

day to facilitate bridge maintenance. Vessels that can pass under the draw without a bridge opening may do so at all times.

DATES: This deviation is effective from 7 a.m. to 3 p.m. on October 25, 2008.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG–2008–1041 and are available online at www.regulations.gov. They are also available for inspection or copying at two locations: the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays, and the First Coast Guard District, Bridge Branch Office, 408 Atlantic Avenue, Boston, Massachusetts 02110, between 7 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call Joe Arca, Project Officer, First Coast Guard District, at (212) 668–7165. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION:

The Witt Penn Bridge, across the Hackensack River, mile 3.1, at Jersey City, New Jersey, has a vertical clearance in the closed position of 35 feet at mean high water and 40 feet at mean low water. The existing drawbridge operation regulations are listed at 33 CFR 117.5.

The waterway has seasonal recreational vessels, and commercial vessels of various sizes.

The owner of the bridge, New Jersey Department of Transportation, requested a temporary deviation to facilitate the replacement of deflector sheaves at the bridge.

Under this temporary deviation the Witt Penn Bridge may remain in the closed position from 7 a.m. to 3 p.m. on October 25, 2008. Vessels that can pass under the bridge without a bridge opening may do so at all times.

In accordance with 33 CFR 117.35(e), the bridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: October 16, 2008.

Gary Kasso,

Bridge Program Manager, First Coast Guard District.

[FR Doc. E8–25520 Filed 10–24–08; 8:45 am]

BILLING CODE 4910–15–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[USCG–2008–1007]

Drawbridge Operation Regulations; Jamaica Bay, New York, NY, Maintenance

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the regulation governing the operation of the Beach Channel Railroad Bridge at mile 6.7, across Jamaica Bay, at New York City, New York. Under this temporary deviation the Beach Channel Railroad Bridge may remain in the closed position for three weekends in November. This deviation is necessary to facilitate bridge track repairs.

DATES: This deviation is effective from November 8, 2008 through November 23, 2008.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG–2008–10007 and are available online at www.regulations.gov. They are also available for inspection or copying at two locations: the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays, and the First Coast Guard District, Bridge Branch Office, 408 Atlantic Avenue, Boston, Massachusetts 02110, between 7 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call Judy Leung-Yee, Project Officer, First Coast Guard District, at (212) 668–7165. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION: The Beach Channel Railroad Bridge, across Jamaica Bay, mile 6.7, at New York, New York, has a vertical clearance in the closed position of 26 feet at mean high water and 31 feet at mean low water. The existing drawbridge operation regulations are listed at 33 CFR 117.5.

The owner of the bridge, New York City Transit Authority, requested a

temporary deviation to facilitate maintenance repairs to the bridge rails.

Under this temporary deviation the Beach Channel Railroad Bridge need not open for the passage of vessel traffic on Saturday and Sunday between 6 a.m. and 9 p.m., on November 8, 9, 15, 16, 22, and 23, 2008.

In accordance with 33 CFR 117.35(e), the bridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: October 16, 2008.

Gary Kasso,

Bridge Program Manager, First Coast Guard District.

Coast Guard

33 CFR Part 165

[Docket No. USCG–2008–1052]

RIN 1625–AA11

Regulated Navigation Area and Safety Zone, Chicago Sanitary and Ship Canal, Romeoville, IL

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is revising the dates and reinstating a temporary regulated navigation area and safety zone on the Chicago Sanitary and Ship Canal near Romeoville, IL. This regulated navigation area and safety zone places navigational and operational restrictions on all vessels transiting through the electrical dispersal barrier IIA.

