This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF DEFENSE

Office of the Secretary

[DoD–2008–OS–0085; RIN 0790–AI34]

32 CFR Part 185

Defense Support of Civil Authorities (DSCA)

AGENCY: Department of Defense.

ACTION: Proposed rule.

SUMMARY: This proposed rule establishes policy and assigns responsibilities for DSCA, supplements regulations regarding military support for civilian law enforcement, and sets forth policy guidance for the execution and oversight of DSCA when requested by civil authorities and approved by the appropriate DoD authority, or as directed by the President, within the United States, including the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and any territory or possession of the United States or any political subdivision thereof. Legislative changes over the years have made the existing guidance outdated and inconsistent with current law and the current organizational structure of the Department of Defense. This proposed rule will allow civil authorities access to the correct procedures when they are seeking assistance from the Department by establishing updated policy guidance and assigning the correct responsibilities within the Department for the Defense for support of civil authorities in response to requests for assistance for domestic emergencies, designated law enforcement support, special events, and other domestic activities. Interested persons are invited to submit comments on this proposed rule that will be considered prior to promulgation of the final rule.

DATES: Comments must be received by February 2, 2009.

ADDRESSES: You may submit comments, identified by docket number and or RIN number and title, by any of the following methods:

- *Federal Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Mail:* Federal Docket Management System Office, 1160 Defense Pentagon, Washington, DC 20301–1160.

Instructions: All submissions received must include the agency name and docket number or Regulatory Information Number (RIN) for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Mr. Richard Chávez, 703–697–5415.

SUPPLEMENTARY INFORMATION:

Executive Order 12866, “Regulatory Planning and Review”

It has been certified that 32 CFR part 185 does not:

(1) Have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy; a section of the economy; productivity; competition; jobs; the environment; public health or safety; or State, local, or tribal governments or communities;

(2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another Agency;

(3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs, or the rights and obligations of recipients thereof; or

(4) Raise novel legal or policy issues arising out of legal mandates, the President’s priorities, or the principles set forth in this Executive Order.

Sec. 202, Pub. L. 104–4, “Unfunded Mandates Reform Act”

It has been certified that 32 CFR part 185 does not contain a Federal mandate that may result in the expenditure by State, local and tribal governments, in aggregate, or by the private sector, of \$100 million or more in any 1 year.

Public Law 96–354, “Regulatory Flexibility Act” (5 U.S.C. 601)

It has been certified that 32 CFR part 185 is not subject to the Regulatory Flexibility Act (5 U.S.C. 601) because it would not, if promulgated, have a significant economic impact on a substantial number of small entities. This rule establishes policy and assigns responsibilities within DoD for DSCA, supplements regulations regarding military support for civilian law enforcement, and sets forth policy guidance for the execution and oversight of DSCA when requested by civil authorities and approved by the appropriate DoD authority, or as directed by the President. Therefore, it is not expected that small entities will be affected because there will be no economically significant regulatory requirements placed upon them.

Public Law 96–511, “Paperwork Reduction Act” (44 U.S.C. Chapter 35)

It has been certified that 32 CFR part 185 does not impose reporting or recordkeeping requirements under the Paperwork Reduction Act of 1995.

Executive Order 13132, “Federalism”

It has been certified that 32 CFR part 185 does not have federalism implications, as set forth in Executive Order 13132. This rule does not have substantial direct effects on:

- (1) The States;
- (2) The relationship between the National Government and the States; or
- (3) The distribution of power and responsibilities among the various levels of Government.

§ 185.4 Policy.

It is DoD policy that:

(a) This part shall be implemented consistent with national security objectives and military readiness.

(b) Unless expressly stated otherwise, the provisions of this part should not be construed to rescind any existing authorities of the Heads of DoD Components, commanders, and/or responsible DoD civilians to provide DSCA in accordance with existing laws, Department of Defense issuances, and Secretary of Defense approved orders.

(c) DSCA is initiated by a request for DoD assistance from a civilian agency or is ordered by the President or Secretary of Defense.

(d) All requests for DSCA shall be written and include a commitment to reimburse the Department of Defense. Waivers or exceptions to reimbursement must be consistent with the law and/or DoD policies. For assistance provided under paragraph (g) of this section, civil authorities shall be informed that oral requests for assistance in an emergency must be followed by a written request at the earliest available opportunity.

