Title: 30 CFR Parts 227, 228, and 229, Delegated and Cooperative Activities with States and Indian Tribes.

OMB Control Number: 1010-0087.

Bureau Form Number: None.

Abstract: The Secretary of the U.S. Department of the Interior is responsible for mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). Under the Mineral Leasing Act of 1920 (30 U.S.C. 1923), the Indian Mineral Development Act of 1982 (25 U.S.C. 2103), and the Outer Continental Shelf Lands Act (OCS Lands Act, 43 U.S.C. 1353), the Secretary is responsible for managing the production of minerals from Federal and Indian lands and the OCS, collecting royalties and other mineral revenues from lessees who produce minerals, and distributing the funds collected in accordance with applicable laws.

The Secretary also has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. The MMS performs

the mineral revenue management functions and assists the Secretary in carrying out the Department's trust responsibility for Indian lands.

When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share in an amount or value of production from the leased lands. The lessee is required to report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling of such minerals. The information collected includes data necessary to ensure that the royalties are accurately valued and appropriately paid.

Sections 202 and 205 of the Federal Oil and Gas Royalty Management Act of 1982 (FOGRMA), as amended, authorize the Secretary to develop delegated and cooperative agreements with states and Indian tribes to carry out certain inspection, auditing, investigation, or limited enforcement activities for leases in their jurisdiction. The states and Indian tribes are working partners and are an integral part of the overall onshore and offshore compliance effort.

Public laws pertaining to mineral revenues are located on our Web site at http://www.mrm.mms.gov/Laws_R_D/PublicLawsAMR.htm.

Relevant parts of the Code of Federal Regulations (CFR) include 30 CFR parts 227, 228, and 229, as described below:

Title 30 CFR Part 227—Delegation to States, provides procedures to delegate certain Federal minerals revenue management functions to states for Federal oil and gas leases. The regulation also provides only audit and investigation functions to states for geothermal and solid mineral leases, and leases subject to Section 8(g) of the OCS Lands Act, within their state boundaries.

Title 30 CFR Part 228—Cooperative Activities with States and Indian Tribes, provides procedures to utilize the capabilities of the Indian tribes to carry out audits and related investigations of their respective leased lands.

Title 30 CFR Part 229—Delegation to States, provides procedures to utilize the capabilities of the states to carry out audits and related investigations of leased Indian lands within their respective state boundaries, by permission of the respective Indian tribal councils or individual Indian mineral owners.

Effective September 11, 1997, parts 228 and 229 do not apply to Federal

lands, due to implementation of RSFA amendments. The final rulemaking of Delegation of Royalty Management Functions to States was published on August 12, 1997 (62 FR 43076), effective September 11, 1997, and stated that parts 228 and 229 do not apply to Federal lands because delegation for Federal lands is now covered under part 227.

Delegation to States and Cooperative Activities With Indian Tribes

States

Under Section 205 of FOGRMA, as amended by RSFA Section 3, the Secretary is authorized to delegate to states, all or part of authorities and responsibilities of the Secretary, to conduct inspections, audits, investigations, and limited enforcement activities for leases in their jurisdiction.

Eleven states currently have MMS-approved delegation agreements to perform audits and investigations. The states perform nearly all audits on Federal leases within their boundaries and receive 50 percent of the revenues from those leases, although Alaska receives 90 percent of the revenues from Federal leases in that state.

To be considered for delegation under 30 CFR part 227, states must submit a written delegation proposal to, and receive approval from, the MMS Associate Director for Minerals Revenue Management (MRM). Delegation agreements benefit both MMS and states by ensuring that Federal royalty payments are in compliance with applicable laws, lease terms, and regulations.

The MRM is held accountable to certain measurements and standards and must file reports to outside entities. States choosing to participate in any delegable function are held to these same measurements and standards and, therefore, must provide data to document the work they are performing. This information, provided to MMS in the course of performing delegated agreements, is the focus of this information collection. States must comply with Generally Accepted Accounting Principles (GAAP) and MMS standards, as required under 30 CFR 227.200, and also with the *MMS Audit Procedures Manual*, as required under 30 CFR 227.301.

Indian Tribes

Under FOGRMA Section 202, Cooperative Agreements, as amended by RSFA Section 9, the Secretary is authorized to enter into cooperative agreements with any state or Indian tribe upon their written request; to share

oil or gas revenue management information; and to use the capabilities of states and Indian tribes to carry out inspection, auditing, investigation, or limited enforcement activities for tribal leases.