DATES: This rule is effective from October 16, 2008, to November 1, 2008.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG–2008–1052 and are available online by going to <http://www.regulations.gov>, selecting the Advanced Docket Search option on the right side of the screen, inserting USCG–2008–1052 in the Docket ID box, pressing Enter, and then clicking on the item in the Docket ID column. They are also available for inspection or copying at two locations: the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday,

except Federal holidays, and the U.S. Coast Guard Sector Lake Michigan, 2420 South Lincoln Memorial Drive, Milwaukee, Wisconsin 53207 between 8:30 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule call CDR Tim Cummins, Deputy Prevention Division, Ninth Coast Guard District, telephone 216-902-6049. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On June 12, 2008, we published a Notice of Proposed Rulemaking (NPRM) entitled Regulated Navigation Area and Safety Zone, Chicago Sanitary and Ship Canal, Romeoville, IL, in the **Federal Register** (73 FR 3337) and on July 2, 2008 we published a temporary final rule (73 FR 37810). On August 7, 2008, we published a temporary final rule that revised and reinstated the rule that had previously been published on July 2, 2008 (73 FR 45875). The regulated navigation area established by that rule will end on October 15. This rule reinstates the Temporary Final Rule published on August 7, 2008. This Temporary Final Rule is necessary because work on the Demonstration Barrier is not completed. This rule will be in effect from October 16, 2008 until November 1, 2008.

Under 5 U.S.C. 553(b)(3)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. This regulated navigation area and safety zone was implemented for an emergency situation and required continued activation. Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying this rule would be contrary to the public interest of ensuring the safety of spectators and vessels during this event and immediate action is necessary to prevent possible loss of life or property.

Background and Purpose

The electrodes on the demonstration electrical dispersal barrier 1 located between Mile Markers 296.1 and 296.7 of the Chicago Sanitary and Ship Canal are beginning to fail. This barrier was constructed to prevent Asian Carp from entering Lake Michigan through the Illinois River system by generating a low-voltage electric field across the canal. The Army Corps of Engineers has shutdown barrier 1 and needs

additional time to finish the process of replacing the barrier electrodes which run across the bottom of the canal. Divers will be in the water and a barge-mounted crane will be operating during maintenance operations to barrier 1. Electrical dispersal barrier IIA located on the Chicago Sanitary and Ship Canal 270 feet south of Mile Marker 296.1 to Mile Marker 296.7 will be in operation while repairs are being made to demonstration electrical dispersal barrier 1. Barrier IIA operated continuously for a two week period before taking barrier 1 off line for electrode replacement. Electrical dispersal barrier IIA generates a more powerful electric field than barrier 1 over a larger area within the Chicago Sanitary and Ship Canal.

The Coast Guard and U.S. Army Corps of Engineers conducted field tests to ensure the continued safe navigation of commercial and recreational traffic across the barrier; however, results indicated an arcing risk and hazardous electrical discharges as vessels transited the barrier posing a serious risk to navigation through the barrier. To mitigate these risks, navigational and operational restrictions will be placed on all vessels transiting through the vicinity. Until the potential electrical hazards can be rectified, the Coast Guard will require vessels transiting the regulated navigation area to adhere to specified operational and navigational requirements. This regulation will be an additional 16 days in length to provide enough time for maintenance to be completed. This type of maintenance has never been performed on Barrier I and therefore, an extended amount of time was needed.

Discussion of Rule

This rule will suspend 33 CFR 165.923 and place additional restrictions on all vessels transiting through electrical dispersal barrier IIA located on the Chicago Sanitary and Ship Canal from October 15, 2008, until November 1, 2008. The regulated navigation area encompasses all waters of the Chicago Sanitary and Ship Canal 270 feet south of the Romeo Road Bridge Mile Marker 296.1 to the south side of the Aerial Pipeline Mile Marker 296.7. The requirements placed on all vessels include: All up-bound and down-bound barge tows that contain one or more Red Flag barges transiting through the restricted navigation area must be assisted by a bow boat at least one mile above the restricted navigation area to at least one mile below the restricted navigation area. Red Flag barges are barges containing hazardous materials as identified by Commodity Codes:

- 01 (Empty with previous hazardous material)
- 20 (Petroleum and Petroleum Products)
- 21 (Crude Petroleum)
- 22 (Gasoline, Jet Fuel and Kerosene)
- 23 (Distillate, Residual and other Fuel Oils; Lubricating Oils and Greases)
- 24 (Petroleum Pitches, Coke Asphalt, Naphtha and Solvents)
- 30 (Chemicals and Related Products)
- 31 (Fertilizer-Nitrogenous, Potassic, Phosphatic and Others)
- 32 (Organic Industrial Chemicals {Crude Products} from Coal, Tar, Petroleum and Natural Gas, Dyes, Organic Pigment Dying and Tanning Materials, Alcohols, Benzene; Inorganic Industrial Chemicals {Sodium Hydroxide}; Radioactive and Associated Materials; Drugs)

The U.S. Army Corps of Engineers will contract bow boat assistance for barge tows containing one or more Red Flag barges. Information on how to contact the contractor for bow boat assistance will be provided to the public in a Broadcast Notice to Mariners. Towing assistance will be provided from at least one mile above the restricted navigation area to at least one mile below the restricted navigation area.

