DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. PR08-21-003]

Regency Intrastate Gas LLC; Notice of Compliance Filing

October 29, 2008.

Take notice that on October 23, 2008, Regency Intrastate Gas LLC filed a Statement of Operating Conditions, including a Statement of Rates page, pursuant to section 284.123(e) of the Commission's regulations and to comply with the Commission's letter order issued on September 23, 2008, in Docket Nos. PR08-21-000, PR08-21-001, and PR08-21-002.

Any person desiring to participate in this proceeding must file a motion to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the date as indicated below. Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene

or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Federal Energy Regulatory Commission

[Docket Nos. EL08-88-000; ER08-1178-000]

California Independent System Operator Corporation; Supplemental Notice of Technical Conference

October 28, 2008.

On October 21, 2008, the Commission issued a notice of a staff technical conference in the above-captioned proceedings to further explore the justness and reasonableness of the California Independent System Operator Corporation's (CAISO) Exceptional Dispatch mechanism and proposed mitigation plan. The technical conference will be held on November 6, 2008, from 9 a.m. to 5 p.m., and November 7, 2008 from 9 a.m. to 12 p.m. (Eastern Time) at the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. The room location has been changed from the Commission Meeting Room to Hearing Room 1. The Commission hereby provides the following additional information and instruction regarding the conference.

The technical conference will focus on the compensation provided to non-Resource Adequacy resources that receive Exceptional Dispatch instructions and the constraints, which are not fully modeled, that may result in a more frequent than originally expected use of the Exceptional Dispatch mechanism. This conference is not intended to address broader issues concerning the overall Market Redesign and Technology Upgrade (MRTU) implementation. Specifically, Commission staff is interested in obtaining information related to the following questions and concerns:

1. Compensation for non-Resource Adequacy resources under Exceptional Dispatch in light of the October 16, 2008 order in this docket including consideration of:

- How such compensation compares to compensation for non-Resource Adequacy resources committed under other backstop capacity mechanisms, e.g., ICPM, TCPM and RCST;

- The Commission's proposed pricing remedy including its proposed means to avoid the potential for "double payment" of certain resources;

- Whether mitigation is appropriate and, if so, under what circumstances and at what level; and

- How should partial non-resource adequacy resources and self-scheduled resources that are exceptionally dispatched be compensated.

2. Reliability requirements that the CAISO describes as "transitory" in nature.¹

3. Why the full network cannot be modeled, as well as issues related to known constraints (e.g., Path 26, San Francisco Bay Area/Delta Dispatch), and the costs, benefits, and practicality of addressing these reliability requirements with Exceptional Dispatch.

4. The anticipated frequency and trend of Exceptional Dispatch instructions, especially for non-Resource Adequacy resources, as well as all additional scenarios that may require Exceptional Dispatch instructions that were not specifically referenced in the CAISO's original proposal in ER08-1178-000, including Forbidden Operating Regions.

Staff expects the CAISO to prepare a brief presentation (approximately 15 minutes) to address each question. Following the presentation, staff will have the opportunity to ask follow-up questions and participants will then

¹ CAISO's June 27, 2008 Amendment to Revise Exceptional Dispatch Provisions of the MRTU Tariff, Docket No. ER08-1178-000, Transmittal Letter at 21-22.
