FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Approved by the Office of Management and Budget

October 16, 2008.

SUMMARY: The Federal Communications Commission has received Office of Management and Budget (OMB) approval for the following public information collection(s) pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520). An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number, and no person is required to respond to a collection of information unless it displays a currently valid OMB control number. Comments concerning the accuracy of the burden estimate(s) and any suggestions for reducing the burden should be directed to the person listed in the "FOR FURTHER INFORMATION CONTACT" section below.

FOR FURTHER INFORMATION CONTACT: Leslie Haney, Leslie.Haney@fcc.gov, (202) 418-1002.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0987.

OMB Approval Date: October 16, 2008.

Expiration Date: October 31, 2011.

Title: 911 Callback Capability: Non-initialized Handsets (47 CFR sections 20.18(l)(1)(i-iii), 20.18(l)(2)(i-iii)).

Form No.: Not applicable.

Estimated Annual Burden: 226,398 responses; 0.014457 hours per response (range of 30 seconds for labeling each handset to one hour for each respondent's public education effort); 3,273 hours total per year.

Obligation to Respond: Mandatory (47 CFR sections 20.18(l)(1)(i-iii), 20.18(l)(2)(i-iii)).

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: In 2003, the Commission modified 47 CFR Section 20.18(l) to further improve the ability of public safety answering points (PSAPs) to respond to calls for emergency assistance made from non-service initialized wireless mobile handsets. Non-service-initialized wireless mobile handsets (non-initialized handsets) are not registered for service with any Commercial Mobile Radio Service (CMRS) licensee. A non-initialized handset lacks a dialable number, but is programmed to make outgoing 911 calls. These requirements also apply to manufacturers of 911-only handsets that are manufactured after May 3, 2004.

47 CFR Sections 20.18(l)(1)(i) and 20.18(l)(2)(i). Licensees that donate non-initialized handsets for purposes of providing access to 911 services and manufacturers of "911-only" handsets are required to program each handset with 911, plus the decimal representation of the seven least significant digits of the Electronic Serial Number (ESN), International Mobile Equipment Identifier, or any other identifier unique to that handset (911-xxx-xxxx). This unique number is conveyed to the PSAP when "911" is dialed.

47 CFR Sections 20.18(l)(1)(ii) and 20.18(l)(2)(ii). Licensees that donate non-initialized handsets for purposes of providing access to 911 services and manufacturers of "911-only" handsets are required to affix to each handset a label which is designed to withstand the length of service expected, and which notifies the user that its handset can only be used to dial 911, that a 911 operator will not be able to call the user back, and that the user should convey the exact location of the emergency as soon as possible.

47 CFR Sections 20.18(l)(1)(iii) and 20.18(l)(2)(iii). Licensees that donate non-initialized handsets for purposes of providing access to 911 services and manufacturers of "911-only" handsets donating non-initialized phones must institute education programs to inform users of the limitation of non-initialized handsets. An education program must include a notice, giving a detailed explanation of such limitations, including distinctions between service initialized handsets and non-initialized handsets. Wireless carriers are given the flexibility to design and execute the education program which best responds to the individual needs of the carrier's service area.

Federal Communications Commission.

Secretary.

GENERAL SERVICES ADMINISTRATION

Federal Acquisition Institute Vendor meeting

AGENCY: Office of the Chief Acquisition Officer, GSA

ACTION: Notice of meeting

SUMMARY: The Federal Acquisition Institute (FAI) will hold a vendor meeting to provide new information on the Federal Acquisition Certification for Program and Project Managers. This meeting will cover two main objectives to include details on the "Vendor Consortium: Available FAC-P/PM Training from Vendors" and the revised Vendor Submission Process.

First, the FAI Certification Team will address the "Vendor Consortium: Available FAC-P/PM Training from Vendors" website. There will be a demonstration on how to use the site, along with a chance for everyone to provide their comments and feedback.

The final topic to discuss is the revised Vendor Submission Process. FAI will walk through the revisions and improvements that have been made to the submission process and explain in detail how to go about submitting courses.

WHO SHOULD ATTEND? Training developers, vendors with Commercial-Off-The-Shelf (COTS) training products, vendors with capabilities related to the full Instructional System Design (ISD) methodologies, professional associations, educational institutions and acquisition training experts.

The meeting will be held November 10, 2008 from 10:00 am to 11:30 am, National Capital Region (NCR) Auditorium located at 301 7th Street, SW Washington, DC.

GENERAL SERVICES ADMINISTRATION

Multiple Award Schedule Advisory Panel; Notification of Public Advisory Panel Meetings

AGENCY: U.S. General Services Administration (GSA).

ACTION: Notice.

SUMMARY: The U.S. General Services Administration (GSA) Multiple Award Schedule Advisory Panel (MAS Panel), a Federal Advisory Committee, will hold public meetings on the following dates: Monday, November 10, 2008 and Wednesday, November 12, 2008. GSA utilizes the MAS program to establish long-term Governmentwide contracts with responsible firms to provide Federal, State, and local government customers with access to a wide variety of commercial supplies (products) and services.

The MAS Panel was established to develop advice and recommendations on MAS program pricing policies, provisions, and procedures in the context of current commercial pricing practices. The Panel will be developing recommendations for MAS program pricing provisions for the acquisition of (1) professional services; (2) products; (3) total solutions which consist of professional services and products; and (4) non professional services. In developing the recommendations, the Panel will, at a minimum, address these 5 questions for each of the 4 types of acquisitions envisioned above: (1) Where does competition take place?; (2) If competition takes place primarily at the task/delivery order level, does a fair and reasonable price determination at the MAS contract level really matter?; (3) If the Panel consensus is that competition is at the task order level, are the methods that GSA uses to determine fair and reasonable prices and maintain the price/discount
