AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) has received requests to conduct administrative reviews of various antidumping and countervailing duty orders and findings with September anniversary dates. In accordance with the Department's regulations, we are initiating those administrative reviews. The Department also received a request to defer the initiation of an administrative review for one antidumping duty order.

EFFECTIVE DATE: October 29, 2008.

FOR FURTHER INFORMATION CONTACT: Sheila E. Forbes, Office of AD/CVD Operations, Customs Unit, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, telephone: (202) 482-4697.

SUPPLEMENTARY INFORMATION:

Background

The Department has received timely requests, in accordance with 19 CFR 351.213(b) (2007), for administrative reviews of various antidumping and countervailing duty orders and findings with September anniversary dates. The Department also received a request in accordance with 19 CFR 351.213(c) to defer for one year the initiation of the August 1, 2008 through July 31, 2008, antidumping duty administrative review of the antidumping duty order on Floor-Standing Metal-Top Ironing Tables from the People's Republic of China.

Notice of No Sales

Under 19 CFR 351.213(d)(3), the Department may rescind a review where there are no exports, sales, or entries of subject merchandise during the respective period of review listed below. If a producer or exporter named in this notice of initiation had no exports, sales, or entries during the period of review, it should notify the Department

within 30 days of publication of this notice in the **Federal Register**. The Department will consider rescinding the review only if the producer or exporter, as appropriate, submits a properly filed and timely statement certifying that it had no exports, sales, or entries of subject merchandise during the period of review. All submissions must be made in accordance with 19 CFR 351.303 and are subject to verification in accordance with section 782(i) of the Tariff Act of 1930, as amended (the Act). Six copies of the submission should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230. Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy of each request must be served on every party on the Department's service list.

Respondent Selection

In the event the Department limits the number of respondents for individual examination for administrative reviews, the Department intends to select respondents based on U.S. Customs and Border Protection (CBP) data for U.S. imports during the period of review (POR). We intend to release the CBP data under Administrative Protective Order (APO) to all parties having an APO within five days of publication of this initiation notice and to make our decision regarding respondent selection within 20 days of publication of this **Federal Register** notice. The Department invites comments regarding the CBP data and respondent selection within 10 calendar days of publication of this **Federal Register** notice.

Separate Rates

In proceedings involving non-market economy (NME) countries, the Department begins with a rebuttable presumption that all companies within the country are subject to government control and, thus, should be assigned a single antidumping duty deposit rate. It is the Department's policy to assign all exporters of merchandise subject to an administrative review in an NME country this single rate unless an exporter can demonstrate that it is sufficiently independent so as to be entitled to a separate rate.

To establish whether a firm is sufficiently independent from government control of its export activities to be entitled to a separate rate, the Department analyzes each entity exporting the subject merchandise under a test arising from the *Final Determination of Sales at Less Than Fair Value: Sparklers from the*

People's Republic of China, 56 FR 20588 (May 6, 1991) (Sparklers), as amplified by *Final Determination of Sales at Less Than Fair Value: Silicon Carbide from the People's Republic of China*, 59 FR 22585 (May 2, 1994) (*Silicon Carbide*).

In accordance with the separate-rates criteria, the Department assigns separate rates to companies in NME cases only if respondents can demonstrate the absence of both *de jure* and *de facto* government control over export activities.

All firms listed below that wish to qualify for separate-rate status in the administrative reviews involving NME countries must complete, as appropriate, either a separate-rate application or certification, as described below. For these administrative reviews, in order to demonstrate separate-rate eligibility, the Department requires entities for whom a review was requested, that were assigned a separate rate in the most recent segment of this proceeding in which they participated, to certify that they continue to meet the criteria for obtaining a separate rate. The Separate Rate Certification form will be available on the Department's website at <http://www.trade.gov/ia> on the date of publication of this **Federal Register**. In responding to the certification, please follow the "Instructions for Filing the Certification" in the Separate Rate Certification. Separate Rate Certifications are due to the Department no later than 30 calendar days after publication of this **Federal Register** notice. The deadline and requirement for submitting a Certification applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers who purchase and export subject merchandise to the United States.

For entities that have not previously been assigned a separate rate, to demonstrate eligibility for such, the Department requires a Separate Rate Status Application.

The Separate Rate Status Application will be available on the Department's website at <http://www.trade.gov/ia> on the date of publication of this **Federal Register** notice. In responding to the Separate Rate Status Application, refer to the instructions contained in the application. Separate Rate Status Applications are due to the Department no later than 60 calendar days of publication of this **Federal Register** notice. The deadline and requirement for submitting a Separate Rate Status Application applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers that purchase and export subject merchandise to the United States.

INITIATION OF REVIEWS:

In accordance with sections 19 CFR 351.221(c)(1)(i), we are initiating administrative reviews of the following antidumping and countervailing duty orders and findings. We intend

to issue the final results of these reviews not later than September 30, 2009. Also, in accordance with 19 CFR 351.213(c) we are deferring for one year the initiation of the August 1, 2007 through July 31, 2008 administrative

review of the antidumping duty order on Floor-Standing Metal-Top Ironing Tables from the People's Republic of China (A-570-888) with respect to one exporter.

Withdrawal of Application for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301), the Department of Commerce determines whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States. Applications may be examined between 8:30 A.M. and 5:00 P.M. in Room 2104, Statutory Import Programs Staff, U.S. Department of Commerce 14th and Constitution Ave., NW, Room 2104 Washington, D.C. 20230.

Docket Number: 08-046. Applicant: Rice University, 6100 Main Street MS-61, Houston, TX 77005. Instrument: Gemstar camera with photon counting sensitivity. Manufacturer: Photonic Science, United Kingdom. Intended Use: The instrument is intended to be used to record x-ray diffraction from lipidic structures. Application accepted by Commissioner of Customs and Border Protection: August 22, 2008. The Department of Commerce received the Rice University application from Customs and Border Protection on September 2, 2008. The application was reviewed and the Department determined that the application did not have sufficient information for the Department to determine whether an equivalent instrument was being produced in the United States. In accordance with section 301.5(a)(2), the Department contacted the University to

afford them an opportunity to supplement the application by providing further information regarding the purpose of the instrument and whether an equivalent instrument was being produced in the United States. Rice University then informed the Department that they had discovered price was the determining factor in selecting the instrument. The University decided to withdraw the application for the x-ray Gemstar Camera with Photon counting sensitivity since they had been made aware that price could not be considered a pertinent specification in the comparison of instruments, in accordance with section 301.2(s).

Therefore, the Department of Commerce had discontinued the processing of this application, in accordance with section 301.5(g) of the regulations. See 15 CFR 301.5(g).
