NYSE Alternext US has any affirmative obligations with respect to dissemination of information or key values relating to the Shares, the Exchange represents that it would take the place of NYSE Alternext US in such role and discharge such obligations.

The Funds will comply with the requirements of Rule 10A-3¹² under the Act.

Trading Rules

The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities. Shares will trade on the NYSE Arca Marketplace from 4 a.m. to 8 p.m. Eastern time. The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions. The minimum trading increment for Shares on the Exchange will be \$0.01.

The trading of the Shares will be subject to Commentary .02(e)(1)-(4) to NYSE Arca Equities Rule 8.200, which sets forth certain restrictions on ETP Holders acting as registered Market Makers in TIRs that invest in Investment Shares to facilitate surveillance. See "Surveillance" below for more information.

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares. Trading may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) The extent to which trading is not occurring in the underlying futures contracts, or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. In addition, trading in Shares will be subject to trading halts caused by extraordinary market volatility pursuant to the Exchange's "circuit breaker" rule¹³ or by the halt or suspension of trading of the underlying futures contracts.

Surveillance

The Exchange intends to utilize its existing surveillance procedures applicable to derivative products, including Trust Issued Receipts, to monitor trading in the Shares. The Exchange represents that these procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and

detect violations of Exchange rules and applicable federal securities laws.

The Exchange's current trading surveillances focus on detecting securities trading outside their normal patterns. When such situations are detected, surveillance analysis follows and investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations. The Exchange is able to obtain information regarding trading in the Shares, the physical commodities included in, or options, futures or options on futures on, the Indexes or any other derivatives based on the Indexes, through ETP Holders, in connection with such ETP Holders' proprietary or customer trades which they effect on any relevant market. With regard to the Index components, the Exchange can obtain market surveillance information, including customer identity information, with respect to transactions occurring on the New York Mercantile Exchange, the InterContinental Exchange and the London Metal Exchange, pursuant to its comprehensive information sharing agreements with each of those exchanges. All of the other trading venues on which current Index components are traded are members of the Intermarket Surveillance Group ("ISG") and the Exchange therefore has access to all relevant trading information with respect to those contracts without any further action being required on the part of the Exchange. A list of ISG members is available at <http://www.isgportal.org>.

In addition, not more than 10% of the weight of the applicable Index in the aggregate shall consist of components whose principal trading market is not a member of ISG or is a market with which the Exchange does not have a comprehensive surveillance sharing agreement.

The Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

Information Bulletin

Prior to the commencement of trading, the Exchange will inform its ETP Holders in an Information Bulletin of the special characteristics and risks associated with trading the Shares. Specifically, the Information Bulletin will discuss the following: (1) The procedures for purchases and redemptions of Shares in Baskets (and that Shares are not individually redeemable); (2) NYSE Arca Equities Rule 9.2(a), which imposes a duty of due diligence on its ETP Holders to learn the essential facts relating to every customer prior to trading the Shares; (3)

how information regarding the IFVs is disseminated; (4) the requirement that ETP Holders deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; (5) trading information; and (6) the risks involved in trading the Shares in the Opening and Late Trading Sessions when an updated IFV will not be calculated or publicly disseminated.¹⁴

In addition, the Information Bulletin will advise ETP Holders, prior to the commencement of trading, of the prospectus delivery requirements applicable to the Funds. The Exchange notes that investors purchasing Shares directly from a Fund (by delivery of the corresponding Cash Deposit Amount) will receive a prospectus. ETP Holders purchasing Shares from a Fund for resale to investors will deliver a prospectus to such investors. The Information Bulletin will also discuss any exemptive, no-action and interpretive relief granted by the Commission from any rules under the Act.

In addition, the Information Bulletin will reference that the Funds are subject to various fees and expenses described in the Registration Statement. The Information Bulletin will also reference that the CFTC has regulatory jurisdiction over the trading of futures contracts.

The Information Bulletin will also disclose the trading hours of the Shares of the Funds and that the NAV for the Shares is calculated after 4 p.m. ET each trading day. The Bulletin will disclose that information about the Shares of each Fund and the corresponding Indexes is publicly available on the Funds' Web site.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b)¹⁵ of the Act in general and furthers the objectives of Section 6(b)(5)¹⁶ in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system. The Exchange believes that the proposed rule change will permit the

IV. Commission's Findings and Order Granting Accelerated Approval of the Proposed Rule Change

After careful consideration, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.¹⁷ In particular, the Commission believes that the proposal is consistent with Section 6(b)(5) of the Act,¹⁸ which requires, among other things, that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and in general, to protect investors and the public interest.

The Exchange proposes to list and trade the Shares pursuant to Commentary .02 to NYSE Arca Equities Rule 8.200. NYSE Arca represents that the Shares satisfy the requirements of Commentary .02 of Rule 8.200, which include initial and continued listing criteria to which the Shares will be subject. The Exchange deems the Shares to be equity securities, thus subjecting the Shares to the Exchange's existing rules governing the trading of equity securities. The Shares will trade on the Exchange from 4 a.m. to 8 p.m. Eastern Time. The Commission approved the listing and trading of the Shares on Amex,¹⁹ now known as NYSE Alternext US, and trading of the Shares pursuant to UTP on NYSE Arca.²⁰

The Commission believes that the proposal to list and trade the Shares on the Exchange is consistent with Section 11A(a)(1)(C)(iii) of the Act,²¹ which sets

forth Congress' finding that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure the availability to brokers, dealers, and investors of information with respect to quotations for and transactions in securities. The Exchange states that: (1) The representations included in the Amex Filings relating to the dissemination and availability of information regarding the Shares will apply to listing and trading of the Shares on the Exchange; and (2) to the extent NYSE Alternext US has any affirmative obligations with respect to dissemination of information or key values relating to the Shares, the Exchange will assume the role of NYSE Alternext US and discharge such obligations. Accordingly, among other things:

