentially addressed by the Working Group of the U.S.-Vietnam ICT Commercial Dialogue, and to coordinate activities that could be considered deliverables for the Dialogue. Examples of issues that have been covered so far include advancement of telecom infrastructure, protection of intellectual property rights for software, and supporting electronic commerce by developing legal frameworks for data privacy.

DATES: November 12-13, 2008.

ADDRESSES: Inquiries about participation in the Business Advisory Group should be addressed to the contact below, and received by close of business on Monday, November 10, 2008.

FOR FURTHER INFORMATION CONTACT: Cora Dickson, U.S. Department of Commerce, Office of Technology and Electronic Commerce, 1401 Constitution Avenue, NW., Room 4327, Washington, DC 20230; *Telephone:* 202-482-6083; *Fax:* 202-482-5834; *e-mail:* cora.dickson@mail.doc.gov.

SUPPLEMENTARY INFORMATION: The Business Advisory Group is expected to have participants from U.S. and Vietnamese companies or associations and generally be responsible for developing their own internal communication and consultation mechanisms, including informal meetings. Participation in the Business Advisory Group should be open to any ICT companies and industry associations who wish to contribute to the Dialogue. However, due to space constraints, only two representatives per company and/or organization can attend the upcoming Business Advisory Group meeting, which will be hosted at the Department of Commerce in Washington on November 12 in

preparation for the U.S.-Vietnam ICT Commercial Dialogue Working Group meeting on November 13.

Dated: October 14, 2008.

Director, Office of Technology and Electronic Commerce.

Notice of Request for Public Comment

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice of request for public comment.

SUMMARY: The Department of Commerce's International Trade Administration (ITA) is seeking U.S. academic institutions, training centers, and other interested parties who would like to organize joint activities with their counterparts in Vietnam in the field of Information and Communication Technologies (ICT). In 2007, the ITA launched the U.S.-Vietnam ICT Commercial Dialogue with the Ministry of Information and Communications (MIC) in Vietnam to discuss various ICT issues that have an impact on trade between our two countries. The U.S. and Vietnamese companies that participated in the meeting recommended the establishment of a "public/private partnership for the development of human resources through technical training programs." Therefore MIC has proposed that an Academic Advisory Group be created in addition to a Business Advisory Group under the Dialogue.

The objective of the Academic Advisory Group would be to facilitate an exchange of ideas on the best curriculum to meet the needs of ICT growth, and to increase opportunities for Vietnamese citizens to study in the ICT field in Vietnam through distance learning mechanisms, or at United States institutions.

The initial meeting of the Academic Advisory Group, to be held via videoconference, is tentatively scheduled for November 12, 2008. A representative of the group would make a brief report at the ICT Dialogue Working Group meeting on November 13 in Washington, DC. A follow-up meeting is anticipated in January 2009 in Hanoi.

DATES: November 12-13, 2008.

ADDRESSES: Inquiries about participation in the videoconference should be addressed to the contact below, and received by close of business on Monday, November 10, 2008.

FOR FURTHER INFORMATION CONTACT: Cora Dickson, U.S. Department of Commerce, Office of Technology and Electronic Commerce, 1401 Constitution Avenue, NW., Room 4327, Washington, DC 20230; *Telephone:* 202-482-6083; *Fax:* 202-482-5834; *E-mail:* cora.dickson@mail.doc.gov.

SUPPLEMENTARY INFORMATION: U.S. Ambassador to Vietnam Michael Michalak has made education a top priority. The U.S. Embassy in Hanoi hosted an education conference in January as a first step, and expects to hold another one in January 2009. Vietnam currently faces an estimated deficit of \$100 million per year in funding its educational plans, and is trying to close the gap by seeking international support in paying for and helping implement reforms. In the field of ICT, Vietnam is facing a shortage of qualified workers to meet the increasing need for IT skills as it modernizes its infrastructure. U.S. companies also hope to create opportunities for trade and investment as ICT grows stronger in Vietnam.