This rule prohibits all vessels from loitering in the regulated navigation area; vessels may enter the regulated navigation area for the sole purpose of transiting to the other side, and must maintain headway throughout the transit. The rule also requires all personnel on open decks to wear a Coast Guard approved Type I personal flotation device while in the regulated navigation area. In addition, vessels may not moor or lay up on the right or left descending banks in the regulated navigation area; towboats may not make or break tows in the regulated navigation area; vessels may not pass (meet or overtake) in the regulated navigation area. All vessels must make a SECURITE call when approaching the barrier to announce intentions and work out passing arrangements on either side. Finally, commercial tows transiting the regulated navigation area must be made up with wire rope to ensure electrical connectivity between all segments of the tow.

These restrictions are necessary for safe navigation of the regulated navigation area and to ensure the safety of vessels and their personnel as well as the public's safety due to the electrical discharges noted during safety tests conducted by the U.S. Army Corps of Engineers. Deviation from this rule is prohibited unless specifically authorized by the Commander, Ninth Coast Guard District or his designated representative. The Commander, Ninth Coast Guard District will designate Captain of the Port, Lake Michigan as

his designated representative for the purposes of this rule.

A temporary safety zone will be in place while repairs are being made to barrier 1. This temporary safety zone is necessary to ensure the safety of workers and vessels during maintenance operations to barrier 1 on the Chicago and Sanitary Ship Canal.

The maintenance on barrier 1 will occur between 7 a.m., October 16, 2008, and 5 p.m., November 1, 2008. The safety zone will be enforced from 7 a.m. to 12 p.m. and 1 p.m. to 5 p.m. on October 16, 2008, through November 1, 2008. The safety zone will encompass all waters of the Chicago Sanitary Ship Canal from mile marker 296.1 to mile marker 296.7.

The Captain of the Port will cause notice of enforcement of the safety zone established by this section to be made by all appropriate means to the affected segments of the public. Such means of notification will include, but is not limited to, Broadcast Notice to Mariners and Local Notice to Mariners. The Captain of the Port will issue a broadcast Notice to Mariners notifying the public when enforcement of the safety zone is terminated.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

This determination is based on the fact that traffic will still be able to transit through the regulated navigation area and the minimal time that vessels will be restricted from the safety zone. The safety zone is an area where the Coast Guard expects insignificant adverse impact to mariners from the zones' activation.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently

owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule would not have a significant economic impact on a substantial number of small entities.

This rule would affect the following entities, some of which might be small: The owners and operators of vessels intending to transit or anchor in a portion of the Chicago Sanitary Ship Canal from October 16, 2008, to November 1, 2008.

This regulated navigation area and safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons. Vessel traffic will be able to transit through the regulated navigation area. The U.S. Army Corps of Engineers will contract bow boat assistance for barge tows containing one or more Red Flag barges. Vessel traffic will only be limited for one five-hour period and one four-hour period each day the safety zone is in effect. In the event this temporary safety zone affects shipping, commercial vessels may request permission from the Captain of the Port Lake Michigan to transit through the safety zone. The Coast Guard will give notice to the public via a Broadcast Notice to Mariners that the regulation is in effect.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact CDR Tim Cummins, Deputy Prevention Division, Ninth Coast Guard District, 1240 East Ninth Street, Cleveland, OH 44199; 216–902–6049. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule would not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

The Coast Guard recognizes the treaty rights of Native American Tribes. Moreover, the Coast Guard is committed to working with Tribal Governments to implement local policies and to mitigate tribal concerns. We have determined that these regulations and fishing rights protection need not be incompatible. We have also determined that this rule does not have tribal implications under

Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. Nevertheless, Indian Tribes that have questions concerning the provisions of this rule or options for compliance are encouraged to contact the point of contact listed under **FOR FURTHER INFORMATION CONTACT**.