1. Shortly after 4 p.m. each business day, the NAV of the Trust, (for orders properly placed by 4 p.m. during the day), and the next day's Indicative Basket Amount are disseminated;²²

2. The IFV will be disseminated on a per Share basis at least every 15 seconds between 9:30 a.m. and 4:15 p.m. Eastern Time;²³

3. The Trust's Web site is and will be publicly accessible at no charge and will contain, among other things, the NAV of the Shares and the underlying Basket Amount as of the prior business day, the Indicative Basket Amount, the Bid-Ask Price, and a calculation of the premium or discount of the Bid-Ask Price in relation to the closing NAV;²⁴

4. The Trust's Web site, to which the NYSE Arca will link, will also provide data in chart form displaying the frequency distribution of discounts and premiums of the Bid-Ask Price against the NAV, within appropriate ranges for each of the four previous calendar quarters, the Prospectus, and other applicable quantitative information;²⁵ and

5. The Exchange will provide a hyperlink on its Web site to the Funds' Web site (<http://www.DBFunds.DB.com>).²⁶

The Commission also believes that the proposal to list and trade the Shares is

reasonably designed to promote fair disclosure of information that may be necessary to price the Shares appropriately and to prevent trading when a reasonable degree of transparency cannot be assured. Under its continued listing standards, the Exchange will consider suspending trading in the Shares or removing them from listing if: (1) After the 12-month period following the commencement of trading on the Exchange, the issuer has more than 60 days remaining until termination and there are fewer than 50 record and/or beneficial holders for 30 or more consecutive days, the issuer has fewer than 50,000 Shares outstanding, or a market value less than \$1,000,000;²⁷ (2) the value of the underlying commodity is no longer calculated or available on at least a 15-second delayed basis or if the sponsor or Exchange stops providing a hyperlink on its Web site to any such unaffiliated commodity value;²⁸ or (3) the IFV is no longer made available on at least a 15-second delayed basis.²⁹ With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares.³⁰ In addition, the Commission notes that if the Exchange becomes aware that the NAV is not being disseminated to all market participants at the same time, it will halt trading in the Shares until such time as the NAV is available to all market participants pursuant to NYSE Arca Equities Rule 7.34(a)(5).³¹

The Commission also notes that Commentary .02 of Rule 8.200 sets forth certain restrictions on ETP Holders acting as registered Market Makers in the Shares to facilitate surveillance.

In support of this proposal, the Exchange has made the following representations:

(1) The Shares satisfy the requirements of Commentary .02 of Rule 8.200, which includes the initial and continued listing criteria for Trust Issued Receipts.

²⁷ See Commentary .02 (d)(2)(i) to NYSE Arca Equities Rule 8.200.

²⁸ See Commentary .02 (d)(2)(ii) to NYSE Arca Equities Rule 8.200.

²⁹ See Commentary .02 (d)(2)(iii) to NYSE Arca Equities Rule 8.200.

³⁰ Trading may be halted because of market conditions or for reasons that make trading in the Shares inadvisable, including: (1) The extent to which trading is not occurring in the underlying futures contracts; or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. The Exchange will also halt trading pursuant to the Exchange's to NYSE Arca Equities Rule 7.12 during extraordinary market volatility or by the halt or suspension of trading in the underlying futures contracts.

³¹ See NYSE Arca Equities Rule 7.34(a)(5).

(2) All of the facts describing the Funds and the Shares contained in the Amex filings are true and correct as of the date of this filing.

(3) The representations included in the Amex Filings relating to the dissemination and availability of information regarding the Shares will apply to listing and trading of the Shares on the Exchange. To the extent NYSE Alternext U.S. has any affirmative obligations with respect to dissemination of information or key values relating to the Shares, the Exchange will take the place of NYSE Alternext U.S. in such role and discharge such obligations.

(4) The Exchange's surveillance procedures are adequate to properly monitor trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws.

(5) With regard to the Index components, the Exchange can obtain market surveillance information, including customer identity information, with respect to transactions occurring on the New York Mercantile Exchange, the InterContinental Exchange and the London Metal Exchange, pursuant to its comprehensive information sharing agreements with each of those exchanges. All of the other trading venues on which current Index components are traded are members of the ISG and the Exchange therefore has access to all relevant trading information with respect to those contracts without any further action being required on the part of the Exchange.

(6) Not more than 10% of the weight of the applicable Index in the aggregate shall consist of components whose principal trading market is not a member of ISG or is a market with which the Exchange does not have a comprehensive surveillance sharing agreement.

(7) The Exchange will distribute an Information Bulletin, the contents of which are more fully described above, to ETP Holders in connection with the trading of the Shares.

This approval order is based on the Exchange's representations.

The Commission finds good cause, pursuant to Section 19(b)(2) of the Act,³² for approving the proposed rule change prior to the 30th day after the date of publication of notice in the **Federal Register**. Previously, the Commission approved the listing and trading of the Shares on Amex,³³ and

the trading of the Shares pursuant to UTP on the Exchange.³⁴ The Exchange's proposal to list and trade the Shares does not appear to present any novel or significant regulatory issues. As such, the Commission believes that accelerating approval of this proposal should benefit investors by creating, without undue delay, additional competition in the market for such products.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,³⁵ that the proposed rule change (SR-NYSEArca-2008-128) be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.³⁶

Acting Secretary.
