

(1) advise other Federal and State agencies and the public of our intention to conduct detailed planning on this refuge, and (2) obtain suggestions and information on the scope of topics to consider in the environmental document and during development of the CCP.

Background

The CCP Process

The National Wildlife Refuge System Improvement Act of 1997 (Improvement Act) (16 U.S.C. 668dd–668ee), which amended the National Wildlife Refuge System Administration Act of 1966, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System (NWRS), consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation and photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Improvement Act and NEPA.

We establish each unit of the NWRS for specific purposes. We use these purposes as the basis to develop and prioritize management goals and objectives for the refuge within the NWRS mission, and to determine how the public can use the refuge. The planning process is a way for us and the public to evaluate management goals and objectives for the best possible conservation approach to this important wildlife habitat, while providing for wildlife-dependent recreation opportunities that are compatible with the refuge's establishing purposes and the mission of the NWRS. Our CCP process provides opportunities for Tribal, State, and local governments; agencies; organizations; and the public to participate. At this time, we encourage the public to provide input in the form of issues, concerns, ideas, and suggestions for the future management of John Hay NWR.

We will conduct the environmental review of this environmental assessment in accordance with the requirements of NEPA, as amended (42 U.S.C. 4321 *et seq.*); NEPA regulations (40 CFR parts

1500–1508); other appropriate Federal laws and regulations; and our policies and procedures for compliance with those laws and regulations.

John Hay National Wildlife Refuge

John Hay NWR was the former summer estate of historic figure John Hay. It was donated to the Service in 1972 by Alice Hay to be used as a migratory bird and wildlife reservation. Currently, the refuge consists of approximately 80 acres on the shores of Lake Sunapee in Newbury, New Hampshire, and consists of upland northern forests, and undeveloped shoreline. These areas serve the habitat needs of waterfowl, wading birds, and raptors.

Scoping: Preliminary Issues, Concerns, and Opportunities

We have identified preliminary issues, concerns, and opportunities that we may address in the CCP. We have briefly summarized these issues below. During public scoping, we may identify additional issues.

Public use throughout the refuge will be reevaluated in relation to wildlife-dependent recreation and other mission compatible uses. These include an ADA-compliant interpretive nature trail, overlooks, and a trailhead at the Fells parking area. We will also explore different visitor use options for the refuge.

Access to the refuge from the adjacent Fells property needs to be coordinated in terms of the use of their parking area or the creation of a second parking area, and the establishment of a trailhead or other interpretive information on their property.

We need to address how the Service can create a more visible presence at the refuge and the adjacent Fells property. Potential avenues are through signs, kiosks, and seasonal staff.

Public Meetings

We will involve the public through open houses, informational and technical meetings, and written comments. We will release mailings, news releases, and announcements to provide information about opportunities for public involvement in the planning process. You can obtain the schedule from the planning team leader or project leader (see **ADDRESSES**). You may also submit comments anytime during the planning process by mail, electronic mail, or fax (see **ADDRESSES**). There will be additional opportunities to provide public input once we have prepared a draft CCP.

We anticipate that public meetings will be held in Newbury, New

Hampshire. For specific information including dates, times, and locations, contact the project leader (see **ADDRESSES**) or visit our Web site at <http://www.fws.gov/northeast/johnhay>.

Public Availability of Comments

Our practice is to make comments, including names, home addresses, home phone numbers, and electronic mail addresses of respondents available for public review. Individual respondents may request that we withhold their names and/or home addresses, etc., but if you wish us to consider withholding this information, you must state this prominently at the beginning of your comments. In addition, you must present a rationale for withholding this information. This rationale must demonstrate that disclosure would constitute a clearly unwarranted invasion of privacy. Unsupported assertions will not meet this burden. In the absence of exceptional, documentable circumstances, this information will be released. We will always make submissions from organizations or businesses, and from individuals identifying themselves as representatives of or officials of organizations or businesses, available for public inspection in their entirety.

Proposed Wind Energy Project, Searchlight, NV

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent to prepare an environmental impact statement (EIS).

SUMMARY: In compliance with the National Environmental Policy Act (NEPA) of 1969, 42 U.S.C. 4321 *et seq.*, the Bureau of Land Management (BLM), Las Vegas Field Office will prepare an EIS for a wind energy project located on public lands in Clark County, Nevada.

DATES: This notice initiates the public scoping process. Comments on issues may be submitted in writing until February 17, 2009. Any scoping meetings will be announced 15 days in advance through local news media and

the BLM Web site at: <http://www.nv.blm.gov/vegas/default.html>.

ADDRESSES: Submit comments related to the project by any of the following methods:

- E-mail: mchandle@nv.blm.gov
- Fax: (702) 515-5064 (attention Mark Chandler)
- Mail: BLM Las Vegas Field Office, 4701 North Torrey Pines Drive, Las Vegas, NV 89130-2301

Documents pertinent to this project may be examined at the Las Vegas Field Office. Additional opportunities for public participation will be provided on publication of the draft EIS.

FOR FURTHER INFORMATION CONTACT: For further information and/or to have your name added to the mailing list, call Mark Chandler, (702) 515-5064; or e-mail mchandle@nv.blm.gov.

SUPPLEMENTARY INFORMATION: Searchlight Wind Energy, LLC, has submitted an application for the construction, operation, maintenance, and termination of a wind energy generation site. The proposed project would consist of 156 wind turbine generators and related rights-of-way appurtenances, including a substation administered by the Western Area Power Administration east of Searchlight, Nevada. The proposed wind energy project would produce approximately 359 megawatts of electricity. The proposed project site will be located on approximately 24,383 acres of public lands surrounding the town of Searchlight, Nevada.

Issues that are anticipated to be addressed in this EIS include visual impacts, avian impacts, socioeconomic impacts, electrical transmission capacity, and cumulative impacts.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Federal, State, and local agencies, as well as individuals or organizations that may be interested in or affected by the BLM's decision on this project are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate as a cooperating agency.

Authority: 43 CFR 2800.

Dated: December 4, 2008.
