

Aircraft operators must provide TSA with the flight plan and registration number of their aircraft that operates to or from DCA. This information is also being shared with FAA for purposes of tracking and identifying approved aircraft. TSA estimates a total of 200 respondents annually. The total number of annual burden hours is estimated to be 227 hours per year (200 respondents × 1.135 hours per respondent = 227 hours annually).

Issued in Arlington, Virginia, on October 15, 2008.

Kurt Guyer,

Acting Program Manager, Business Improvements and Communications, Office of Information Technology.

Fish and Wildlife Service

[FWS-R4-R-2008-N0218; 40136-1265-0000-S3]

Lake Woodruff National Wildlife Refuge, Lake and Volusia Counties, FL

AGENCY: Fish and Wildlife Service, Department of the Interior.

ACTION: Notice of availability: Final comprehensive conservation plan and finding of no significant impact.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce the availability of our final comprehensive conservation plan (CCP) and finding of no significant impact (FONSI) for Lake Woodruff National Wildlife Refuge (NWR). In the CCP, we describe how we will manage Lake Woodruff NWR for the next 15 years.

ADDRESSES: A copy of the final CCP may be obtained by visiting the refuge at 2045 Mud Lake Road, DeLeon Springs, FL 32130; by e-mailing LakeWoodruffCCP@fws.gov; by calling the Refuge Complex at 321/861-0667; or by writing the Refuge Complex at Lake Woodruff NWR (CCP), P.O. Box 2683, Titusville, FL 32781-2683. The CCP may also be accessed and downloaded from the Service's Internet Site: <http://southeast.fws.gov/planning>.

FOR FURTHER INFORMATION CONTACT: Cheri Ehrhardt; Telephone: 321/861-2368.

SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we finalize the CCP process for Lake Woodruff NWR. We started this process through a notice of intent in the **Federal Register** on July

26, 2006 (71 FR 42412). For more about the process, see that notice.

Established in 1964, Lake Woodruff NWR is located approximately 28 miles west of Daytona Beach, Florida, in Lake and Volusia counties. The 21,574-acre refuge includes a diversity of habitats consisting of open water, freshwater marshes, impounded wetlands, and uplands. These areas support a variety of wildlife and plant species, including waterfowl and other migratory birds, as well as federal- and state-listed species. In addition, the refuge protects historical and archaeological sites and provides a range of visitor services.

We announce our decision and the availability of the final CCP and FONSI for Lake Woodruff NWR in accordance with National Environmental Policy Act (NEPA) [40 CFR 1506.6(b)] requirements. We completed a thorough analysis of impacts on the human environment, which we included in the Draft CCP and Environmental Assessment (Draft CCP/EA).

Background

The National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd-668ee) (Improvement Act), which amended the National Wildlife Refuge System Administration Act of 1966, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Improvement Act.

Comments

We solicited comments on the Draft CCP/EA for a 30-day period as announced in the **Federal Register** on April 23, 2008 (73 FR 21978). All comments were thoroughly evaluated, and changes were incorporated into the final CCP, where warranted.

Selected Alternative

After considering the comments we received, we have selected Alternative D for implementation. Under this

alternative, refuge management will focus on maintaining native wildlife and habitat diversity, restoring habitats, improving conditions for threatened and endangered species and migratory birds, and increasing public use opportunities.

(Authority: This notice is published under the authority of the National Wildlife Refuge System Improvement Act of 1997, Public Law 105-57.)

Dated: August 27, 2008.

Cynthia K. Dohner,

Acting Regional Director.

Proposed Candidate Conservation Agreement With Assurances for the Black-Tailed Prairie Dog, Mountain Plover, Burrowing Owl, and Ferruginous Hawk for the 4W Ranch in Niobrara and Weston Counties, WY

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; receipt of application.

SUMMARY: This notice advises the public that the 4W Ranch, FLP (Applicant) has applied to the U.S. Fish and Wildlife Service (Service) for an enhancement of survival permit (permit) pursuant to section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (Act). This permit application includes a Candidate Conservation Agreement with Assurances (Agreement) between the Applicant and the Service. The Service requests information, views, and opinions from the public via this notice. Further, the Service is soliciting information regarding the adequacy of the Agreement as measured against the Service's Candidate Conservation Agreement with Assurances policy and the regulations that implement it.

DATES: Written comments on the permit application must be received on or before November 19, 2008.

ADDRESSES: Persons wishing to review the Agreement and permit application may obtain copies by writing to the Wyoming Ecological Services Field Office, U.S. Fish and Wildlife Service, 5353 Yellowstone Road, Suite 308A, Cheyenne, Wyoming 82001. Documents also will be available for public inspection during normal business hours at this office. Documents also may be viewed on the following Web site:
