

vandalism and disturbance of significant caves. Other Federal or state agencies, bona fide education or research institutes, or individuals or organizations that assist land management agencies with cave management activities may request access to confidential cave information. BLM uses the Significant Cave Nomination Worksheet to collect some of the requested information on cave management activities.

Based on BLM's experience administering this program, we estimate the public reporting burden is 3 hours for each nomination and 30 minutes for each request for confidential cave information. BLM estimates that 50 cave nominations and 10 requests for confidential cave information will be filed annually, with a total annual burden of 155 hours. Respondents are cavers and other interested parties.

BLM will summarize all responses to this notice and include them in the request for OMB approval. All comments will become a matter of public record.

Dated: November 13, 2008.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Quarterly Status Report of Water Service, Repayment, and Other Water-Related Contract Negotiations

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice.

SUMMARY: Notice is hereby given of contractual actions that have been proposed to the Bureau of Reclamation and are new, modified, discontinued, or completed since the last publication of this notice on August 12, 2008. This notice is one of a variety of means used to inform the public about proposed contractual actions for capital recovery and management of project resources and facilities consistent with section 9(f) of the Reclamation Project Act of 1939. Additional announcements of individual contract actions may be published in the **Federal Register** and in newspapers of general circulation in the areas determined by Reclamation to be affected by the proposed action.

ADDRESSES: The identity of the approving officer and other information pertaining to a specific contract

proposal may be obtained by calling or writing the appropriate regional office at the address and telephone number given for each region in the **SUPPLEMENTARY INFORMATION** section.

FOR FURTHER INFORMATION CONTACT:

Michelle Kelly, Water and Environmental Resources Office, Bureau of Reclamation, PO Box 25007, Denver, Colorado 80225-0007; telephone 303-445-2888.

SUPPLEMENTARY INFORMATION: Consistent with section 9(f) of the Reclamation Project Act of 1939 and the rules and regulations published in 52 FR 11954, April 13, 1987 (43 CFR 426.22), Reclamation will publish notice of proposed or amendatory contract actions for any contract for the delivery of project water for authorized uses in newspapers of general circulation in the affected area at least 60 days prior to contract execution. Announcements may be in the form of news releases, legal notices, official letters, memorandums, or other forms of written material. Meetings, workshops, and/or hearings may also be used, as appropriate, to provide local publicity. The public participation procedures do not apply to proposed contracts for the sale of surplus or interim irrigation water for a term of 1 year or less. Either of the contracting parties may invite the public to observe contract proceedings. All public participation procedures will be coordinated with those involved in complying with the National Environmental Policy Act. Pursuant to the "Final Revised Public Participation Procedures" for water resource-related contract negotiations, published in 47 FR 7763, February 22, 1982, a tabulation is provided of all proposed contractual actions in each of the five Reclamation regions. When contract negotiations are completed, and prior to execution, each proposed contract form must be approved by the Secretary of the Interior, or pursuant to delegated or redelegated authority, the Commissioner of Reclamation or one of the regional directors. In some instances, congressional review and approval of a report, water rate, or other terms and conditions of the contract may be involved.

Public participation in and receipt of comments on contract proposals will be facilitated by adherence to the following procedures:

1. Only persons authorized to act on behalf of the contracting entities may negotiate the terms and conditions of a specific contract proposal.
2. Advance notice of meetings or hearings will be furnished to those parties that have made a timely written

request for such notice to the appropriate regional or project office of Reclamation.

3. Written correspondence regarding proposed contracts may be made available to the general public pursuant to the terms and procedures of the Freedom of Information Act, as amended.

4. Written comments on a proposed contract or contract action must be submitted to the appropriate regional officials at the locations and within the time limits set forth in the advance public notices.

5. All written comments received and testimony presented at any public hearings will be reviewed and summarized by the appropriate regional office for use by the contract approving authority.

6. Copies of specific proposed contracts may be obtained from the appropriate regional director or his designated public contact as they become available for review and comment.

7. In the event modifications are made in the form of a proposed contract, the appropriate regional director shall determine whether republication of the notice and/or extension of the comment period is necessary.

Factors considered in making such a determination shall include, but are not limited to (i) the significance of the modification, and (ii) the degree of public interest which has been expressed over the course of the negotiations. At a minimum, the regional director shall furnish revised contracts to all parties who requested the contract in response to the initial public notice.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-451 and 731-TA-1126-1127 (Final)]

Certain Lightweight Thermal Paper from China and Germany; Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (Commission) determines, pursuant to sections 705(b) and 735(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b) and

1673d(b)) (the Act), that an industry in the United States is threatened with material injury by reason of imports from China of certain lightweight thermal paper, which may be classified in subheadings 4811.90.80, 4811.90.90, 3703.10.60, 4811.59.20, 4820.10.20, and 4823.40.00 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce (Commerce) to be sold in the United States at less than fair value (LTFV) and to be subsidized by the Government of China. The Commission further determines, pursuant to section 735(b) of the Act, that an industry in the United States is threatened with material injury by reason of imports from Germany of certain lightweight thermal paper that have been found by Commerce to be sold in the United States at LTFV.² In addition, the Commission determines that it would not have found material injury but for the suspension of liquidation.

Background

The Commission instituted these investigations effective September 19, 2007, following receipt of a petition filed with the Commission and Commerce by Appleton Papers, Inc., Appleton, WI. The final phase of these investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of certain lightweight thermal paper from China and Germany were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)) and that imports of certain lightweight thermal paper from China were being subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of June 16, 2008 (73 FR 34038). The hearing was held in Washington, DC, on October 2, 2008, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on November 17, 2008. The views of the Commission are contained in USITC

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

² Chairman Shara L. Aranoff, Vice Chairman Daniel R. Pearson, and Commissioner Deanna Tanner Okun dissenting with regard to imports from Germany.