Energy Effects

We have analyzed this rule under Executive order 13211, Actions Concerning Regulations that Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedure; and related management system practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security Management Directive 5100.1 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have concluded under the Instruction

that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2-1, paragraph (34)(g), of the Instruction, from further environmental documentation.

An environmental analysis checklist and a categorical exclusion determination are available in the docket where indicated under **ADDRESSES**.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, and Waterways.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5; Pub. L. 107-295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

§ 165.923 [Suspended]

■ 2. Section 165.923 is suspended from October 16, 2008, until November 1, 2008.

■ 3. A new temporary § 165.T09-4004 is added as follows:

§ 165.T09-4004 Temporary Regulated Navigation Area, Chicago Sanitary and Ship Canal, Romeoville, IL.

(a) *Regulated Navigation Area.* The following is a Regulated Navigation Area: All waters of the Chicago Sanitary and Ship Canal, Romeoville, IL 270 feet south of the Romeo Road Bridge Mile Marker 296.1 to the south side of the Aerial Pipeline Mile Marker 296.7.

(b) *Effective period.* This section is effective from October 16, 2008, until November 1, 2008.

(c) *Definitions.* The following definitions apply to this section: *Designated representative* means the Captain of the Port Lake Michigan.

Red Flag barges means barges containing hazardous materials as identified by the following Commodity Codes:

- (1) 01 (Empty with previous hazardous material);
- (2) 20 (Petroleum and Petroleum Products);
- (3) 21 (Crude Petroleum);
- (4) 22 (Gasoline, Jet Fuel and Kerosene);

(5) 23 (Distillate, Residual and other Fuel Oils; Lubricating Oils and Greases);

(6) 24 (Petroleum Pitches, Coke Asphalt, Naphtha and Solvents);

(7) 30 (Chemicals and Related Products);

(8) 31 (Fertilizer-Nitrogenous, Potassic, Phosphatic and Others); and

(9) 32 (Organic Industrial Chemicals {Crude Products} from Coal, Tar, Petroleum and Natural Gas, Dyes, Organic Pigment Dyeing and Tanning Materials, Alcohols, Benzene; Inorganic Industrial Chemicals {Sodium Hydroxide}; Radioactive and Associated Materials; Drugs)

(d) *Regulations.* (1) The general regulations contained in 33 CFR 165.13 apply.

(2) All up-bound and down-bound barge tows that contain one or more Red Flag barges transiting through the restricted navigation area must be assisted by a bow boat until the entire tow is clear of the expanded restricted navigation area boundaries.

(i) Information on how to contact the contractor for bow boat assistance will be provided to the public in a Broadcast Notice to Mariners.

(ii) Towing assistance will be provided from at least one mile above the restricted navigation area to at least one mile below the restricted navigation area.

(3) All vessels are prohibited from loitering in the regulated navigation area.

(4) Vessels may enter the regulated navigation area for the sole purpose of transiting to the other side, and must maintain headway throughout the transit.

(5) All personnel on open decks must wear a Coast Guard approved Type I personal flotation device while in the regulated navigation area.

(6) Vessels may not moor or lay up on the right or left descending banks of the regulated navigation area.

(7) Towboats may not make or break tows in the regulated navigation area.

(8) Vessels may not pass (meet or overtake) in the regulated navigation area and must make a SECURITE call when approaching the barrier to announce intentions and work out passing arrangements on either side.

(9) Commercial tows transiting the regulated navigation area must be made up with wire rope to ensure electrical connectivity between all segments of the tow.

(e) *Compliance.* All persons and vessels must comply with this section and any additional instructions of the Ninth Coast Guard District Commander, or his designated representative.

■ 4. A new temporary section 165.T09–4005 is added as follows:

§ 165.T09–4005 Safety Zone; Chicago Sanitary and Ship Canal, Romeoville, IL.

(a) *Safety Zone.* The following area is a temporary safety zone: All waters of the Chicago Sanitary and Ship Canal from mile marker 296.1 to 296.7.

