SUPPLEMENTARY INFORMATION:

I. Background

Pursuant to the savings clause in the Homeland Security Act of 2002, Public Law 107-296, section 1512, 116 Stat. 2310 (November 25, 2002), the Department of Homeland Security (DHS) and its components and offices have relied on preexisting Privacy Act systems of records notices for the collection and maintenance of records that concern the Coast Guard Exchange System (CGES), and Morale, Well-being and Recreation (MWR) Program.

As part of its efforts to streamline and consolidate its record systems, DHS is updating and reissuing a USCG system of records under the Privacy Act (5 U.S.C. 552a) that deals with the CGES and MWR Program. CGES and MWR programs are nonpay compensation programs that provide for the mission readiness and retention of military personnel, their families, and other eligible patron groups. CGES provides high quality goods and services at price savings to its patrons with a return to support MWR programs. MWR offers a wide range of programs, facilities, and services such as fitness centers, picnic areas, child development centers, food and beverage operations, and golf courses to name a few. A complete list of MWR activities may be found in the Coast Guard Morale, Well-Being, and Recreation Manual, COMDTINST M1710.13 (series). This record system will allow DHS/USCG to collect and preserve the records regarding the CGES and MWR Program. The collection and maintenance of this information will assist DHS/USCG in meeting its obligation to administer the CGES and MWR Program.

In accordance with the Privacy Act of 1974 and as part of DHS's ongoing effort to review and update legacy system of records notices, DHS is giving notice that it proposes to update and reissue the following legacy record system DOT/CG 535 Coast Guard Exchange System (CGES) and Morale, Welfare and Recreation (MWR) System (65 FR 19475 April 11, 2000) as a DHS/USCG system of records notice titled, Coast Guard Exchange System (CGES) and Morale, Well-being and Recreation (MWR) Program. Categories of individuals and categories of records have been

reviewed, and the routine uses of this legacy system of records notice have been updated to better reflect the Department of Homeland Security and the United States Coast Guard's CGES and MWR Program record system. This new system will be included in the Department of Homeland Security's inventory of record systems.

II. Privacy Act

The Privacy Act embodies fair information principles in a statutory framework governing the means by which the United States Government collects, maintains, uses, and disseminates individuals' records. The Privacy Act applies to information that is maintained in a "system of records." A "system of records" is a group of any records under the control of an agency for which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined to encompass United States citizens and lawful permanent residents. As a matter of policy, DHS extends administrative Privacy Act protections to all individuals where systems of records maintain information on U.S. citizens, lawful permanent residents, and visitors. Individuals may request access to their own records that are maintained in a system of records in the possession or under the control of DHS by complying with DHS Privacy Act regulations, 6 CFR part 5.

The Privacy Act requires each agency to publish in the **Federal Register** a description denoting the type and character of each system of records that the agency maintains, and the routine uses that are contained in each system in order to make agency record keeping practices transparent, to notify individuals regarding the uses to which their records are put, and to assist individuals to more easily find such files within the agency. Below is the description of the CGES and MWR Program System of Records.
