

Street, NW., Washington, DC 20005–4026. Comments received will be posted to <http://www.pbgc.gov>.

Copies of the collection of information may also be obtained without charge by writing to the Disclosure Division of the Office of the General Counsel of PBGC at the above address or by visiting the Disclosure Division or calling 202–326–4040 during normal business hours. (TTY and TDD users may call the Federal relay service toll-free at 1–800–877–8339 and ask to be connected to 202–326–4040.) PBGC's regulations on multiemployer plans may be accessed on PBGC's Web site at <http://www.pbgc.gov>.

FOR FURTHER INFORMATION CONTACT:

Thomas H. Gabriel, Attorney, or Catherine B. Klion, Manager, Regulatory and Policy Division, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005–4026, 202–326–4024. (For TTY/TDD users, call the Federal relay service toll-free at 1–800–877–8339 and ask to be connected to 202–326–4024.)

SUPPLEMENTARY INFORMATION: The Pension Benefit Guaranty Corporation's regulations prescribe actuarial valuation methods and assumptions (including interest rate assumptions) to be used in determining the actuarial present value of benefits under single-employer plans that terminate (29 CFR Part 4044) and under multiemployer plans that undergo a mass withdrawal of contributing employers (29 CFR Part 4281). Each month PBGC publishes the interest rates to be used under those regulations for plans terminating or undergoing mass withdrawal during the next month.

The interest rates are intended to reflect current conditions in the annuity markets. To determine these interest rates, PBGC gathers pricing data from insurance companies that are providing annuity contracts to terminating pension plans through a quarterly "Survey of Nonparticipating Single Premium Group Annuity Rates." The American Council of Life Insurers distributes the survey and provides PBGC with "blind" data (*i.e.*, PBGC is unable to match responses with the companies that submitted them). PBGC also uses the information from the survey in determining the interest rates it uses to value benefits payable to participants and beneficiaries in PBGC-trusted plans for purposes of PBGC's financial statements.

The survey is directed at insurance companies that have volunteered to participate, most or all of which are members of the American Council of

Life Insurers. The survey is conducted quarterly and will be sent to approximately 22 insurance companies. Based on experience under the current approval, PBGC estimates that 6 insurance companies will complete and return the survey. PBGC further estimates that the average annual burden of this collection of information is 23 hours and \$75.

OMB has approved this collection of information under control number 1212–0030 through March 31, 2009. PBGC intends to request that OMB extend its approval for another three years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC is soliciting public comments to—

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Issued in Washington, DC, this 24th day of November 2008.

John H. Hanley,

Director, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation.

PRESIDIO TRUST

Notice of Receipt of and Availability for Public Comment on an Application for Wireless Telecommunications Facilities Site

AGENCY: The Presidio Trust.

ACTION: Notice of receipt of and availability for public comment on an application for Wireless Telecommunications Facilities Site; the Presidio of San Francisco, California.

SUMMARY: This notice announces the Presidio Trust's receipt of and availability for public comment on an application from Omnipoint Communications, Inc. d/b/a T-Mobile for a temporary wireless telecommunications facilities site ("Project") in The Presidio of San Francisco. The proposed location of the Project is below the Highway 101 overpass adjacent to Doyle Drive, in the vicinity of 1158 Gorgas Avenue.

The Project involves (i) licensing a 28' x 22' area ("Site"), (ii) placing a trailer with a cellular facility on wheels ("COW") measuring approximately 27' x 8' on the Site, (iii) installing an 8'-high chain link fence with slats within a portion of an area already enclosed by a 12'-high chain link fence, and (iv) accessing electricity and telephone connectivity from 1158 Gorgas Avenue through surface conduit covered with an asphalt curb or crowned and sloped covering. The COW will host (a) a galvanized steel tower approximately 50' tall, holding six antenna, three of which will be located at approximately