(b) *Effective period.* This regulation is effective from 7 a.m., October 16, 2008, to 5 p.m., November 1, 2008. The safety zone will be enforced from 7 a.m. to 12 p.m. and 1 p.m. to 5 p.m. on October 16, 2008, through November 1, 2008.

(c) *Regulations.* (1) In accordance with the general regulations in section 165.23 of this part, entry into, transiting, or anchoring within this safety zone is prohibited unless authorized by the Captain of the Port Lake Michigan, or his on-scene representative.

(2) This safety zone is closed to all vessel traffic, except as may be permitted by the Captain of the Port Lake Michigan or his on-scene representative.

(3) The “on-scene representative” of the Captain of the Port is any Coast Guard commissioned, warrant, or petty officer who has been designated by the Captain of the Port to act on his behalf. The on-scene representative of the Captain of the Port will be aboard either a Coast Guard or Coast Guard Auxiliary vessel. The Captain of the Port or his on-scene representative may be contacted via VHF Channel 16.

(4) Vessel operators desiring to enter or operate within the safety zone shall contact the Captain of the Port Lake Michigan or his on-scene representative to obtain permission to do so. Vessel operators given permission to enter or operate in the safety zone must comply with all directions given to them by the Captain of the Port Lake Michigan or his on-scene representative.

Dated: October 10, 2008.

Peter V. Neffenger,

Rear Admiral, U.S. Coast Guard, Commander, Ninth Coast Guard District.

[FR Doc. E8–25518 Filed 10–24–08; 8:45 am]

BILLING CODE 4910–15–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG–2008–0755]

RIN 1625–AA00

Temporary Safety Zone: LST–1166 Safety Zone, Southeastern Tip of Lord Island, Columbia River, Rainier, OR

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on the waters of the Columbia River encompassed in a 500 foot radius surrounding LST–1166, which is a vessel located near the southeastern tip of Lord Island at position 46°07'18" N 123°00'51" W adjacent to the Oregon shoreline. Entry into this safety zone is prohibited unless authorized by the Captain of the Port, Portland, Oregon or his designated representatives. The Captain of the Port is taking this action to help ensure the safety of the maritime public as well as the individuals conducting oil and hazardous material clean-up operations on LST–1166.

DATES: This rule is effective from 1 p.m. on October 03, 2008 until 8 p.m. on December 15, 2008.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG–2008–0755 and are available online by going to <http://www.regulations.gov>, selecting the Advanced Docket Search option on the right side of the screen, inserting USCG–2008–0755 in the Docket ID box, pressing Enter, and then clicking on the item in the Docket ID column. They are also available for inspection or copying two locations: the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays, and Coast Guard Sector Portland, 6767 N. Basin Ave., Portland, OR 97217, between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary rule, call BM2 Joshua Lehner, Coast Guard Sector Portland, at (503) 240–9311. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION:

Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it would be contrary to the public interest to do so since the safety zone is immediately necessary to ensure the safety of the maritime public and individuals conducting oil and hazardous material clean-up operations on LST–1166 as current clean-up operations continue.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register** because it would be contrary to the public interest to do so since the safety zone is immediately necessary to ensure the safety of the maritime public and individuals conducting oil and hazardous material clean-up operations on LST–1166 as current clean-up operations continue.

Background and Purpose

LST–1166 is currently undergoing intensive clean-up operations to remove oil and hazardous wastes from the vessel. The safety zone established by this rule is necessary to help ensure the safety of the maritime public from exposure to any oil and hazardous materials that may escape from the confines of the vessel as well as the individuals conducting the clean-up operations from maritime traffic operating in the area. The safety zone will help ensure the safety of the maritime public and the individuals conducting the clean-up operations on LST–1166 by prohibiting maritime traffic from coming closer than 500 feet from the vessel.

Discussion of Rule

This rule establishes a temporary safety zone on the waters of the Columbia River encompassed in a 500 foot radius surrounding LST–1166, which is a vessel located near the southeastern tip of Lord Island at position 46°07'18" N 123°00'51" W adjacent to the Oregon shoreline. Entry into this safety zone is prohibited unless
