Rescission of Administrative Review

On August 20, 2008, the Department published in the **Federal Register** its intent to rescind the administrative review in part. See *Notice of Intent to Rescind*, 73 FR 49169. In that notice we

stated that since our examination of the entry data from U.S. Customs and Border Protection for Ispat, JSW, and Tata confirmed each of their assertions that they did not have shipments to the United States during the POR, we intended to rescind this review with respect to these three companies. On September 2, 2008, we sent our Draft Notification of Rescission to interested parties and invited them to comment on our intent to rescind the administrative review with regard to Ispat, JSW, and Tata. No comments were received. Consequently, the Department continues to treat Ispat, JSW, and Tata as non-shippers for the purpose of this review.

Pursuant to 19 CFR 351.213(d)(3), the Department may rescind an administrative review with respect to a particular exporter or producer if the Department concludes that during the POR there were no entries, exports, or sales of the subject merchandise. Because there is no record evidence of entries, exports or sales of the subject merchandise by Ispat, JSW and Tata, we are rescinding this review in part.

As a result of the rescission of the administrative review, in part, with respect to Ispat, JSW, and Tata, only one respondent, Essar, remains in this review.

We are issuing this notice in accordance with section 751(a)(1) and 777(i)(1) of the Act and section 351.213(d)(4) of the Department's regulations.

Dated: October 28, 2008.

Deputy Assistant Secretary for Import Administration.

The required contents of the notice of intent to participate are set forth at 19 CFR 351.218(d)(1)(ii). In accordance with the Department's regulations, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, the Department will automatically revoke the order without further review. See 19 CFR 351.218(d)(1)(iii).

If we receive an order-specific notice of intent to participate from a domestic interested party, the Department's regulations provide that all parties wishing to participate in the Sunset Review must file complete substantive responses not later than 30 days after the date of publication in the **Federal Register** of this notice of initiation. Also, note that the Department's information requirements are distinct from the Commission's information requirements. This requirement was retained in the final sunset regulations at 19 CFR 351.218(d)(4). As provided in 19 CFR 351.302(b), however, the Department will consider individual requests to extend that five-day deadline based upon a showing of good cause.

I. Abstract

In accordance with Executive Order 12862, the National Institute of Standards and Technology (NIST), a non-regulatory agency of the Department of Commerce, proposes to conduct a number of surveys, both quantitative and qualitative. The surveys will be designed to determine the type and quality of the products, services, and information our key customers want and expect, as well as their satisfaction with and awareness of existing products, services, and information. In addition, NIST proposes other customer service satisfaction data collections that include, but may not be limited to focus groups, reply cards that accompany product distributions, and Web-based surveys and dialog boxes that offer customers the opportunity to express their level of satisfaction with NIST products, services, and information and for ongoing dialogue. NIST will limit its inquiries to data collections that solicit strictly voluntary options and will not collect information that is required or regulated. No assurances of confidentiality will be given. However, it will be completely optional for survey participants to provide their name or affiliation information if they wish to provide comments for which they elect to receive a response. NIST will not use electronic tracking and will not set cookies for Web-based customer responses.

II. Method of Collection

NIST will collect this information by electronic means, as well as by mail, fax, telephone, and person-to-person interaction.
