

below mean lower low water to accommodate the LNG vessels; and

- Approximately 88 miles of 30-inch-diameter natural gas pipeline (approximately 48 miles in Maryland and 40 miles in Pennsylvania), a pig launcher and receiver facility at the beginning and ending of the pipeline, 10 mainline valves, and three meter and regulation stations, one at each of three interconnection sites at the end of the pipeline.

The Project would also include the vessel transit from the LNG vessel's entrance into U.S. territorial waters, through its transit to and from the LNG terminal at Sparrows Point.

The final EIS has been placed in the public files of the FERC and is available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference Room, 888 First Street, NE., Room 2A, Washington, DC 20426, (202) 502-8371.

Only volume 1 of the final EIS, containing text of the analysis, was printed in hard copy. Volume 2, containing additional appendices, was produced as .pdf files on a compact disk (CD) that can be read by a computer with a CD-ROM drive. A limited number of hard copies and CDs of the final EIS are available from the FERC's Public Reference Room, identified above. This final EIS is also available for public viewing on the FERC's Internet Web site at <http://www.ferc.gov>, via the eLibrary link.

Copies of this final EIS have been mailed to Federal, State, and local agencies; elected officials; Indian tribes and Native American organizations with an interest in the project area; interveners; regional environmental organizations and public interest groups; affected landowners; local libraries and newspapers; and other interested parties. Hard copies of volume 1 were mailed to those who specifically requested them, while all others on the mailing list were sent both volumes of the EIS on CDs.

Additional information about the project is available from the Commission's Office of External Affairs at 1-866-208-FERC (3372). The administrative public record for this proceeding to date is on the FERC Internet Web site (<http://www.ferc.gov>). Go to Documents & Filings and choose the eLibrary link. Under eLibrary, click on "General Search," and enter the docket number excluding the last three digits in the Docket Number field (e.g., CP07-62). Be sure you have selected an appropriate date range. [Docket No. RP08-648-000]

Shell Energy North America (US), L.P.; Notice of Filing

December 5, 2008.

Take notice that on July 21, 2008, Shell Energy North America (US), L.P. (Shell) filed a request for clarification that its negotiated rate agreement with Tennessee Gas Pipeline Company (Tennessee), which was accepted in Docket No. RP96-312-144, qualifies for a regulatory right of first refusal. Shell asserts that, as a firm shipper currently paying the maximum tariff rate under a long term negotiated rate agreement, it should qualify for the regulatory right of first refusal established by Commission policy.

Shell filed its request for clarification in Docket Nos. RP96-312-144 and RM98-10. However, the Commission is re-docketing Shell's request as Docket No. RP08-648-000. The Commission is also re-docketing all subsequent pleadings relating to this matter in Docket No. RP08-648-000, and will treat the persons filing those pleadings
