[Docket No. CP09-27-000]

Southern Natural Gas Company; Notice of Application

December 8, 2008.

Take notice that on November 26, 2008, Southern Natural Gas Company (Southern), 569 Brookwood Village, Suite 501, Birmingham, Alabama 35209, filed in the above referenced docket an application pursuant to section 7(b) of the Natural Gas Act (NGA) and part 157 of the Commission's regulations, for an order approving the abandonment of approximately 97 miles of pipe in various segments and appurtenant facilities located on Southern's North Main Loop Pipeline in Sharkey, Yazoo, Winston, Noxubee, and Lowndes Counties, Mississippi, and Pickens and Tuscaloosa Counties, Alabama, and abandonment of three small compressor units at Southern's Onward Compressor Station in Sharkey County, Mississippi. Southern also proposes to make certain modifications that will allow Southern to continue meeting its firm capacity requirements on the North Main Line and the North Main 2nd Loop Line, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions concerning this application may be directed to Patrick B. Pope, Vice President and General Counsel, Southern Natural Gas

Company, 569 Brookwood Village, Suite 501, Birmingham, Alabama 35209 at (205) 325-7126, or Patricia S. Francis, Senior Counsel, Southern Natural Gas Company, 569 Brookwood Village, Suite 501, Birmingham, Alabama 35209 at (205) 325-7696.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the

Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: December 29, 2008.

[Docket No. CP09-19-000]

Port Barre Investments, L.L.C. (d/b/a Bobcat Gas Storage); Notice of Intent To Prepare an Environmental Assessment for the Proposed Bobcat Gas Storage Project Expansion and Request for Comments on Environmental Issues

December 8, 2008.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the proposed Bobcat Gas Storage Project Expansion (Bobcat Expansion) involving construction and operation of additional natural gas storage caverns and pipeline facilities by Port Barre Investments, L.L.C. (d/b/a Bobcat Gas Storage (Bobcat)) in St. Landry Parish, Louisiana.¹ The EA will be used by the

¹ The Bobcat Gas Storage Project was authorized by the Commission on July 20, 2006 in Docket No. CP06-66-000, and amended on April 19, 2007 and March 4, 2008 in Docket Nos. CP06-66-001 and