A state must receive written permission from the respective Indian tribes(s) or individual Indian mineral owner(s) to carry out the above functions.

Under 30 CFR part 228, no state has proposed to enter into a cooperative agreement to undertake activities on Indian lands within its boundaries.

To be considered for a cooperative agreement, Indian tribes must comply with the regulations at 30 CFR part 228. Indian tribes who want to perform royalty audits, in cooperation with MMS, must submit a written proposal to enter into a cooperative agreement, signed by the tribal chairman or other appropriate official, to the MMS Director. The request should outline the activities to be undertaken and present evidence that the Indian tribe(s) can meet the standards established by the Secretary for the activities to be conducted. Prior to beginning work, approval must be obtained from the MMS Director. Currently, seven Indian tribes have cooperative agreements to perform audits and investigations.

When an Indian tribe performs any of the cooperative activities under 30 CFR

part 228, the Indian tribe also assumes the burden of providing various types of information to MMS. After the request is accepted and a cooperative agreement is in effect, Indian tribes must submit an annual work plan and budget, as well as quarterly reimbursement vouchers. They must follow GAAP and MMS standards. The cooperative agreements also require them to comply with the *MMS Audit Procedures Manual*, and Generally Accepted Government Auditing Standards (GAGAS).

Cooperative activities benefit both MMS and Indian tribes by ensuring that royalty payments from Indian leases are in compliance with applicable laws, lease terms, and regulations. Indian tribes currently manage audits for 91 percent of all tribal mineral royalties.

Under the Secretary's delegation of authority at 30 CFR part 229, a state may conduct audits and related investigations of oil and gas payments made to MMS regarding leased Indian lands within the state's boundaries. After the state receives approval of the Secretary's delegation of authority, it must submit annual audit work plans detailing its audits and related investigations, annual budgets, and quarterly reimbursement vouchers. The state must maintain books and records and provide a quarterly summary of costs following Department standards, as required under 30 CFR 229.109. In

addition, under 30 CFR part 229, no state has proposed to undertake delegated functions on Indian lands within its boundaries.

Summary

This collection of information is necessary in order for states and Indian tribes to conduct audits and related investigations of oil, gas, coal, any other solid minerals, and geothermal royalty revenues from Federal and tribal leased lands.

The MMS protects proprietary information submitted under this collection. The MMS does not collect items of a sensitive nature. A response to engage in these programs is voluntary and required to obtain the benefit of entering into a cooperative agreement with the Secretary.

Frequency of Response: Varies based on the function performed.

Estimated Number and Description of Respondents: 11 states and 7 Indian tribes.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: 6,178 hours.

We have not included in our estimates certain requirements performed in the normal course of business and considered usual and customary. The following chart shows the estimated burden hours by CFR section and paragraph:

30 CFR section	Reporting and recordkeeping requirements	Hour burden per response	Number of annual responses	Annual burden hours
Total Burden	770	6,178

^a Note: 5 states × 12 monthly vouchers = 60 and 6 states × 4 quarterly vouchers = 24.
^b Note: 4 quarterly reports × 11 states = 44.
^c Note: 1 tribe × 12 monthly vouchers = 12 and 6 tribes × 4 quarterly vouchers = 24.

Estimated Annual Reporting and Recordkeeping “Non-hour Cost” Burden: We have identified no “non-hour cost” burden associated with the collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501 *et seq.*) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Comments: Before submitting an ICR to OMB, PRA Section 3506(c)(2)(A) requires each agency to “* * * provide 60-day notice in the **Federal Register** * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *.” Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

The PRA also requires agencies to estimate the total annual reporting “non-hour cost” burden to respondents or recordkeepers resulting from the collection of information. If you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information; monitoring, sampling, and testing equipment; and

record storage facilities. Generally, your estimates should not include equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our ICR submission for OMB approval, including appropriate adjustments to the estimated burden. We will provide a copy of the ICR to you without charge upon request. The ICR also will be posted at http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm.

Public Comment Policy: We will post all comments in response to this notice on our Web site at http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm. We will also make copies of the comments available for public review, including names and addresses of respondents, during regular business hours at our offices in Lakewood, Colorado. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public view, we cannot guarantee that we will be able to do so.
