Approval and Promulgation of Air Quality Implementation Plans; Illinois

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a request submitted by the Illinois Environmental Protection Agency

(IEPA) on January 24, 2008, to revise the Illinois State Implementation Plan (SIP) for volatile organic compounds (VOC). The proposed approval revises the Illinois SIP by updating information regarding the packaging production facility of Cromwell-Phoenix, Incorporated, located in Alsip, Illinois. It acknowledges that the source has changed its name from Cromwell-Phoenix, Incorporated, to CP-D Acquisition Company, LLC, as a consequence of a change in ownership. The revision does not change any of the VOC control requirements and will not increase VOC emissions because no emission limits were increased.

Texas: Final Authorization of State-Initiated Changes and Incorporation by Reference of State Hazardous Waste Management Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: During a review of Texas' regulations, EPA identified a variety of State-initiated changes to Texas' hazardous waste program under the Resource Conservation and Recovery Act, as amended (RCRA), for which the State had not previously sought authorization. EPA proposes to

authorize the State for the program changes. In addition, EPA proposes to codify in the regulations entitled "Approved State Hazardous Waste Management Programs", Texas' authorized hazardous waste program. EPA will incorporate by reference into the Code of Federal Regulations (CFR) those provisions of the State regulations that are authorized and that EPA will enforce under RCRA. In the "Rules and Regulations" section of this **Federal Register**, the EPA is authorizing the changes to the Texas program, and codifying and incorporating by reference the State's hazardous waste program as an immediate final rule. EPA did not make a proposal prior to the immediate final rule because we believe these actions are not controversial and do not expect comments that oppose them. We have explained the reasons for this authorization and incorporation by reference in the preamble to the immediate final rule. Unless we get written comments which oppose this authorization and incorporation by reference during the comment period, the immediate final rule will become effective on the date it establishes, and we will not take further action on this proposal. If we get comments that oppose these actions, we will withdraw the immediate final rule and it will not take effect. We will then respond to public comments in a later final rule based on this proposal. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time.

DATES: Send written comments by November 28, 2008.

ADDRESSES: Send written comments to Alima Patterson, Region 6, Regional Authorization Coordinator, or Julia Banks, Codification Coordinator, (6PD-O), Multimedia Planning and Permitting Division at the address shown below.