(e) All requests for assistance from civil authorities shall be evaluated for legality, lethality, risk, cost (including the source of funding and the effect on the DoD budget), appropriateness, and effect on readiness.

(f) DSCA plans shall be compatible with the National Response Framework; the National Incident Management System; all contingency plans for operations in the locations listed in § 185.1(c) of this part; and any other national plans (approved by the President or Secretary of Defense) or DoD issuances governing DSCA operations.

(g) Commanders, (including National Guard Commanders), heads of DoD Components and/or responsible DoD civilian officials may provide Immediate Response to a request for assistance from a civilian authority, under imminently serious conditions. This Immediate Response Authority is exercised when time does not permit approval from higher headquarters. Responsible DoD civilian officials may employ the resources under their control, subject to any supplemental

direction provided by higher headquarters, and provide those resources to save lives, to safeguard public health or safety, or to prevent or mitigate great property or environmental damage.

(1) The DoD official directing a response under Immediate Response Authority shall immediately notify the National Military Command Center (NMCC), through the chain of command, of the details of the response. National Guard officials shall inform the NMCC through the National Guard Bureau. The NMCC will inform appropriate DoD components.

(2) Immediate Response Authority ends when the necessity giving rise to the response is no longer present (e.g., when there are sufficient resources available from State, local, and other Federal agencies to respond adequately), when the initiating DoD or National Guard official or a higher authority directs an end to the response, or when an appropriate authority approves a request from another Federal department or agency based on other authorities. The DoD or National Guard official directing a response under Immediate Response Authority shall reassess whether there remains a necessity for DoD to respond under this authority as soon as practicable but, if immediate response activities have not yet ended, not later than 72 hours after resources have been employed.

(3) Support provided under Immediate Response Authority should be provided on a cost-reimbursable basis where appropriate or legally required but will not be delayed or denied based on the inability or unwillingness of the requester to make a commitment to reimburse the Department of Defense.

(h) Federal military forces shall not be used to quell civil disturbances or perform civilian law enforcement functions (e.g., search, seizure, arrest, and surveillance) unless specifically authorized by the President or the Secretary of Defense in accordance with applicable law (e.g., chapter 15 of title 10, U.S.C.).

(i) Only the Secretary of Defense, or a designated representative, may approve requests from civil authorities for defense assistance during civil disturbances; defense response to chemical, biological, radiological, nuclear, and/or high yield explosive events; defense assets when there is a potential for lethality (unless otherwise authorized in law or DoD policy); and potentially lethal support of civilian law enforcement agencies. Lethal support includes: loans of arms; vessels, or aircraft; or ammunition. It also includes:

all requests for assistance under section 382 of title 10 and section 831 of title 18, U.S.C.; all support to counterterrorism operations; and all support to law enforcement when there is a potential for confrontation between law enforcement and specifically identified civilian individuals or groups.

(j) Only the Secretary of Defense, or a designated representative, may authorize DoD Components to procure and maintain supplies, materiel, and/or equipment exclusively for providing DSCA.

(k) Programming and budgeting for DSCA shall be in accordance with existing laws, Department of Defense issuances, and Secretary of Defense authorization.

(l) Federal military forces employed for DSCA activities shall remain under Federal military command and control at all times.

(m) Special event support to non-governmental organizations is a DSCA activity.

§ 185.5 Responsibilities.

(a) The Under Secretary of Defense for Policy (USD(P)) shall facilitate the coordination of DoD policy governing DSCA with Federal Departments and Agencies, State agencies, and the DoD Components, as required.

(b) The Assistant Secretary of Defense for Homeland Defense and Americas' Security Affairs (ASD(HD&ASA)), under the authority, direction, and control of the USD(P) exercising policy oversight of homeland defense activities of the Department of Defense and performing other duties as directed by the Secretary of Defense shall:

Such matters shall be coordinated with the Chairman of the Joint Chiefs of Staff. In the absence of the ASD(HD&ASA), the Principal Deputy Assistant Secretary of Defense for Homeland Defense and Americas' Security Affairs may exercise the authority of the ASD(HD&ASA) to approve such requests. This authority may not be further delegated. The
