SUPPLEMENTARY INFORMATION:

Title: PPQ Form 816; Contract Pilot and Aircraft Acceptance.

OMB Number: 0579–0298.

Type of Request: Extension of approval of an information collection.

Abstract: The Plant Protection Act (7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture, either independently or in cooperation with States, to carry out operations or measures to detect, eradicate, suppress, control, prevent, or retard the spread of plant pests and noxious weeds that are new to or not widely distributed within the United States. This authority has been delegated to the Administrator, Animal and Plant Health Inspection Service (APHIS).

As part of this mission, the Plant Protection and Quarantine (PPQ) program, APHIS, responds to introductions of plant pests to eradicate, suppress, or contain them through various programs in cooperation with State departments of agriculture and other government agencies. These programs may include release through aerial application of treatments to control plant pests.

APHIS contracts for these services, and prior to any aerial applications, requests certain information from the contractor and/or contract pilots to ensure that the work will be done according to contract specifications. Among other things, APHIS asks to see aircraft registration, the aircraft's airworthiness certificate, the pilot's license, the pilot's medical certification, the pilot's proof of flight review, the pilot's pesticide applicator's license, and the aircraft logbook. APHIS transfers information from these documents to PPQ Form 816, which is then signed by the APHIS official collecting the information and the contractor or contract pilot, indicating acceptance of the pilot and aircraft for the job.

We are asking the Office of Management and Budget (OMB) to

approve our use of this information collection activity for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.25 hours per response.

Respondents: Contractors and/or pilots of aircraft.

Estimated annual number of respondents: 15.

Estimated annual number of responses per respondent: 1.

Estimated annual number of responses: 15.

Estimated total annual burden on respondents: 4 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 3rd day of December 2008.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

Food and Nutrition Service

Emergency Food Assistance Program; Availability of Foods for Fiscal Year 2009

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: This notice announces the surplus and purchased foods that the Department expects to make available for donation to States for use in providing nutrition assistance to the needy under the Emergency Food Assistance Program (TEFAP) in Fiscal Year (FY) 2009. The foods made available under this notice must, at the discretion of the State, be distributed to eligible recipient agencies for use in preparing meals and/or for distribution to households for home consumption.

DATES: *Effective Date:* October 1, 2008.

FOR FURTHER INFORMATION CONTACT:

Lillie Ragan, Assistant Branch Chief, Policy Branch, Food Distribution Division, Food and Nutrition Service, U.S. Department of Agriculture, 3101 Park Center Drive, Alexandria, Virginia 22302-1594 or telephone (703) 305-2662.

SUPPLEMENTARY INFORMATION:

In accordance with the provisions set forth in the Emergency Food Assistance Act of 1983 (EFAA), 7 U.S.C. 7501, *et seq.*, and the Food and Nutrition Act of 2008, 7 U.S.C. 2011, *et seq.*, the Department makes foods available to States for use in providing nutrition assistance to those in need through TEFAP. In accordance with section 214 of the EFAA, 2 U.S.C. 7515, 60 percent of each State's share of TEFAP foods is based on the number of people with incomes below the poverty level within the State and 40 percent on the number of unemployed persons within the State. State officials are responsible for establishing the network through which the foods will be used by eligible recipient agencies (ERAs) in providing nutrition assistance to those in need, and for allocating foods among those agencies. States have full discretion in determining the amount of foods that will be made available to ERAs for use in preparing meals and/or for distribution to households for home consumption.

The types of foods the Department expects to make available to States for distribution through TEFAP in FY 2009 are described below.

Surplus Foods

Surplus foods donated for distribution under TEFAP are Commodity Credit Corporation (CCC) foods purchased under the authority of section 416 of the Agricultural Act of 1949, 7 U.S.C. 1431 (section 416) and foods purchased under the surplus removal authority of section 32 of the Act of August 24, 1935, 7 U.S.C. 612c (section 32). The types of foods typically purchased under section 416 include dairy, grains, oils, and peanut products. The types of foods

purchased under section 32 include meat, poultry, fish, vegetables, dry beans, juices, and fruits.

In FY 2009, the Department anticipates that there will be sufficient quantities of fruit juices, peaches, chicken products, and cooked pork patties to support the distribution of these foods through TEFAP. Other surplus foods may be made available to TEFAP throughout the year. The Department would like to point out that food acquisitions are based on changing agricultural market conditions; therefore, the availability of foods is subject to change.

Approximately \$92.6 million in surplus foods acquired in FY 2008 are being delivered to States in FY 2009. These foods include dried cherries, fruit nut mix, dates, raisins, frozen peaches, apple slices, turkey hams, peanut butter, dried beans (great northern, blackeye, and pinto), ham, lamb chops and roasts, dehydrated potatoes, pork patties, and the following canned items: Applesauce, apricots, blackeye beans, carrots, chicken, green beans, juice (apple, cherry apple, grape, orange, tomato, and grapefruit), light kidney beans, pears, peas, plums, pork, potatoes, refried beans, salmon, spaghetti sauce, sweet potatoes, tomatoes, tomato sauce, and vegetarian beans.

Purchased Foods

In accordance with section 27 of the Food and Nutrition Act of 2008, 7 U.S.C. 2036, the Secretary is directed to purchase \$250 million worth of foods in FY 2009 for distribution through TEFAP. These foods are made available to States in addition to those surplus foods which otherwise might be provided to States for distribution under TEFAP.

For FY 2009, the Department anticipates purchasing the following foods for distribution through TEFAP: Dehydrated potatoes, frozen ground beef, frozen whole chicken, frozen ham, frozen turkey roast, blackeye beans, great northern beans, light kidney beans, lima beans, pinto beans, egg mix, large eggs, lowfat bakery mix, egg noodles, white and yellow corn grits, spaghetti, macaroni, oats, peanut butter, roasted peanuts, rice, whole grain rotini, vegetable oil, UHT fluid 1% milk, bran flakes, corn flakes, oat cereal, rice cereal, corn cereal, and corn and rice cereal; and the following canned items: Green beans, blackeye beans, low sodium kidney beans, refried beans, low sodium vegetarian beans, carrots, cream corn, whole kernel corn, peas, sliced potatoes, pumpkin, low sodium spaghetti sauce, spinach, sweet

potatoes, tomatoes, diced tomatoes, low sodium tomato sauce, mixed vegetables, reduced sodium tomato soup, reduced sodium vegetable soup, apple juice, cherry apple juice, grape juice, grapefruit juice, orange juice, tomato juice, apricots, applesauce, mixed fruit, freestone and cling peaches, pears, plums, beef, beef stew, chicken, pork, and tuna.

The amounts of each item purchased will depend on the prices the Department must pay, as well as the quantity of each item requested by the States. Changes in agricultural market conditions may result in the availability of additional types of foods or the non-availability of one or more types listed above.

Dated: December 2, 2008.

E. Enrique Gomez,

Acting Administrator, Food and Nutrition Service.
