BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket No. FEMA-B-7795]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule; correction.

SUMMARY: On July 23, 2008, FEMA published in the **Federal Register** a proposed rule that contained an erroneous table. This notice provides corrections to that table, to be used in lieu of the information published at FR

Doc. E8-16811. The table provided here represents the flooding source, location of referenced elevation, effective and modified elevation, and communities affected for Surry County, North Carolina. Specifically, it addresses Ararat River.

FOR FURTHER INFORMATION CONTACT:

William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151 or (e-mail) *bill.blanton@dhs.gov*.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) publishes proposed determinations of Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs for communities participating in the National Flood Insurance Program (NFIP), in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more

stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

Correction

In the proposed rule published at FR Doc. E8-16811 in the July 23, 2008, issue of the **Federal Register**, FEMA published a table under the authority of 44 CFR 67.4. The table, entitled "Surry County, North Carolina, and Incorporated Areas" addressed Ararat River. That table contained inaccurate information as to the location of referenced elevation, effective and modified elevation in feet, or communities affected for these flooding sources. In this notice, FEMA is publishing a table containing the accurate information, to address these prior errors. The information provided below should be used in lieu of that previously published.

Flooding source(s)	Location of referenced elevation	* Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground		Communities affected
		Effective	Modified	
Surry County, North Carolina and Incorporated Areas				
Ararat River	At the confluence with Yadkin River	None	+803	Unincorporated Areas of Surry County, City of Mount Airy.
	Approximately 1,500 feet upstream of Riverside Drive (State Road 104).	None	+1,094	

Dated: December 5, 2008.

Michael K. Buckley,

Acting Assistant Administrator, Mitigation Directorate, Department of Homeland Security, Federal Emergency Management Agency.

The Commission received motions for extension of time to file reply comments in these proceedings (see 73 FR 66821, Nov. 12, 2008) from the National Association of State Utility Consumer Advocates (NASUCA) and the Rural Cellular Association (RCA). Although it is the policy of the Commission that motions for extension of time shall not be routinely granted, given the volume of comments to which parties are responding, the complexity of the issues involved, and the intervening holidays, the Commission finds that good cause exists to provide all parties an extension of time from December 3, 2008 to December 22, 2008 for filing reply comments in these proceedings.

Accordingly, *it is ordered that*, pursuant to Sections 4(i), 4(j), and 5(c) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), 154(j), 155(c) and Sections 0.91, 0.291, and 1.46 of the Commission's rules, 47 CFR 0.91, 0.291, 1.46, reply comments in these

proceedings shall be filed on or before December 22, 2008.

It is further ordered that the Motion for Extension of Time for Reply Comments by the National Association of State Utility Consumer Advocates and the Motion for Extension of Time filed by the Rural Cellular Association *are granted*.
