SUPPLEMENTARY INFORMATION:

I. Background

Pursuant to the savings clause in the Homeland Security Act of 2002, Public Law 107-296, Section 1512, 116 Stat. 2310 (November 25, 2002), the Department of Homeland Security (DHS) and its components and offices have relied on preexisting Privacy Act systems of records notices for the collection and maintenance of records that concern general legal records.

As part of its efforts to streamline and consolidate its Privacy Act records systems, DHS is establishing a new

agency-wide system of records under the Privacy Act (5 U.S.C. 552a) for DHS general legal records. This will ensure that all components of DHS follow the same privacy rules for collecting and handling general legal records.

In accordance with the Privacy Act of 1974 and as part of DHS's ongoing effort to review and update legacy system of record notices, DHS proposes to consolidate seven legacy record systems: Treasury/CS.022 Attorney Case File (66 FR 52984 October 18, 2001), Treasury/CS.042 Case and Complaint File (66 FR 52984 October 18, 2001), Treasury/CS.043 Case Files (Associate Chief Counsel Gulf Customs Management Center) (66 FR 52984 October 18, 2001), Treasury/CS.061 Court Case File (66 FR 52984 October 18, 2001), Treasury/CS.133 Justice Department Case File (66 FR 52984 October 18, 2001), Treasury/CS.138 Litigation Issue Files (66 FR 52984 October 18, 2001), and Justice/INS-022 The Immigration and Naturalization Service Attorney/Representative Complaint /Petition Files (64 FR 70288 December 16, 1999). DHS also proposes to partially consolidate Treasury/ USSS.002 Chief Counsel Record System (66 FR 45362 August 28, 2001) into this system. This system will assist attorneys in providing legal advice to DHS on a wide variety of legal issues. Categories of individuals, categories of records, and the routine uses of these legacy system of records notices have been reviewed and updated to better reflect DHS's general legal record systems. Additionally, DHS is issuing a Notice of Proposed Rulemaking (NPRM) concurrent with this SORN elsewhere in the **Federal Register**. The exemptions for the legacy system of records notices will continue to be applicable until the final rule for this SORN has been completed.

II. Privacy Act

The Privacy Act embodies fair information principles in a statutory framework governing the means by which the United States Government collects, maintains, uses, and disseminates individuals' records. The Privacy Act applies to information that is maintained in a "system of records." A "system of records" is a group of any records under the control of an agency for which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined to encompass United States citizens and legal permanent residents. As a matter of policy, DHS extends administrative

Privacy Act protections to all individuals where systems of records maintain information on U.S. citizens, lawful permanent residents, and visitors. Individuals may request access to their own records that are maintained in a system of records in the possession or under the control of DHS by complying with DHS Privacy Act regulations, 6 CFR part 5.

The Privacy Act requires that each agency publish in the **Federal Register** a description denoting the type and character of each system of records in order to make agency recordkeeping practices transparent, to notify individuals about the use of their records, and to assist the individual to more easily find files within the agency. I. Background

Pursuant to the savings clause in the Homeland Security Act of 2002, Public Law 107-296, Section 1512, 116 Stat. 2310 (November 25, 2002), the Department of Homeland Security (DHS) and its components and offices have relied on preexisting Privacy Act systems of records notices for the collection and maintenance of records that concern DHS contractors and consultants.

As part of its efforts to streamline and consolidate its records systems, DHS is establishing an agency-wide system of records under the Privacy Act (5 U.S.C. 552a) for these contractor and consultant records. This will ensure that all components of DHS follow the same privacy rules for collecting and maintaining contractor and consultant records. The collection and maintenance of this information will assist DHS in meeting its obligation to collect and maintain records on DHS contractors and consultants.

This reclassified system, titled Department of Homeland Security Contractors and Consultants, will be included in DHS's inventory of record systems.

II. Privacy Act

The Privacy Act embodies fair information principles in a statutory framework governing the means by which the United States Government collects, maintains, uses, and disseminates individuals' records. The Privacy Act applies to information that is maintained in a "system of records." A "system of records" is a group of any records under the control of an agency for which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined to encompass United States citizens and legal permanent residents. As a matter of policy, DHS extends administrative Privacy Act protections to all individuals where systems of records maintain information on U.S. citizens, lawful permanent residents, and visitors. Individuals may request access to their own records that are maintained in a system of records in the possession or under the control of DHS by complying with DHS Privacy Act regulations, 6 CFR part 5.

Below is the description of the DHS Contractors and Consultants System of Records.

In accordance with 5 U.S.C. 552a(r), DHS has provided a report of this new system of records to the Office of Management and Budget (OMB) and to Congress.
